

Handbook of Jewish thought

There are a number of other things that the teaching of business should emphasize. It is increasingly important to know how to get along with other people in the business world. This is especially true in the case of the small business owner who must deal with customers, suppliers, and employees. The teaching of business should also emphasize the importance of ethics and social responsibility. Business is not just about making money; it is also about doing it in a way that is fair and honest to all.
