The 1945 Revolution:

The 1945 Revolution William Harrington, Peter Young, 1978 *Revolution and Dictatorship* Steven Levitsky, Lucan Way, 2024-10-29 Why the world's most resilient dictatorships are products of violent revolution Revolution and Dictatorship explores why dictatorships born of social revolution such as those in China Cuba Iran the Soviet Union and Vietnam are extraordinarily durable even in the face of economic crisis large scale policy failure mass discontent and intense external pressure Few other modern autocracies have survived in the face of such extreme challenges Drawing on comparative historical analysis Steven Levitsky and Lucan Way argue that radical efforts to transform the social and geopolitical order trigger intense counterrevolutionary conflict which initially threatens regime survival but ultimately fosters the unity and state building that supports authoritarianism Although most revolutionary governments begin weak they challenge powerful domestic and foreign actors often bringing about civil or external wars These counterrevolutionary wars pose a threat that can destroy new regimes as in the cases of Afghanistan and Cambodia Among regimes that survive however prolonged conflicts give rise to a cohesive ruling elite and a powerful and loyal coercive apparatus This leads to the downfall of rival organizations and alternative centers of power such as armies churches monarchies and landowners and helps to inoculate revolutionary regimes against elite defection military coups and mass protest three principal sources of authoritarian breakdown Looking at a range of revolutionary and nonrevolutionary regimes from across the globe Revolution and Dictatorship shows why governments that emerge from violent conflict endure **War and Society in Britain 1899-1948**

Rex Pope, 2014-01-14 Rex Pope reassesses the impact of war on the political and social structures of British society during the first half of the twentieth century and introduces the reader to current debates about the relationship between war and change **Revolutions: How They Changed History and What They Mean Today** Peter Furtado, 2020-09-29 Leading

historians from around the world reflect on the great revolutions of modern history and explore their lasting legacies Whether it's because their rhetoric liberty fraternity equality articulates those ideals to which we most aspire or because we are shocked by the destructive forces that are unleashed when social conventions break down revolutions hold a distinct place in the popular imagination And while all revolutions are born of civil unrest each is unique in that it's a product of its time its society and its people and the outcomes vary dramatically from liberal reform to cruel dictatorship In *Revolutions* the follow up to the bestselling *Histories of Nations* twenty four leading historians most writing about their country of origin consider global revolutions from England's Glorious Revolution of 1688 and the American Revolution in 1776 to the Irish Revolution in the early twentieth century and the Arab Spring of 2011 Reflecting not only on their causes crises and outcomes but also on their legacies and implications in today's society these historians answer key questions What were the main events and dominant ideologies Who were the leading protagonists Are revolutionary pasts remembered critically in national history mythologized or even hidden And why Authoritative and enlightening *Revolutions* reflects on the events

ideologies and legacies of twenty four revolutions from the seventeenth century to the present day providing an overview of some of the most politically significant events in modern history **The Vietnamese War** David W. P. Elliott,2003 16

Revolution in the Village Hy Van Luong,1992-04-01 One of the most significant efforts to result thus far from the improvement in scholarly access to North Vietnam Combining life history interviewing with archival research in Vietnam Canada and France the book focuses on the village sociocultural system s encounter with Western colonialism capitalism and socialist revolution Journal of Asian Studies **Translations from Harian Rakjat** ,1961 **Revolution and Evolution** Grace Lee Boggs,2019-02-15 This book provides a concise and instructive review of the revolutions of the twentieth century with separate chapters on the Russian Chinese Guinea Bissau and Vietnamese revolutions in which the authors seek to extract the principle lessons from each of these struggles and the special course taken by each In these and in a summary chapter on the dialectics of revolution the authors furnish a picture of the principal aspects of Marxism Leninism Maoism and the other currents of Marxism active in the revolutions of our times A second section is devoted to the United States and begins with a survey of the class forces in American history from the settlement of the original thirteen colonies to the present with special attention to the enslaved black population Thereafter the authors present their ideas on the objects and means of an American Revolution Includes new introduction by Grace Lee Boggs **Translations on International Communist Developments** ,1961 The Vietnamese War David Elliott,2016-04-15 A monumental work of research and analysis this is a history of the Vietnam War in a single province of the Mekong Delta over the period 1930 1975 More precisely it is a study of the Vietnamese dimension of the Vietnam War focusing on the revolutionary movement that became popularly known as the Viet Cong There are several distinctive features to this study 1 it provides an explanation for the paradox of why the revolutionary movement was so successful during the war but unable to meet the challenges of postwar developments 2 it challenges the dominant theme of contemporary political analysis which assumes that people are rational actors responding to events with careful calculations of self interest 3 it closely examines province level documentation that casts light on a number of important historical controversies about the war No other history of the Vietnam War has drawn on such a depth of documentation especially firsthand accounts that allow the Vietnamese participants to spea directly to us
