Phenomenology, Interpretation, and Community Lenore Langsdorf, Stephen H. Watson, E. Marya Bower, 1996-07-11 This book re-examines the relationship between phenomenology interpretation and the problem of community a topic that has been at the center of recent debates in Continental thought From the outset phenomenology was intimately connected with the issues of interpretation and community both by theoretical paradigm and substance Indeed Husserl sought to distinguish his own foundational investigations from others that stressed the interpretive and historical character of the rational or that contested such foundational enterprises out of a concern for the critique of ideology and the hermeneutics of suspicion He argued equally as stringently for the primacy of such theoretical issues over other studies such as ethics political theory or aesthetics that shaped the itinerary of philosophical inquiry In a similar manner the essays encountered here continue the debates that accompany the complex phenomenologies of post-Kantian Continental thought concerning the rational status of the self and its ambiguous relationship with the community and thus in turn the ambiguous relationship between the rational community civil society and the contested dynamics of its conceptualization and adjudication Because it considers these issues from several viewpoints including the legacy of German idealism and the discourses emerging from the Frankfurt School and contemporary post-structuralist thought this volume serves both as an introduction to Continental philosophy on these issues as well as a guide to the status of recent debates

A Psychology of Ultimate Concern Hetty Zock, 2023-12-28

The Specter of Relativism Lawrence Kennedy Schmidt, Lawrence Schmidt, 1995 *Specter of Relativism* addresses the timely topic of relativism from the perspective of Gadamer's hermeneutics This collection of essays explores

several of the key issues in contemporary philosophy the nature of truth the model of conversation and the possibility of an ethics in postmodern conditions in the context of the work of Gadamer Although centered on Gadamer and including the first English translation of one of his essays the volume does not narrowly define or defend the approach of philosophical hermeneutics the contributors present a broad range of views in some cases championing a Gadamerian perspective in others challenging it **Jürgen Habermas** Luca Corchia,2010 *Reality, Religion, and Passion* Jessica Frazier,2009-01-01 Radical doubt about the truths that govern life has posed a problem for thinkers in many different cultures and periods This study uncovers the solutions offered by a postmodern Western thinker Hans Georg Gadamer and an early modern Indian thinker Rupa Gosvami each of whom offers a renewed postskeptical vision of a revitalized life that is firmly rooted in the transcendental truths of reality *Philosophic Classics, Volume V* Forrest Baird,2023-05-31 For courses in 20th century Philosophy recent Continental Philosophy Anglo American Philosophy as part of courses in Contemporary Philosophy or courses on Epistemology or Metaphysics that take a historical approach This anthology in 20th century philosophical classics includes recent European and American philosophers and contains texts that are presently seen as classics or as emerging classics It features complete works or complete sections of works Includes introductions to each philosopher an abundance of drawings diagrams photographs and a timeline **Profiles in Contemporary Social Theory** Anthony Elliott,Bryan S Turner,2001-07-23 This comprehensive book provides an indispensable introduction to the most significant figures in contemporary social theory Grounded strongly in the European tradition the profiles include Michel Foucault Jürgen Habermas Roland Barthes Jean Baudrillard Pierre Bourdieu Zygmunt Bauman Martin Heidegger Frederic Jameson Richard Rorty Nancy Chodorow Anthony Giddens Stuart Hall Luce Irigaray and Donna Haraway In guiding students through the key figures in an accessible and authoritative fashion the book provides detailed accounts of the development of the work of major social theorists and charts the relationship between different traditions of social cultural and political thought The Idea of the Past Leonard J. Lamm,1997-08 The advancement of psychoanalysis in America has reached an impasse Scientists are pitted against hermeneuticists theorists against practitioners and narrative truth against historical truth reflecting and refracting the role of the past in theory and therapy through a host of competing approaches Leonard Lamm argues against the impossible task of unifying psychoanalysis into a homogenous discourse proposing instead the acceptance of a pluralist model in which different modes of discourse are applicable and appropriate in different circumstances This innovative work sets out to unravel the opaque idea of the psychoanalytic past as expressed in countless theoretical voices from object relations to Lacanianism to ego psychology Dr Lamm redraws the map of American psychoanalytic argument and takes a fresh look at current debates on narrative truth metapsychology and the role of the past in psychoanalysis A thoughtful model emerges in which historical scientific and practical discourses and constructions of the past do not compose a hierarchy in psychoanalytic understanding Instead they are voices in a conversation in which they may differ without
