Texts Of Terror Literary Feminist Readings Of Biblical Narratives:

Texts of Terror (40th Anniversary Edition) Phyllis Trible, 2022-04-05 In this seminal work of biblical scholarship Phyllis Trible focuses on four variations on the theme of terror in the Bible as she reinterprets the stories of four women in ancient Israel Trible shows how these neglected stories interpreted in memoriam challenge both the misogyny of Scripture and its use in church synagogue and academy

Queer Readings of the Centurion at Capernaum Christopher B. Zeichmann, 2022-10-28 The first ever monograph on the history of queer biblical interpretation of a controversial biblical passage Since the 1950s homoerotic readings of the pericope in which Jesus heals a Roman centurion's slave have been built upon three of the account's features the specific Greek word *pais* which can refer to youth slave or the junior partner in a sexual relationship between two men Luke's characterization of the young man as *dear entimos* to the centurion and commonplace homoeroticism in the Roman army Rather than affirming or denying the historical reality of a sexual relationship between the centurion and the young man Christopher B Zeichmann instead traces the shifting patterns of queer readings of the text and the influences of the sexual political and theological discourses of late twentieth and early twenty first century Europe the United States and Australia Readers will see how distinct political contexts have led interpreters to find very different meanings about the sexual subtexts of this story

A Dictionary of Biblical Tradition in English Literature David Lyle Jeffrey, 1992 Over 15 years in the making an unprecedented one volume reference work Many of today's students and teachers of literature lacking a familiarity with the Bible are largely ignorant of how Biblical tradition has influenced and infused English literature through the centuries An invaluable research tool Contains nearly 800 encyclopedic articles written by a distinguished international roster of 190 contributors Three detailed annotated bibliographies Cross references throughout

Mothers on the Margin? E. Anne Clements, 2014-05-01 The Gospel of Matthew opens with a patrilineal genealogy of Jesus that intriguingly includes five women Tamar Rahab Ruth she of Uriah and Mary In a gospel that has a strongly Jewish and male orientated outlook why are women incorporated In particular why include these four Old Testament women alongside Mary Rejecting traditional as well as feminist views Anne Clements undertakes a close literary reading of the narratives to discern how each woman is characterized and presented All are significant scriptural figures on the margins of Israelite society From this intertextual world established by Matthew Clements explores why Matthew may have named these women in the opening genealogy and what implications their inclusion may have for the ongoing gospel narrative *Mothers on the Margin* argues that Matthew's Gospel contains a counter narrative focused on women The presence of the five women in the genealogy indicates that the birth of the Messiah will bring about a crisis in Israel's identity in terms of ethnicity marginality and gender The women signal that Matthew's Gospel is concerned with the construal of a new identity for the people of God

The State of Jewish Studies Jewish Theological Seminary of America, 1990 Contributors describe the key points of controversy and concern that currently engage scholars in most areas of Judaic research

Respondents discuss the contributors views marking out areas of disagreement and delineating avenues for further research and debate Annotation copyrighted by Book News Inc Portland OR *Daughters in the Hebrew Bible* Kimberly D. Russaw,2018-03-15 While the expectations and circumstances of women s lives in ancient Israel have received considerable attention in recent scholarship to date little attention has been focused on the role of daughters in Hebrew narrative that is of yet unmarried female members of the household who are not yet mothers Kimberly D Russaw argues that daughters are more than foils for the males fathers brothers etc in biblical narratives and that they often use particular tactics to navigate antagonistic systems of power in their worlds Institutions and power structures favor the patriarch sons inherit such privileges and benefits and wives and mothers are ascribed special status because they ensure the patrilineal legacy by birthing sons but daughters do not receive such social favor or standing Instead of privileging daughters systems and institutions control their bodies restrict their access and constrict their movement Combining philological data social science models and cross cultural comparisons Russaw examines the systems that constrict biblical daughters in their worlds and the strategies they employ when hostile social forces threaten their well being Why Jephthah's Daughter Weeps Margaret Murray Talbot,2022-02-28 Why does Jephthah s daughter weep Readers have creatively imagined the causes of her tears as she weeps upon her betulim usually translated virginity or maidenhood But her menstrual cycle s relation to these terms is rarely mentioned A child oriented theoretical and methodological foundation and research with post menarcheal girls provide new answers to oft raised questions about Bat Yiphtach s weeping and her agency Through an in depth philological review and a focus on the excluded middle of the child adult binary this translation and interpretation of the story contribute to the field of childhood studies and shows that menarche and menstruation play a larger role in the narrative than readers have realized *Stories from the Street* David Nixon,2016-04-01 *Stories from the Street* is a theological exploration of interviews with men and women who had experienced homelessness at some stage in their lives Framed within a theology of story and a theology of liberation Nixon suggests that story is not only a vehicle for creating human transformation but it is one of God s chosen means of effecting change Short biographies of twelve characters are examined under themes including crises in health and relationships self harm and suicide anger and pain God and the Bible Expanding the existing literature of contextual theology this book provides an alternative focus to a church shaped mission by advocating with and for a very marginal group suggesting that their experiences have much to teach the church Churches are perceived as being active in terms of pastoral work but reluctant to ask more profound questions about why homelessness exists at all A theology of homelessness suggests not just a God of the homeless but a homeless God who shares stories and provides hope Engaging with contemporary political and cultural debates about poverty housing and public spending Nixon presents a unique theological exploration of homeless people suffering hope and the human condition Make the Old Testament Live Richard S. Hess,Gordon J. Wenham,1998 Written by educators from five continents this book offers fresh perspectives on teaching

the old Testament today and addresses problems of Curriculum context and communication *T&T Clark Handbook of Anthropology and the Hebrew Bible* Emanuel Pfoh, 2022-12-15 This handbook presents an overview of the main approaches from social and cultural anthropology to the Hebrew Bible Since the late 19th century biblical scholarship has addressed issues and themes related to biblical stories from a perspective which could now be considered socio anthropological It is however only since the 1960s that biblical scholars have started to produce readings and incorporate analytical models drawn directly from social anthropology to widen the interpretive scope of the social and historical data contained in the biblical sources The handbook is arranged into two main thematic parts Part 1 assesses the place of the Bible in social anthropology examines the contribution of ethnoarchaeology to the recovery of the social world of Iron Age Palestine and offers insights from the anthropology of the Mediterranean for the interpretation of the biblical stories Part 2 provides a series of case studies on anthropological themes arising in the Hebrew Bible These include kinship and social organisation death cultural and collective memory and ritualism Contributors also examine how the biblical stories reveal dynamics of power and authority gender and honour and shame and how socio anthropological approaches can reveal these narratives and deepen our knowledge of the human societies and cultural context of the texts Bringing together the expertise of scholars of the Hebrew Bible and Biblical Archaeology this ethnographic introduction prompts new questions into our understanding of anthropology and the Bible
