Roy Kaufman, 2020-09-22 Rural communities depend on the health of the agrarian cultures that compose them These cultures grow out of the symbiotic relationship between a particular landscape and the human community that lives on and uses the land Agrarian cultures had their origin in the development of agriculture and gave birth to the civilizations and empires of history Based on the exercise of hierarchical power characteristic of their nature empires and civilizations are always a threat to the welfare of their agrarian cultures that by nature tend to be local relational reciprocal and ecological This is the story of the three Anabaptist agrarian cultures Swiss German Low German and Hutterian of the Freeman South Dakota rural community and their sojourn within the empires of civilization through the centuries More specifically this is the story of their birth growth maturation and death or rebirth in the particular landscape of the Great Plains to which they came from Russia in the 1870s Here we see the agrarian cultures struggle to adapt to the new environment of the Great Plains and to

Epp,2012-12-18 Rather than pledging allegiance to the military effort as dictated by Prussian law in 1867 many devout Anabaptists deemed it prudent to become pioneers in Kansas The year was 1876 and odd numbered sections of railroad land were being marketed by the Santa Fe across Kansas Towns developed around train depots local shopping became available Marie Harder Epp was born in America to these relocated Anabaptists She was a Kansas Mennonite farmer and also the village poet Her poems written for oral delivery tell the story of life in Holland and West Prussia following the Reformation

the relocation to Kansas and the creation of a church community on the tall grass prairies A church was organized to focus these hard working Germans on divine realities as they buried their dead married their young and dealt with the harsh prairie winds Marie s poems also describe the changeover from buggies to cars from German to English and from isolation to global outreach With time the Anabaptists learned through cultural adaptation that they could be both staunch Mennonites and also patriotic Americans **The Americanization of a Rural Immigrant Church** Dennis D. Engbrecht,2017-07-06

Henry Smith,2005-01-26 **Healing God's Earth** S. Roy Kaufman,2013-08-02

Rural communities and traditional cultures throughout North America and around the world are being systematically dismantled by the forces of urban civilization It is no new phenomenon For over four millennia the powers of urban civilization have been playing God oppressing people and exploiting the earth This long history has brought us to the brink of disaster in the current economic ecological and energy crises confronting the dominant global culture This book reads the Bible through the lenses of rural communities The Bible has something to say about the origin and character of urban civilization and the dynamic of its relationship to rural communities Both Israel in the Old Testament and Jesus in the New Testament were engaged in the formation of rural communities of faith living as alternatives to the dominant cultures of the urban civilizations in which they lived It turns out that local face to face communities both rural and urban along with traditional cultures of all stripes are God s chosen instruments for the subversive nonviolent disarming of urban civilization and the healing of God s earth
