cultural context Stratton focuses on the British faultline between the post war African Caribbean settlers and the white Britons Central to the book is the question of identity For example how African Caribbean people have constructed their identity in Britain can be considered through an examination of when Police on My Back was written and how it has been revisioned by Lethal Bizzle in its most recent iteration At the same time this song written by the Guyanese migrant Eddy Grant for his mixed race group The Equals crossed the racial faultline when it was picked up by the punk rock group The Clash Conversely Johnny Reggae originally a pop ska track written about a skinhead by Jonathan King and performed by a group of studio artists whom King named The Piglets was revisioned by a Jamaican studio group called The Roosevelt Singers After this the character of Johnny Reggae takes on a life of his own and appears in tracks by Jamaican toasters as a Rastafarian Johnny s identity is then totally transformed It is this migration of music that will appeal not only to those studying popular music but

It will serve as an invaluable resource for academics and students of Italian cultural studies, global studies, and the politics of non-hegemonic cultural production. It also provides an engaging reference for those with an interest in southern Italy, Apulia, Sardinia, the southern question, and independent and popular music more generally.

The Pundit 2006 A New Leaf Media, **Caribbean Literature and the Public Sphere** Raphael Dalleo, 2011. Bringing together the most exciting recent archival work in anglophone francophone and hispanophone Caribbean studies, Raphael Dalleo constructs a new literary history of the region that is both comprehensive and innovative. He examines how changes in political, economic, and social structures have produced different sets of possibilities for writers to imagine their relationship to the institutions of the public sphere. In the process, he provides a new context for rereading such major writers as Mary Seacole, Jos Mart, Jacques Roumain, Claude McKay, Marie Chauvet, and George Lamming, while also drawing lesser-known figures into the story. Dalleo's comparative approach will be important to Caribbeanists from all of the region's linguistic traditions, and his book contributes even more broadly to debates in Latin American and postcolonial studies about postmodernity and globalization.

The Beastie Boys' Paul's Boutique Dan LeRoy, 2006-03-01. Derided as one-hit wonders estranged from their original producer and record label and in self-imposed exile in Los Angeles, the Beastie Boys were written off by most observers before even beginning to record their second album, an embarrassing commercial flop that should have ruined the group's career. But not only did Paul's Boutique eventually transform the Beasties from a frat-boy novelty to hip-hop giants; its sample-happy retro aesthetic changed popular culture forever.
