Jewish Culture Glenda Abramson, 2004-03 The Companion to Jewish Culture From the Eighteenth Century to the Present was first published in 1989 It is a single volume encyclopedia containing biographical and topic entries ranging from 200 to 1000 word each **The Secret Lives of Buildings** Edward Hollis, 2009-11-10 A strikingly original beautifully narrated

history of Western architecture and the cultural transformations that it represents Concrete marble steel brick little else made by human hands seems as stable as immutable as a building Yet the life of any structure is neither fixed nor timeless Outliving their original contexts and purposes buildings are forced to adapt to each succeeding age To survive they must become shape shifters In an inspired refashioning of architectural history Edward Hollis recounts more than a dozen stories of such metamorphosis highlighting the way in which even the most familiar structures all change over time into something rich and strange The Parthenon that epitome of a ruined temple was for centuries a working church and then a mosque the cathedral of Notre Dame was restored to a design that none of its original makers would have recognized Remains of the Berlin Wall meanwhile which was once gleefully smashed and bulldozed are now treated as precious relics With The Secret Lives of Buildings Edward Hollis recounts the most enthralling of these metamorphoses and shows how buildings have come to embody the history of Western culture Hollis exposes the surprisingly motley histories of some of the world's great landmarks The chapter on the Parthenon actually brought me to tears Jenna Russell The Boston Globe What a happy tingle of

discovery to come across a book that differs sharply from all the others in its field Hollis thinks with such originality and writes with such flair that he is a pleasure to read Stanley Abercrombie *The American Scholar* *Jerusalem, the Holy City* James D. Holocaust Memory Reframed Jennifer Hansen-Glucklich,2014-03-31 Holocaust memorials and museums face a difficult task as their staffs strive to commemorate and document horror On the one hand the events museums represent are beyond most people s experiences At the same time they are often portrayed by theologians artists and philosophers in ways that are already known by the public Museum administrators and curators have the challenging role of finding a creative way to present Holocaust exhibits to avoid cliché or dehumanizing portrayals of victims and their suffering In Holocaust Memory Reframed Jennifer Hansen Glucklich examines representations in three museums Israel s Yad Vashem in Jerusalem Germany s Jewish Museum in Berlin and the United States Holocaust Memorial Museum in Washington D C She describes a variety of visually striking media including architecture photography exhibits artifact displays and video installations in order to explain the aesthetic techniques that the museums employ As she interprets the exhibits Hansen Glucklich clarifies how museums communicate Holocaust narratives within the historical and cultural contexts specific to Germany Israel and the United States In Yad Vashem architect Moshe Safdie developed a narrative suited for Israel rooted in a redemptive Zionist story of homecoming to a place of mythic geography and renewal in contrast to death and suffering in exile In the Jewish Museum in Berlin Daniel Libeskind s architecture broken lines and voids emphasize absence Here exhibits communicate a conflicted ideology torn between the loss of a Jewish past and the country s current multicultural ethos The United States Holocaust Memorial Museum presents

yet another lens conveying through its exhibits a sense of sacrifice that is part of the civil values of American democracy and trying to overcome geographic and temporal distance One well know example the pile of thousands of shoes plundered from concentration camp victims encourages the visitor to bridge the gap between viewer and victim Hansen Glucklich explores how each museum s concept of the sacred shapes the design and choreography of visitors experiences within museum spaces These spaces are sites of pilgrimage that can in turn lead to rites of passage On Narrow Ground Scott A.
