The Heavenly Host:

The Heavenly Host Beatrice Lowry, 2020-03-23 Bea Lowry's *The Heavenly Host* is dedicated to helping people live a life after God's own heart. A running theme within this writing is developing a consistent lifestyle of holiness as unto the Lord. This is her first offering and it is designed to focus on God's priorities in an effort to simplify righteous living for all believers. She has a deep appreciation for the study and proper application of God's truth to our daily lives. Readers will be drawn in with an altar call, proceed through scripture as the author shares revelations found throughout the Bible, and end their journey with a passionate cry for true mothers within the body of Christ. Ms. Lowry invites readers to join her along this journey in an approachable and conversational format that is a reflection of quality time spent with the Lord. the Heavenly Host Derrick Reeves, 2015-03-22 The word of the Lord is our source material for everything that is needed to learn about angelology, divinal studies, or any other subject that is spiritually related. When the term angel is utilized, it can express several concepts and many other terms such as Angele (Old French), Angelus (Late Latin), Angelos (Greek), Malak (Babylonish), and Malakh (Hebrew). The term angel, when translated literally, means messenger. It is believed to be of Iranian origin. The Persian word is kin to the Greek term *angaros*, which was an imperial Persian courier. This term has been traced back to the ancient Sanskrit *angiras*, which was one of a group of luminous divine beings. When the term is considered, it refers to a supernatural spirit in the Persian, Jewish, Christian, and Islamic theologies. A spiritual divine being that acts as a divine intermediary as well as a special guardian of an individual or nation. A member of any order of the heavenly hierarchy. An attendant spirit or guardian. One who is a messenger or harbinger. The heavens are filled with many beings, and there are untold mysteries in heaven. The subject of angels is very precise and can be very vast. The scripture perhaps will unlock even more information concerning the angels and their various tribes and dwelling places. One thing is for certain: there is much for the Church to learn concerning angels, the heavenly hosts. This text seeks to give a Biblical explanation of what angels are and their associated various duties.

Angels Michael S. Heiser, 2018-09-19 What does the Bible really tell us about the heavenly host? Everyone knows that angels have wings, usually carry harps, and that each of us has our own personal guardian angel, right? We all have some preconceptions about angels from movies, television shows, and other media, but you might be surprised to know that a lot of those notions aren't based on anything from the Bible. If you read Luke 1:26-38 and imagine the angel Gabriel standing before Mary with neatly folded white wings, you're not getting that picture from anything the Bible itself says. What the Bible really says about angels is overlooked or filtered through popular myths. This book was written to help change that. It's a book about the loyal members of God's heavenly host, and while most people associate them with the word angel, that's just one of many terms the Bible uses for supernatural beings. In *The Unseen Realm*, Michael Heiser opened the eyes of thousands to seeing the Bible through the supernatural worldview of the ancient world; it was written in his

latest book *Angels* Dr Heiser reveals what the Bible really says about God's supernatural servants Heiser focuses on loyal holy heavenly beings because the Bible has a lot more to say about them than most people suspect Most people presume all there is to know about angels is what has been passed on in Christian tradition but in reality that tradition is quite incomplete and often inaccurate *Angels* is not guided by traditions stories speculations or myths about angels Heiser's study is grounded in the terms the Bible itself uses to describe members of God's heavenly host he examines the terms in their biblical context while drawing on insights from the wider context of the ancient Near Eastern world The Bible's view on heavenly beings begins with Old Testament terms but then moves into literature from the Second Temple period Jewish writings from around the fifth century BC to the first century AD This literature from the time between the Old Testament and the New Testament influenced the New Testament writers in significant ways With that important background established the book focuses on what the New Testament tells us about God's holy ones Finally the book reflects on common misconceptions about angels and addresses why the topic is still important and relevant for Christians today

Pneumatologia Or, A Discourse Concerning the Holy Spirit Volume I John Owen, 2020-02-10 A critical work into the working and theology of the most mysterious person of the holy Trinity the Holy Spirit Many times Christians recognize but do not focus on the Holy Spirit even though He is the most active person of the Godhood in our world today This work goes to correct that and delves into Scripture to reveal to us how he works and what he is like so that we can properly revere him as Almighty God This first volume contains Owen's first five books Now in larger print

Revelation James Kallas, 2020-01-30 In this book James Kallas analyzes the four most popular ways in which Christians have dealt with the book of Revelation He agrees in part with those who espouse the end of history view conceding that the epistle is futuristic in its confession of the hope of Christ's return but denying that it is only a discussion of the last days of the world He repudiates as unscriptural and blasphemous the all of history view which uses the book to calculate specific timetables of human events Underscoring the timeless character of God's promises to his suffering people a premise of the above history view Kallas emphasizes that the Word is addressed to all men of all times He fully confirms the in that history view which stressed that Revelation must first be understood in terms of its original readers the Christians of Asia Minor and its historical background Documenting his conclusions with biblical and historical examples Kallas reviews the origins and style

of apocalyptic writing He explains that the theme of such literature the conflict between God and Satan on a massive scale was produced by the despair of God's people in troubled times He discusses the immediate purpose of Revelation describing its symbolic language as a camouflaged message of hope from an imprisoned apostle to Christians suffering severe persecution at the hands of Rome Only then does he carefully evaluate John's message for Christians today

The Difference Heaven Makes Christopher Morse, 2010-04-09 By focusing upon a rehearing of the Gospel news of heaven today the author invites readers to exercise a post modern permission to listen to this testimony without either the usual modernist earplugs or an uncritical post modern make believe Without attempting to retrace the history of images and interpretations of heaven Morse seeks rather to draw upon this background to get to the heart of the issue of modern eschatological and apocalyptic discussion by proposing in the foreground a thought experiment

Angels and Spirits Dr. John Thomas Wylie, 2019-02-01 In this publication Angels and Spirits the scripture teaches that there is an order of intelligences higher than that of men and further asserts that these intelligences are connected with man in providence and in the redemptive economy These intelligences are called spirits to denote their specific role and nature they are called angels to denote their mission We will investigate their involvement with mankind and their tasks Nothing can be known of them other than that which is revealed in the scriptures They are created spirits but the time of their creation is not indicated Many biblical scholars hold that such a creation must have been included in the statement found in Genesis 1:1 and therefore preceding the six days formative period The highest exercise of angels is to wait upon God Their chief duty is to minister to the heirs of salvation As we embark upon this reading my hope is that you will come to take seriously the informative topics presented to you We do not intend to dwell on Satan or his angels too much only as necessary but focus on the deeds and tasks of holy angels Reverend Dr John Thomas Wylie

The Seventh-Day Sabbath and the Christian Doctrine of Redemption A. M. Simataa,2015-06-30 The Seventh Day Sabbath and the Christian Doctrine of Redemption is a book every Christian must have in their home library The author tackles the biblical doctrine of redemption in a convincing manner and drives home the centrality of the Sabbath in redemption Over the past hundred years the witness of the sciences such as physics and biochemistry including mathematics as well as the testimony of archaeology and history has put the skeptics of the Bible on the defensive To this overwhelming testimony the author adds the witness of recent fulfilled Bible prophecy The author proceeds to show persuasively how recent fulfilled prophecies have proved once again that the Bible is truly the Word of God In the book the closing work of the gospel on the planet is shown to have a prophetic edge that no one person on the globe can afford to ignore

The Angelic Host: Investigating Angels in the Bible and Second Temple Literature Karsten Wille,2022-08-28 This book is a study of the Heavenly Host It is a systematic review of all key words that pertain to spiritual beings and angels The word angel is mentioned over 270 times in scripture but this does not include other spiritual beings that also have a part to play in the biblical text Church tradition has led us to view all the host of heaven with this common term which is insufficient in gaining an understanding of this mesmerizing topic The images we rely on have largely been driven by Greek mythology and artists impressions of either little babies with wings or beautiful figures with long flowing golden hair halos and elaborate gowns A deep analysis of scripture however separates fact from fiction and informs us of the history and appearance of these elusive beings both in speech and deed There is a big yearning toward the supernatural including a desire to uncover all knowledge that is hidden This study seeks to unravel many of the mysteries associated with spiritual beings and has been written in view of presenting the findings as simply as possible with a broad sweep of scripture second temple literature and historical sources Who does Elohim refer to What is the Divine Council Who is the Angel of the Lord What are Angels Cherubim and Seraphim Who are Michael and Gabriel Who is the adversary Where do demons come from Is the book of Enoch relevant Can we command Angels to do our bidding
