The Abiding City:

In Search of the Abiding City Ranjbar, Golrang, This research investigates how the urban landscape of Tehran shapes the narratives of Iranian female authors highlighting the intricate connections between gender identity and spatial dynamics This study focuses on Tehran to provide a deeper understanding of its role as Iran s political and cultural center By examining four key novels *Negaran nabash* by Mahsa Moheb ali Ehtemalan *gom shodeh am* by Sara Salar Natamami by Zahra Abdi and *Az sheytan amukht va suzand* by Farkhondeh Aqa i this research addresses a significant gap in Iranian scholarship concerning the depiction of urban environments in works by female writers Applying theoretical frameworks such as the concepts of the fl neuse the Right to the City and identity formation through narrative space the research illustrates how the urban context profoundly impacts the experiences of female characters The findings reveal that while Tehran presents numerous challenges and gender based obstacles it also serves as a vital arena for women to express their identities and resist traditional societal constraints This duality creates a complex relationship between female characters and their urban environment characterized by both confinement and empowerment Ultimately this study provides new insights into the gendered experiences in Iranian urban literature revealing how female authors navigate and express both their challenges and sense of agency within Tehran s shifting sociopolitical landscape **Oxford Poetry** Gilbert

Luminescence, Volume 2 C. K. Barrett, Fred Barrett, 2017-08-09 What is found in this series unveils an entirely different side of C K Barrett a side one might never have known about if one had knowledge only of his famous commentaries and monographs Herein lies a goodly selection of Kingsley s sermons preached largely in small and medium sized Methodist churches in the Northeast of England though often elsewhere in England and around the world Fred Barrett was not the scholar his son was but on close inspection one can most definitely see the impact of the father on the son when it came to preaching It seems right to include as many sermons from both of these men as we can in this series One thing sorely lacking in much preaching these days is in depth engagement with both the biblical text and one s tradition and theology The sermons in these volumes demonstrate what such preaching can look like While the first volume presented sermons on the Gospels and Acts this second volume covers the rest of the New Testament and extensive portions of the Old Testament
