world in which facts mean nothing cause anxiety Fear Maybe even paranoia Disinformation The Nature of Facts and Lies in the Post Truth Era cannot cure all the ills of a post truth world but by demonstrating how the emergence of digital technology into everyday life has knitted together a number of seemingly loosely related forces historical psychological economic and culture to create the post truth culture Disinformation will help you better understand how we got to where we now are see how we can move beyond a culture in which facts are too easily dismissed and develop a few highly practical skills for separating truth from lies Disinformation explains How human psychology the very way our brains work can leave us vulnerable to disinformation How the early visions of what a global computer network would and should be unintentionally laid the groundwork for the current post truth culture The ways in which truth is twisted and misrepresented via propaganda and conspiracy theories How new technology not only spreads disinformation but may also be changing the way we think The ways in which the economics of information and the powerful influence of popular culture have contributed to the creation of the post truth culture Unlike the far too numerous one sided politically ideological treatments of the post truth culture Disinformation does not seek to point the finger of blame at any individuals or groups instead its focus is on how a number of disparate forces have influenced human behaviors during a time when all of humanity is struggling to better understand and more effectively control for better or worse challenging new technologies that are straining the limits of human intellectual and emotional capacity

The Bloodline of the Business Chandler M. Josie,2010-06 God Daddy provided a story vividly told of a controversial yet successful businessman and the protective surrogate father like relationship he has with two young ladies It was a narrative through the eyes of these young ladies their fortunate connection and sometimes trials of that connection to ndash God Daddy From the Bahamian American community of Port Salerno Florida it was an adventure through Florida and the Bahamas That was then this is now The Bloodline of the Business provides us with two offerings in one God Daddy the Sequel and the Book of Michael In God Daddy the Sequel Janine and Falana are now college graduates and still close to their God Daddy a relationship that is now two fold because they are employees of his corporation God Daddy now semi retired is ecstatic with them being a part of his continued business success He is now faced with the challenge of ensuring the corporation he started continues to be successful That is not without obstacles God Daddy the Sequel is told from the view of Janine Falana family members and God Daddy himself This chapter in the ongoing saga goes further into Bahamian culture and its influences of Bahamian Americans The question that has been asked since the novel God Daddy has been released is exactly who is God Daddy How did he become the man that he is now What influenced his character and were there certain experiences that caused him to be so driven the questions are finally answered in the Book

of Michael The Book of Michael intimately explain God Daddy going back generations to explore his family influences to his person It depicts his life experiences that perfected his discipline of focus in business and love for his heritage The Book of Michael brings together God Daddy and God Daddy the Sequel by describing life before and after the previous two offerings

American War Machine Peter Dale Scott,2010-11-16 This provocative thoroughly researched book explores the covert aspects of U S foreign policy Prominent political analyst Peter Dale Scott marshals compelling evidence to expose the extensive growth of sanctioned but illicit violence in politics and state affairs especially when related to America s long standing involvement with the global drug traffic Beginning with Thailand in the 1950s Americans have become inured to the CIA s alliances with drug traffickers and their bankers to install and sustain right wing governments The pattern has repeated itself in Laos Vietnam Italy Mexico Thailand Nigeria Venezuela Colombia Peru Chile Panama Honduras Turkey Pakistan and now Afghanistan to name only those countries dealt with in this book Scott shows that the relationship of U S intelligence operators and agencies to the global drug traffic and to other international criminal networks deserves greater attention in the debate over the U S presence in Afghanistan To date America s government and policies have done more to foster than to curtail the drug trade The so called war on terror and in particular the war in Afghanistan constitutes only the latest chapter in this disturbing story
