are discarded like they are nothing but when God tells an Angel to bring Him the two most precious things in the city the Angel brings him the dead bird and the lead heart The Selfish GiantWhen the Selfish Giant returns from a seven year visit with the Cornish Ogre he is furious to find twelve children playing in his beautiful garden Angered by their presence he builds a wall and puts up a notice saying TRESPASSERS WILL BE PROSECUTED This causes his property to fall into an undying winter no trees grow and spring and summer never come One day he is awakened by the sound of a bird He looks out his window and sees that the children have found a way back in which results in spring returning to the garden The sight inspires the giant to break down the wall but as soon as he steps out all but one of the children run away in fright He helps a small crying boy climb a tree and invites the other children back in announcing the garden is now theirs as well As the years pass by the children continue to come to play with the Giant but the small boy he had helped never returns breaking his heart One winter morning the now old and frail Giant sees the boy he once helped standing beneath a magnificent tree The boy bears a stigmata meaning he is Jesus Christ and comes to take the Giant to Paradise Later the other children find the Giant's corpse under tree covered in white blossoms The Nightingale and The RoseA nightingale overhears a student lamenting He is upset that his professor's daughter refused to dance with unless he gave her a red rose The nightingale believing his love to be true visits all the rose trees but as it is winter there are none to be found Eventually one of the trees admits there is one way to produce a red rose but it requires the bird to sing her sweetest song all night while pressing her heart into a thorn Believing the student's tears to be true the nightingale makes the ultimate sacrifice by slowly impaling herself causing her blood to stain the rose The student takes the rose to the professor's daughter only to have her reject him once again the rose will clash with her dress and another man offered her jewels Upset the student throws the rose away and returns to his study of Philosophy and Metaphysics refusing to believe in love anymore The Devoted FriendThe tale begins with a Water rat reprimanding a Duck for letting her children misbehave even though he then admits to not having a family of his own He does not believe in love but believes that there is nothing nobler or rarer than a devoted friendship When a nearby Linnet asks to elaborate the Water Rat replies that he would expect the friend to be devoted to him Hearing the flawed logic the Linnet begins telling him the story of Little Hans and the Miller The Happy Prince and Other Tales Oscar Oscar Wilde, 2019-01-23 The Happy Prince and Other Tales sometimes called The Happy Prince and Other Stories is a collection of stories for children by Oscar Wilde first published in May 1888 It contains five stories The Happy Prince The Nightingale and the Rose The Selfish Giant The Devoted Friend and The Remarkable Rocket It is most famous for its title story The Happy Prince The Happy Prince and Other Tales By Oscar Wilde (Classic Edition) Oscar Wilde, 2021-04-19 High above a city stands an ornate statue of the Happy Prince recently deceased He oversees the town and is pained by the suffering of his people One night a Swallow who had not gone to Egypt with his flock for the winter because he was pursuing a beautiful Reed arrives in the city and rests on the Happy Prince's statue The Swallow notices the Prince is
