Wm Jack Hranicky, 2010-06 Material Culture from Prehistoric Virginia Volume 1 is one volume of a two volume set This two volume set is available in black and white and in color Volume 1 contains artifact listings from A through L Volume 2 contains the remainder of the alphabetical listings These publications contain over 10 000 prehistoric artifacts mainly from Virginia but the publication covers the eastern U S The set starts with Pre Clovis and goes through Woodland times with some Indian ethnography and rock art Each volume is indexed contains references has charts and graphs drawings photographs artifact dates and artifact descriptions These volumes contain artifacts that have never appeared in the archaeological literature From beginners to experienced archaeologists they offer a complete library for the American Indian culture and experience If the prehistoric Indian made it an example is probably shown **Swifterbant Stones** Izabel Devriendt, 2014-09-18 In this research the stone and flint artefacts of the site Swifterbant are analysed Attention is focussed on the Neolithic occupation phase of the prehistoric creek system c 4300 4000 cal BC where archaeological traces were found on several levee and river dune sites This study shows that there is a larger variability in site types than originally presumed It is established that these sites are all part of one settlement system in which they all had a different function This thesis comprises a monograph on the research history of the site and the different aspects of the lithic research such as typological analysis technological attribute analysis raw material analysis and use wear analysis in combination with a detailed inventory catalogue All this leads to new insights into the use of lithic artefacts The importance of stone tool morphology the selective gathering of stone tool blanks or the use of two different flint production sequences are but a few of these interesting aspects Other topics concern tool function mobility raw material access and use cultural markers and social identity In combining the results from this research with that of other Swifterbant sites a better understanding of the different aspects of prehistoric stone and flint industries is gained Modelling Behaviour Mette Ramsgaard Thomsen, Martin Tamke, Christoph Gengnagel, Billie Faircloth, Fabian Scheurer, 2015-11-12 This book reflects and expands on the current trend in the building industry to understand simulate and ultimately design buildings by taking into consideration the interlinked elements and forces that act on them This approach overcomes the traditional exclusive focus on building tasks while posing new challenges in all areas of the industry from material and structural to the urban scale Contributions from invited experts papers and case studies provide the reader with a comprehensive overview of the field as well as perspectives from related disciplines such as computer science The chapter authors were invited speakers at the 5th Symposium Modelling Behaviour which took place at the CITA in Copenhagen in September 2015 The Casper Site George C Frison, 2013-12-31 George Frison's report on the 10 000 year old Casper Site helped establish how large animal communal kill sites should be excavated analyzed and reported With his background in ranching and hunting Frison knows more about large animals than any other archaeologist In The Casper Site Frison began to share that knowledge as well as

the techniques of bone bed excavation that and the book's interdisciplinary approach make it a landmark in paleoindian archaeology and faunal analysis As Marcel Kornfeld writes in his new introduction One of Frison's outstanding contributions to Great Plains prehistory has been in the arena of bison studies and bone beds in particular and Casper is one of its finest examples Originally published by Academic Press in 1974 Praise from readers The Casper site is one in a long tradition of bison procurement site studies by George Frison This site typifies the use of the parabolic sand dune for bison trapping The suite of analyses employed set the standard for kill site archaeology on the Plains and around the globe Leland C Bement Oklahoma Archeological Survey With astonishing fidelity the events of an ancient bison kill are uncovered from the rolling sands of Wyoming That these remarkable events happened 10 000 years ago and yet we see them so clearly today is testimony to the skill of Frison and his team of researchers A landmark publication Jack W Brink Royal Alberta Museum The brainchild of a remarkable archaeologist and a benchmark in integrative archaeological science putting to work innovations in spatial analysis experiments in technology and vertebrate taphonomy hunter gatherer ethnoarchaeology geology and zooarchaeology One cannot help but sense the squeak of sand churned by desperate hooves when reading this classic study Mary C Stiner University of Arizona *Integrity, 130,000 BC* Bonnye Matthews, 2018-12-15 In a super strong patriarchal society of one clan in southern California 130 000 years ago a girl twin is born before her brother twin and as a stroke of luck she is not left to die as would have been the case for a second born girl The girl Elka grows to be strong fearless and spiritual things that didn't fit well in the culture into which she meets life a culture where each man rules over his family without limits on his authority One man her grandfather Geol rules the clan The clan's culture sees birth as perfection of person and every infraction of the clan rules as a loss of integrity a brokenness Lose a certain unspecified amount of integrity and one is exiled from the clan forever as there is no remedy for loss of too much integrity's her father sinks deeper into power driven attempts to kill the strong spirit within Elka a spirit he fears a possible escape plan opens up for Elka Will the plan save her Or will she be victimized as one member of the clan already is to become to the extreme of their belief a slave to every unreasonable whim of her husband for the rest of her life Elka opts for escape agonizing at separation from her twin and others she loves in the clan Will she make it Will she survive the separation Will she find a place where she can thrive in the huge land that surrounds her Read to discover the answers **This Book Made Me Do It** DK, 2010-09-20 Knowledge comes in all shapes and sizes and This Book Made Me Do It celebrates it in all its vastness and variety This Book Made Me Do It gives step by step instructions on everything from hacking their gadgets and toys to making clouds in bottles and creating music from the most surprising of everyday objects There is something here for the hobbyist the amateur or just the fantastically curious The reader will learn not only how to make a barometer but why barometers matter and how to use them to forecast weather This lively and engaging book through its clarity levity and well researched information will keep readers of all ages busy learning making creating hacking thinking and doing for a very long time *Dinner with King Tut*

Sam Kean, 2025-07-08 New York Times's 21 Nonfiction Books Coming This Summer Boston Globe's Best Summer 2025 Books From one of America's smartest and most charming writers NPR an archaeological romp through the entire history of humankind and through all five senses from tropical Polynesian islands to forbidding arctic ice floes and everywhere in between Whether it's the mighty pyramids of Egypt or the majestic temples of Mexico we have a good idea of what the past looked like But what about our other senses The tang of Roman fish sauce and the springy crust of Egyptian sourdough The boom of medieval cannons and the clash of Viking swords The frenzied plays of an Aztec ballgame and the chilling reality that the losers might also lose their lives History often neglects the tastes textures sounds and smells that were an intimate part of our ancestors' lives but a new generation of researchers is resurrecting those hidden details pioneering an exciting new discipline called experimental archaeology These are scientists gone rogue They make human mummies They investigate the unsolved murders of ancient bog bodies They carve primitive spears and go hunting then knap their own obsidian blades to skin the game They build perilous boats and plunge out onto the open sea all in the name of experiencing history as it was with all its dangers disappointments and unexpected delights Beloved author Sam Kean joins these experimental archaeologists on their adventures across the globe from the Andes to the South Seas He fires medieval catapults tries his hand at ancient surgery and tattooing builds Roman style roads and in novelistic interludes spins gripping tales about the lives of our ancestors with vivid imagination and his signature meticulous research Lively offbeat and filled with stunning revelations about our past Dinner with King Tut sheds light on days long gone and the intrepid experts resurrecting them today with startling lifelike detail and more than a few laughs along the way Flintknapping John C. Whittaker, 2010-03-01 Flintknapping is an ancient craft enjoying a resurgence of interest among both amateur and professional students of prehistoric cultures John C. Whitaker's bestselling guide is a detailed handbook on flintknapping written from the archaeological perspective of interpreting stone tools as well as making them Flintknapping contains detailed practical information on making stone tools Whittaker starts at the beginner level and progresses to discussion of a wide range of techniques He includes information on necessary tools and materials as well as step by step instructions for making several basic stone tool types Numerous diagrams allow the reader to visualize the flintknapping process and drawings of many stone tools illustrate the discussions and serve as models for beginning knappers Written for a wide amateur and professional audience Flintknapping will be essential for practicing knappers as well as for teachers of the history of technology experimental archaeology and stone tool analysis *Necessary Skills and Then Some* DK, 2014-09-15 Previously published as *This Book Made Me Do It* Do you know how to escape from an alligator ride a wave or land an airplane No So what are you waiting for *Necessary Skills and Then Some* will show you how to do all this and lots of other things you didn't realize you wanted to do Stuff that's useful cool mind boggling or just fun Grow mineral crystals make a friend scream fry lunch in the sun measure a tree's height turn a magazine into a necklace keep ants as pets Step by step you

I'll see how to make explore and do pretty much everything      Investigations at the Pueblo Alto Complex, Chaco Canyon, New Mexico: pts. 1-2. Artifactual and biological analyses Frances Joan Mathien, Thomas C. Windes, 1987      **Excavation of Two Anasazi Sites in Southern Utah**, 1981 The two reports published here contain elements which contribute substantially to this broader spectrum of Southwestern cultural change While primarily descriptive in nature these two site reports one from the western Kayenta area and one from the margin of the Mesa Verde area and the eastern Kayenta suggest that the changes which occurred in the more centralized portions of these regions were directly related to what happened on the margins That while the site densities and population aggregates may not have been as high the same factors affected these marginal areas That conclusion could be expected but what may not be expected is the differential response which appears to have occurred After reading these two reports it appears that it may be possible to discern elements of change in these fringe areas that once defined will provide new insight into what happened and why and in what are presently the better known areas of the Southwest These two papers are important in sum not only because they are reports of work in poorly known areas but because they do provide analyses of fringe areas they help us to understand the Southwest generally From preliminary introduction      *The Scorpions of the Western Part of the United States* Henry Ellsworth Ewing, United States National Museum, 1929      *Proceedings of the United States National Museum* United States National Museum, 1929      *Mochlos III* Natalia Vogeikoff-Brogan, 2014-12-31 This volume presents the first of several Late Hellenistic buildings that were uncovered on the island of Mochlos located off the northeastern coast of Crete during the Greek American excavations of the last 25 years It also provides an introduction to the Hellenistic settlement that flourished on the island for nearly a century before it was abandoned The Hellenistic remains overlay much of the Late Minoan III and Neopalatial settlement Due to the excavation of both the Bronze Age and later phases of the town the publication of this Hellenistic building includes paleoenvironmental material among all the other artifacts which is often neglected in excavations of historical material The role that Mochlos played in East Crete is discussed and conclusions are drawn about its relations with Hierapytna during the Late Hellenistic period      Life on the Edge: The Neolithic and Bronze Age of Iain Crawford's Udal, North Uist Beverley Ballin Smith, 2018-03-31 Excavations in North Uist dating from 1974 1984 identified two cists with human remains in kerbed cairns many bowl pits dug into the blown sand two late Neolithic structures and a ritual complex      *Ancient Stone Tools* Brook Clearwater, AI, 2025-02-22 *Ancient Stone Tools* explores how early humans crafted stone tools revealing insights into prehistoric innovation and adaptation By studying lithic technology we uncover how these tools shaped early human societies and their environment Intriguingly the geographical distribution of different stone tool types helps trace ancient migration patterns and cultural exchanges Understanding the nuances of stone tool analysis allows researchers to reconstruct past human activities from hunting to woodworking The book examines the technological processes behind tool production functional analysis of tool use and the distribution of tool making traditions It progresses from fundamental principles of

lithic analysis such as raw material identification and knapping techniques to examining stone tool technology developments across different regions and time periods Case studies from Africa Europe Asia and the Americas highlight each region s unique lithic industries By integrating excavation records experimental archaeology and GIS mapping Ancient Stone Tools offers a comprehensive overview of the field This study emphasizes the evolution of stone tool technologies as a reflection of the increasing complexity of human societies and their environment providing an up to date and accessible synthesis of current knowledge for students researchers and anyone interested in human origins and prehistoric cultures Journal of Northwest Anthropology Roderick Sprague, An Introduction to Herbert W Krieger s Work on the Columbia River Darby C Stapp Archeological Excavations in the Columbia River Valley Herbert W Krieger Prehistoric Inhabitants of the Columbia River Valley Herbert W Krieger A Prehistoric Pit House Village Site on the Columbia River at Wahluke Grant County Washington Herbert W Krieger Salvaging Early Cultural Remains in the Valley of the Lower Columbia River Herbert W Krieger Comparison of Two Village Tourism Development Models in Fenghuang County China First Prize Graduate Student Paper 60th Annual Meeting of the NWAC Xianghong Feng An Analysis of Mandibular Molar Occlusal Size Progression Patterns in Three Species of Australopithecines First Prize Undergraduate Student Paper 60th Annual Meeting of the NWAC Jamie M Litzkow **Investigations at the Pueblo Alto Complex, Chaco Canyon, New Mexico, 1975-1979: pt. 1-2. Artifactual and biological analyses** Thomas C. Windes,1988 **Fractures in Knapping** Are Tsirk,2014-11-17 This book is for students and practitioners of not only knapping lithic technology and archaeology but also of fractography and fracture mechanics In general understanding of fractures provides a sounder basis for lithic analysis and use of more recent scientific tools opens new avenues for lithic studies Meridians of Salt Paul N. Eubanks,Ashley A. Dumas,Heather McKillop,Marius Alexianu,2025-09-26 This book explores the relationship between salt sodium chloride and the development of human societies from a cross cultural and global perspective Although it is not possible to discuss the importance of salt to all ancient and modern societies the geographically and temporally diverse examples highlighted here are used to examine a series of related topics critical to understanding the economic political social and religious impacts of salt through space and time These topics include among others the techniques used to produce salt the individuals responsible for its production its cultural uses and applications its role in cross cultural exchange and the impact of its circumscribed distribution on settlement patterns and developing complexity In exploring these topics the chapter authors rely on archaeological data to craft their interpretations however as salt itself is largely invisible in the archaeological record other avenues of investigation such as ethnoarchaeology ethnohistory and experimental archaeology are necessary to gain a more complete understanding of this mineral s influence on the development of human cultures Each chapter includes a summary of seminal research within a particular geographic region along with a discussion of recent or on going projects from that area This volume is intended for a professional audience but university students and graduates and readers with an interest in anthropology

archaeology ethnoarchaeology or history will find the chapters comprehensible and informative
