West Texas Showdown J.R. Roberts, Clint Adams is just passing through Lubbock and he just wants to wash the trail dust out of his throat at the local saloon But before he gets the chance he s caught smack dab in the middle of a vicious bushwhacking One of the biggest ranchers in West Texas is stringing barbed wire around his spread and that makes for some serious enemies And now that Clint s looking out for him half the guns in the county are drawing a bead on the Gunsmith

Ambush Moon J. R. Roberts,1994 After a stretch of hard riding Clint Adams reckons he better settle down for a while And there s no better place than Butte City Colorado where he can get an eyeful of the pretty mountains and prettier women But when his new lady friend is killed Clint goes after a cold blooded murderer

Lock, Stock, and Barrel Clayton E. Cramer,2018-02-21 This provocative book debunks the myth that

American gun culture was intentionally created by gun makers and demonstrates that gun ownership and use have been a core part of American society since our colonial origins Revisionist historians argue that American gun culture and manufacturing are relatively recent developments They further claim that widespread gun violence was largely absent from early American history because guns of all types and especially handguns were rare before 1848 According to these revisionists American gun culture was the creation of the first mass production gun manufacturers who used clever marketing to sell guns to people who neither wanted nor needed them However as proven in this first scholarly history of gun culture in early America gun ownership and use have in fact been central to American society from its very beginnings Lock Stock and Barrel The Origins of American Gun Culture shows that gunsmithing and gun manufacturing were important parts of the economies of the colonies and the early republic and explains how the American gun industry helped to create our modern world of precision mass production and high wages for workers Field & Stream ,1987-09 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations *Safari* ,2008 *Hobbies* ,1953-12 Corpus Juris William Mack,William Benjamin Hale,1934 **San Jose City Directory Including Santa Clara, San Mateo, Santa Cruz, San Benito and Monterey Counties** ,1892 *Vocational & Technical Schools West* Peterson's,2009-12-10 More than 2 300 vocational schools west of the Mississippi River Cover **United States Civil Aircraft Register** ,1974 **Tumult And Silence At Second Creek** Winthrop D. Jordan,1996-01-01 In the war fevered spring and summer of 1861 a group of slaves in Adams County Mississippi conspired to gain their freedom by overthrowing and murdering their white masters The conspiracy was discovered the plotters were arrested and tried and at least forty slaves in and around Natchez were hanged By November the affair was over and the planters of the district united to conceal the event behind a veil of silence In 1971 Winthrop D Jordan came upon the central document previously unanalyzed by modern scholars upon which this extraordinary book is based a record of the testimony of some of the accused slaves as they were interrogated by a committee of planters determined to ferret out what was going on This discovery led him on a twenty year search for additional information about the aborted rebellion Because no official report or even newspaper account of the plot existed the search for evidence became a feat of historical detection Jordan gathered information from every possible source the private letters and diaries of members of the families involved in suppressing the conspiracy and of people who recorded the rumors that swept the Natchez area in the unsettled months following the beginning of the war letters from Confederate soldiers concerned about the events back home the journal of a Union officer who heard of the plot records of the postwar Southern Claims Commission census documents plantation papers even gravestones What has emerged from this odyssey of research is a brilliantly written re creation of one of the last slave conspiracies in the United States It is also a revealing portrait of the Natchez region at the very beginning of the CivilWar when Adams County was one of the wealthiest

communities in the nation and a few powerful families interconnected by marriage and business controlled not only a large black population but the poorer whites as well. In piecing together the fragments of extant information about the conspiracy, Jordan has produced a vivid picture of the plantation slave community in southwestern Mississippi in 1861: its composition and distribution, the degree of mobility permitted slaves, the ways information was passed around slave quarters and from plantation to plantation, the possibilities for communication with town slaves, free blacks, and white abolitionists. Jordan also explores the treatment of blacks by their owners, the kinds of resentments the slaves harbored, the sacrifices they were willing to make to protect or avenge abused family members, and the various ways in which they viewed freedom. *Tumult and Silence at Second Creek* is a major work by one of the most distinguished scholars of slavery and race relations. Winthrop D. Jordan's study of the slave society of the Natchez area at the onset of the Civil War is a landmark contribution to the field. More than that, his exhaustive and resourceful search for documentation and his careful analysis of sources make the study an extended and innovative essay on the nature of historical evidence and inference.
