Thats What Happened To Me:

This Is What Happened to Me Duet Brinson,2020-06-18 Duet Brinson wrote This Is What Happened to Me to answer people s questions when they see him People often ask What happened to you when they see his upper body that is covered in several keloid formations When Duet explained what happened he is often met with looks of disbelief and with people thinking he is crazy Some doctors said that they don t believe what Duet said But Duet maintains It is the truth so help me God Duet wants the people of the United States to know what happened to him after completing the superior job of burning missile compartments out of navy submarines at the Puget Sound Naval Shipyard Duet was the first person to have the experience of completing this job The job had to be completed within the agreed upon three month time span Duet explains how this job has had numerous health related repercussions not only for him but also for his family Things That Bother Me Galen Strawson,2018-03-13 An original collection of lauded philosopher Galen Strawson s writings on the self and consciousness naturalism and pan psychism Galen Strawson might be described as the Montaigne of modern philosophers endlessly curious enormously erudite unafraid of strange difficult and provocative propositions and able to describe them clearly in other words he is a true essayist Strawson also shares with Montaigne a particular fascination with the elastic and elusive nature of the self and of consciousness Of the essays collected here A Fallacy of Our Age an inspiration for Vendela Vida s novel Let the Northern Lights Erase Your Name takes issue with the commencement address clich that life is a story Strawson questions whether it is desirable or even meaningful to think about life that way The Sense of the Self offers an alternative account in part personal of how a distinct sense of self is not at all incompatible with a sense of the self as discontinuous leading Strawson to a position that he sees as in some ways Buddhist Real Naturalism argues that a fully naturalist account of consciousness supports a belief in the immanence of consciousness in nature as a whole also known as panpsychism while in the final essay Strawson offers a vivid account of coming of age in the 1960s Drawing on literature and life as much as on philosophy this is a book that prompts both argument and wonder *A Life Sold - What ever happened to that guy who sold his whole life on eBay?* Ian Usher,1901 What on earth would make someone decide to put their whole life up for sale on eBay When Ian Usher decided that it was time to leave the past behind and move on to the next chapter of his life that is exactly what he did The results were surprising entertaining and challenging However the auction was only the beginning of the adventure What does someone do when they have sold their life Well just about anything they like really Armed with a list of 100 lifetime goals and a self imposed timeframe of 100 weeks Ian embarked on what could truly be described as the journey of a lifetime a global adventure spanning six continents two years and almost every emotion From the amazing highs of achievement happiness and love to the terrible lows of disappointment loneliness and despair come along and enjoy the rollercoaster ride of life as experienced by one traveller who is simply looking for a new start *Rattlin, the Reefer.
