Thai Buddhas:

The Buddha in Lanna Angela S. Chiu, 2017-03-31 For centuries wherever Thai Buddhists have made their homes statues of the Buddha have provided striking testament to the role of Buddhism in the lives of the people The Buddha in Lanna offers the first in depth historical study of the Thai tradition of donation of Buddha statues Drawing on palm leaf manuscripts and inscriptions many never previously translated into English the book reveals the key roles that Thai Buddha images have played in the social and economic worlds of their makers and devotees from the fifteenth to twentieth centuries Author Angela Chiu introduces stories from chronicles histories and legends written by monks in Lanna a region centered in today's northern Thailand By examining the stories themes structures and motifs she illuminates the complex conceptual and material aspects of Buddha images that influenced their functions in Lanna society Buddha images were depicted as social agents and mediators the focal points of pan regional political religious lineages and rivalries indeed as the very generators of history itself In the chronicles Buddha images also unified the Buddha with the northern Thai landscape thereby integrating Buddhist and local conceptions of place By comparing Thai Buddha statues with other representations of the Buddha the author underscores the contribution of the Thai evidence to a broader understanding of how different types of Buddha representations were understood to mediate the presence of the Buddha The Buddha in Lanna focuses on the Thai Buddha image as a part of the wider society and history of its creators and worshippers beyond monastery walls shedding much needed light on the Buddha image in history With its impressive range of primary sources this book will appeal to students and scholars of Buddhism and Buddhist art history Thai studies and Southeast Asian religious studies Buddhist Sculpture of Northern Thailand Carol Stratton, 2004

One Hundred Buddhas Satyapal Anand, 2011-11-30 Culled from Buddhas own sermons rare books and manuscripts describing his life and times this compendium of poetic monologues and dialogues is probably the only one in English that presents salient features of Buddhism of various shades Satyapal Anand claims to be of the progeny of Anand the senior most disciple and confidante of Buddha Poetry and religion mix wonderfully and Anands poems touch subjects such as ahimsa nonviolence sex meat eating and self defense Some of the conventional view have been challenged and laid bare by Buddhas own words Anands claim to authenticity is his poetic truth that he considers more reliable than mere books These poems were first published in Urdu and were hailed as the first ever endeavor to present Buddhas teaching through the modern poetic idiom To render topics like sex desire in young monks and meat eating if it was given as bhiksha alms were indeed controversial but more so were Buddhas own lapses Does he still feel lust for the other sex asks Anand and he replies in affirmative Doesnt he have a guilty conscience in abandoning his wife and child asks Anand and Buddhas answer is still aye but he defends it too Is he going to get nirvana freedom from the birth cycle after this life His answer is in the negative He visualizes that he would be born as Jesus in his next birth and get nirvana only after he is crucified So are some of his answers on the existence of God hell or heaven and whether or not this earth itself is

Fickle,1989 Asking first Who was the Buddha this concise yet complete study explores Buddhas s evolution from a historical teacher to a supernatural universal emperor Fickle examines the features shared by all images of the Buddha especially the images found in Thailand and carefully delineates the historical influences on each style A generous sampling of superb black and white and color illustrations further illuminate the beauty and variety of Thailand s Buddha images *Becoming the Buddha* Donald K. Swearer,2020-07-21 Becoming the Buddha is the first book length study of a key ritual of Buddhist practice in Asia the consecration of a Buddha image or new Buddha a ceremony by which the Buddha becomes present or alive Through a richly detailed accessible exploration of this ritual in northern Thailand an exploration that stands apart from standard text based or anthropological approaches Donald Swearer makes a major contribution to our understanding of the Buddha image its role in Buddhist devotional life and its relationship to the veneration of Buddha relics Blending ethnography analysis and Buddhist texts related to this mimetic reenactment of the

night of the Buddha's enlightenment he demonstrates that the image becomes the Buddha's surrogate by being invested with the Buddha's story and charged with the extraordinary power of Buddhahood. The process by which this transformation occurs through chant, sermon, meditation and the presence of charismatic monks is at the heart of this book. Known as opening the eyes of the Buddha image consecration traditions throughout Buddhist Asia, share much in common. Within the cultural context of northern Thailand, *Becoming the Buddha* illuminates scriptural accounts of the making of the first Buddha image, looks at debates over the ritual's historical origin, at Buddhological insights achieved and at the hermeneutics of absence and presence and provides a thematic comparison of several Buddhist traditions.

The Art of Buddhism Denise Patry Leidy, 2009-10-06

As its teachings spread from the Indian subcontinent in all directions across Asia, Buddhism influenced every culture it touched, from Afghanistan to Korea, from Mongolia to Java. Buddhist art is a radiant reflection of the encounter of the Buddha's teachings with the diverse civilizations that came under their sway. It is also an intriguing visual record of the evolution of Buddhist practice and philosophy over a period of more than two millennia. More than two hundred photographs provide the visual context for this tour of the world of Buddhist art. Included in the rich variety of forms are architecture and monumental art, statuary, paintings, calligraphy, fresco, brushwork and textile arts. Denise Leidy's guide is the perfect introductory text for all those intrigued by this splendid aesthetic tradition. It also an essential resource for all who seek to understand Buddhist art as teaching.
