EYE CONTACT - the Mysterious Death in 2000 in Maine of Kassidy Bortner and the Wrongful Conviction of Chad Evans in New Hampshire Morrison Bonpasse,2011-08-17

Chad Emery Evans was wrongfully convicted in December 2001 in New Hampshire of the murder of Kassidy Bortner the 21 month old daughter of his girlfriend Amanda Bortner The causes of her death and her injuries are mysterious and disputed but Chad was convicted of second degree murder On June 2 2000 Chad met Amanda and their relationship grew rapidly By early July Amanda and Chad were living together Chad s three year old son Kyle also lived in the home several days a week

through shared custody with Chad's former wife. On the morning of November 9, 2000, Amanda took Cassidy to the Kittery, Maine home of her sister Jennifer Bortner and her sister's boyfriend Jefferey Marshall for babysitting for the day. Cassidy had a new bruise on one eye due to an accident the previous night when Chad was giving Kyle some batting practice with a brown plastic bat in Kyle's bedroom just before bedtime. While wiffle balls were usually used for such fun, the ball that Kyle hit into Cassidy's eye was a Tee ball. The resulting bruise to Cassidy's left eye was the latest of a series of bruises which had been observed by many people during the fall of 2000. In a time of growing sensitivity to child abuse, most of the responsible adults close to Cassidy chose to believe that the bruises and injuries were unfortunate accidents and that they didn't require medical care right away. The life-threatening severity of the injuries was not known or suspected by anyone. Tragically, those adults including Chad Evans were unaware that there was something very wrong with Cassidy because of the accidents or perhaps because of a chronic condition, disease, or toxin. Chad Evans never spanked nor hit Cassidy Bortner. He loved and cared for her. Shortly after Noon on the 9th, Jeff Marshall checked on Cassidy and recognized that she was in trouble and seemingly lifeless, and he made several phone calls for help. The EMTs and Kittery Police arrived quickly, but Cassidy was dead when they arrived. As the man living with Cassidy's mother, Amanda Bortner, Chad Evans was an initial suspect. By the time of Chad's 7:10 p.m. interview with the police and within about seven hours of Cassidy's death, the police were focused entirely on Chad and worked thereafter to build the case against him. At his December 2001 trial, Chad took his attorneys' advice not to testify, and his attorneys decided to call only one defense witness. They called the nationally renowned forensic pathologist Dr. Michael Baden, as they thought his testimony was sufficient to establish the reasonable doubt needed for a not guilty verdict. However, their assessment was wrong, and the jury found Chad guilty of most of the charges. In November 2002, Amanda Bortner was tried and found guilty of two counts of child endangerment and sentenced to two years in jail. In 2011, Chad Evans began his tenth year in the New Hampshire State Prison for crimes he didn't commit. He passed a lie detector test given in July 2010. In September 2010, a report was discovered of a DNA test conducted by the Maine State police in March 2001. The test on blood found underneath all ten of Cassidy Bortner's fingernails showed that the blood belonged to Cassidy. The DNA test on the substance on a paper towel found where Cassidy was sitting on the day she died showed saliva that belonged to a male. Prior to Chad's trial, the existence of the blood was in a report available to his defense lawyers, but it was not mentioned by anyone on either side at the trial. The DNA test and report was never disclosed to the defense. Also not disclosed was information about Cassidy's medical appointments in August and September 2000. The jury also did not know about a family gathering four days before Cassidy died, where only one bruise was seen on her right cheek. Eye Contact tells the story of the wrongful convictions of Chad and Amanda and the campaign for exoneration.

Thats What Amanda Said Introduction

In today's digital age, the availability of Thats What Amanda Said books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Thats What Amanda Said books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Thats What Amanda Said books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Thats What Amanda Said versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Thats What Amanda Said books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Thats What Amanda Said books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Thats What Amanda Said books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain

books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Thats What Amanda Said books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Thats What Amanda Said books and manuals for download and embark on your journey of knowledge?
