Shores,2002-05-22 An incisive multidisciplinary look at the American family over the past 200 years written by respected scholars and researchers *Family in America* offers two powerful antidotes to popular misconceptions about American family life historical perspective and scientific objectivity When we look back at our early history we discover that the idealized 1950s family characterized by a rising birthrate a stable divorce rate and a declining age of marriage was a historical aberration out of line with long term historical trends Working mothers we learn are not a 20th century invention most families throughout American history have needed more than one breadwinner In the exciting new scholarship described here readers will learn precisely what is new in American family life and what is not and acquire the perspective they need to appreciate both the genuine improvements and the losses that come with change      **Other People's Children** Gillian Thomas,Gina Hocking,2003 Examines how children's quality of

**Handbook of Marriage and the Family** Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11 The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add It is therefore limited to two relevant but not intrinsically related points vis a vis research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties about the time of the first Handbook In the late 1930s Willard Waller noted Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it Everything that concerned the life of men and women and their children was shrouded from the light Today much of that has been changed Gone is the concealment of the way in which life begins gone the irrational sanctity of the home The aura of sentiment which once protected the family from discussion clings to it no more We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting We are engaged in the process of reconstructing our family institutions through criticism and discussion 1938 pp 3 4 *Maternal Child Nursing Care - E-Book* Shannon E. Perry, Marilyn J. Hockenberry, Deitra Leonard Lowdermilk, David Wilson, Kathryn Rhodes Alden, Kitty Cashion, 2017-09-09 *Maternal Child Nursing Care E Book* **The Devil's Half Acre** Kristen Green, 2022-04-12 The inspiring true story of an enslaved woman who liberated an infamous slave jail and transformed it into one of the nation's first HBCUs In *The Devil's Half Acre* New York Times bestselling author Kristen Green draws on years of research to tell the extraordinary and little known story of young Mary Lumpkin an enslaved woman who blazed a path of liberation for thousands She was forced to have the children of a brutal slave trader and live on the premises of his slave jail known as the Devil's Half Acre When she inherited the jail after the death of her slaveholder she transformed it into God's Half Acre a school where Black men could fulfill their dreams

It still exists today as Virginia Union University one of America's first Historically Black Colleges and Universities A sweeping narrative of a life in the margins of the American slave trade *The Devil's Half Acre* brings Mary Lumpkin into the light This is the story of the resilience of a woman on the path to freedom her historic contributions and her enduring legacy

**The Psychosocial Interior of the Family** Gerald Handel, Gail G. Whitchurch, 1994 This long awaited fourth edition has the same goal as the preceding editions to understand families in terms of the kinds of interaction through which family life is constructed The changes in the family as an institution have influenced these processes just as they have influenced the ways we understand and write about them But even in these postmodern circumstances an underlying premise of the volume is that two partners establish a family because they have selected each other as distinctively meaningful to one another They will affirm modify elaborate or retreat from various aspects of the relationship through interaction over time and in changing circumstances This volume contains the best available interdisciplinary work on the social psychology of the family More than half of the selections are new to this edition which incorporates a variety of theoretical and research perspectives that provide the reader with a range of authoritative and up to date sources on the family and interpersonal relations The newer forms of family organization that have emerged in the more recent literature specifically single parent families stepfamilies and families of gay and lesbian domestic partners are included Authors have been drawn from a variety of disciplines including sociology communication family studies human development psychology anthropology and social work

**Health Care Ethics** Eileen E. Morrison, 2009-10-06 This thorough revision of health care ethics brings the reader up to date on the most important issues in biomedical ethics today

*Half an Arch* Jonathan Gathorne-Hardy, 2004 *Half An Arch* is the compelling autobiography of one of the most distinctive English writers of the late twentieth century Jonathan Gathorne Hardy In *The Rise and Fall of the English Nanny The Public School Phenomenon and Doctors* Gathorne Hardy explored three apparently familiar institutions with unprecedented originality and depth Now the biographer of writer and adventurer Gerald Brenan and American sexologist Alfred Kinsey brings the same rigour perception and sensitivity to bear on the story of his own life as he chronicles vividly but without sentimentality the brutal decline in the fortunes of the clever and colourful Gathorne Hardy family in the aftermath of two world wars

Parenting in Stepfamilies Gladys Lan Tak Lam-Chan, 2018-08-13 First published in 1999 this book contains the findings of an exploratory study using in depth interviews on parenting and the dynamics of Hong Kong Chinese stepfamilies The stepfamily is a topic which is in lack of local research in Hong Kong but is an emerging family structure which has increasing need for professional intervention This study began as a result of the researcher's concern about the soaring number of divorces and broken families in Hong Kong and her curiosity to uncover the untold stories of stepfamilies The literature review presentation and thematic analysis of the findings of this study will increase the readers knowledge and understanding of stepfamilies in contexts which are different from Western societies This book unveils the perceptions and life experiences of the stepmothers social workers and teachers
