Maxwell , Written by Sapiens Editorial Sapiens Editorial, 2018-06-15 ABOUT THE ORIGINAL BOOK The role of teams in the current business and technical environment has become more vital than ever before Individual efforts are still important but the relative complexity of technology and global markets has made teamwork paramount The roles of teams and multiple teams working together are a defining feature of successful modern ventures Individuals work has been minimized and the integration of people s skills abilities and competencies is an essential to achieve goals and maintain ongoing success Given this reality every leader of any organization has the difficult task of forming these successful teams and ensuring that they

gel and develop This is a more complicated task than simply identifying good people who can work on their own The human condition is complex and many people do not show the open and collaborative attitudes necessary for a team to work so the intervention of the leader becomes more essential In this work John C Maxwell defines 17 laws that every leader should have in mind to form good teams He tried to demystify these tasks through his list and unravel what can be a daunting task This book is not only for the leaders but also for the team members no matter which organization they belong to Whether it is a business manager or an employee a coach or player a teacher or a student a child or a parent if you apply these laws and concepts the long term success of the organization team or business can be ensured With his characteristic style mixture of anecdotes life stories and advice the author has made The 17 unquestionable laws of teamwork a success in sales ABOUT SAPIENS EDITORIAL Books are mentors Books can guide what we do and our lives Many of us love books while reading them and maybe they will echo with us a few weeks after but 2 years later we cant remember if we have read it or not And thats a shame We remember that at that time the book meant a lot to us Why is it that 2 years later we have forgotten everything Thats not good This summary is taken from the most important themes of the original book Most people dont like books People just want to know what the book says they have to do If you trust the source you dont need the arguments So much of a book is arguing its points but often you dont need the argument if you trust the source you can just get the point This summary takes the effort to distill the blahs into themes for the people who are just not going to read the whole book All this information is in the original book *The 17 Indisputable Laws of Teamwork (Summary)* John C. Maxwell, 2006 getAbstract Summary Get the key points from this book in less than 10 minutes Building on the successful formula of his earlier work author John C Maxwell The 21 Irrefutable Laws of Leadership has delineated 17 laws for managers who want to develop successful teams That number may be arbitrary but Maxwell successfully uses his laws as a springboard to weave together inspiring tales from Navy Seals mountain climbers Colin Powell George Washington Jimmy Carter major league coaches and others into punchy chapters that any aspiring leader can use This book provides the right mix of factoids inspiration and leadership pointers to make it a bestseller Even better coaches and leaders who use these tips should be able to build better teams getAbstract recommends this book to coaches mentors and team leaders Book Publisher Nelson Publishers
