

"Superb. . . . It is a rare historian who can bring politics alive with such verve."
— *Wall Street Journal*

CAITLIN FITZ

OUR SISTER REPUBLICS

The United States in an Age of
American Revolutions

Sister Republics

Patrice L. R. Higonnet

Sister Republics:

Our Sister Republics Caitlin Fitz, 2016-07-05 Winner of the James H Broussard First Book Prize PROSE Award in U S History Honorable Mention A major new interpretation recasts U S history between revolution and civil war exposing a dramatic reversal in sympathy toward Latin American revolutions In the early nineteenth century the United States turned its idealistic gaze southward imagining a legacy of revolution and republicanism it hoped would dominate the American hemisphere From pulsing port cities to Midwestern farms and southern plantations an adolescent nation hailed Latin America s independence movements as glorious tropical reprises of 1776 Even as Latin Americans were gradually ending slavery U S observers remained energized by the belief that their founding ideals were triumphing over European tyranny among their sister republics But as slavery became a violently divisive issue at home goodwill toward antislavery revolutionaries waned By the nation s fiftieth anniversary republican efforts abroad had become a scaffold upon which many in the United States erected an ideology of white U S exceptionalism that would haunt the geopolitical landscape for generations Marshaling groundbreaking research in four languages Caitlin Fitz defines this hugely significant previously unacknowledged turning point in U S history **The Sister Republics** ,1906 The Political Culture of the Sister Republics, 1794-1806 Joris Oddens, Mart Rutjes, Erik Jacobs, 2025-10-01 Leading historians of the French Batavian Helvetic Cisalpine and Neapolitan revolutions bridge the gap between the historiographies of the so called Sister Republics They explore political culture as a set of discourses or political practices Parliamentary practices the comparability of universal political concepts late eighteenth century Republicanism the relationship between press and politics and the interaction between the Sister Republics and France are studied from a comparative transnational perspective *Sister Republics* Patrice L. R. Higonnet, 1988 Exploring the backgrounds of the American and French revolutions Higonnet finds that dominant American ideology welded together strands of individualist and communitarian thought under an umbrella of virtue while most Frenchmen by contrast were still suspicious of economic individualism Whereas in America both the rights of the individual and the interests of the community were protected in a pluralistic Federal system in France these two forces remained at loggerheads This resulted in politics of consensus in America and generated political conflict in France ISBN 0 674 80982 3 27 50 **Sovereignty, International Law, and the French Revolution** Edward James Kolla, 2017-10-12 The advent of the principle of popular sovereignty during the French Revolution inspired an unintended but momentous change in international law Edward James Kolla explains that between 1789 and 1799 the idea that peoples ought to determine their fates in international affairs just as they were taking power domestically in France inspired a series of new and interconnected claims to territory Drawing on case studies from Avignon Belgium the Rhineland the Netherlands Switzerland and Italy Kolla traces how French revolutionary diplomats and leaders gradually applied principles derived from new domestic political philosophy and law to the international stage Instead of obtaining land via dynastic inheritance or conquest

in war the will of the people would now determine the title and status of territory However the principle of popular sovereignty also opened up new justifications for aggressive conquest and this history foreshadowed some of the most controversial questions in international relations today [Department of State Bulletin](#) ,1957 The official monthly record of United States foreign policy **Republics at War, 1776-1840** P. Serna,A. De Francesco,J. Miller,2013-10-11 This collection probes the troubling connections between war and republic during Revolutionary era 1776 1840 It presents the work of an international team of scholars some of them in English for the first time [Reimagining Politics after the Terror](#) Andrew Jainchill,2018-07-05 In the wake of the Terror France s political and intellectual elites set out to refound the Republic and in so doing reimagined the nature of the political order They argued vigorously over imperial expansion constitutional power personal liberty and public morality In *Reimagining Politics after the Terror* Andrew Jainchill rewrites the history of the origins of French Liberalism by telling the story of France s underappreciated republican moment during the tumultuous years between 1794 and Napoleon s declaration of a new French Empire in 1804 Examining a wide range of political and theoretical debates Jainchill offers a compelling reinterpretation of the political culture of post Terror France and of the establishment of Napoleon s Consulate He also provides new readings of works by the key architects of early French Liberalism including Germaine de Sta l Benjamin Constant and in the epilogue Alexis de Tocqueville The political culture of the post Terror period was decisively shaped by the classical republican tradition of the early modern Atlantic world and as Jainchill persuasively argues constituted France s Machiavellian Moment Out of this moment a distinctly French version of liberalism began to take shape *Reimagining Politics after the Terror* is essential reading for anyone concerned with the history of political thought the origins and nature of French Liberalism and the end of the French Revolution [The Cambridge History of the Age of Atlantic Revolutions: Volume 2, France, Europe, and Haiti](#) Wim Klooster,2023-11-09 Volume II delves into the revolutions of France Europe and Haiti with particular focus on the French Revolution and the changes it wrought The demarcation between property and power and the changes in family life religious practices and socio economic relations are explored as well as the preoccupation with violence and terror both of which were conspicuous aspects of the revolution Simultaneous movements in England Germany Hungary Ireland Italy and Poland Lithuania are also discussed The volume ends with the Haitian Revolution and its impact on neighboring countries revealing how the revolution was comprised of several smaller revolutions and how once the independent black State of Haiti was established an effort was made to fulfill the promises of freedom and equality **The Routledge Companion to the French Revolution in World History** Alan Forrest,Matthias Middell,2015-09-16 The Routledge Companion to the French Revolution in World History engages with some of the most recent trends in French revolutionary scholarship by considering the Revolution in its global context Across seventeen chapters an international team of contributors examine the impact of the Revolution not only on its European neighbours but on Latin America North America and Africa assess how far events there impacted on the Revolution

in France and suggest something of the Revolution's enduring legacy in the modern world. The Companion views the French Revolution through a deliberately wide lens. The first section deals with its global repercussions from the Mediterranean to the Caribbean and includes a discussion of major insurrections such as those in Haiti and Venezuela. Three chapters then dissect the often complex and entangled relations with other revolutionary movements in seventeenth-century Britain, the American colonies, and Meiji Japan. The focus then switches to international involvement in the events of 1789 and the circulation of ideas, people, goods, and capital. In a final section, contributors throw light on how the Revolution was and is still remembered across the globe, with chapters on Russia, China, and Australasia. An introduction by the editors places the Revolution in its political, historical, and historiographical context. *The Routledge Companion to the French Revolution in World History* is a timely and important contribution to scholarship of the French Revolution.

As recognized, adventure as competently as experience roughly lesson, amusement, as capably as pact can be gotten by just checking out a ebook **Sister Republics** plus it is not directly done, you could acknowledge even more approximately this life, re the world.

We have the funds for you this proper as capably as simple pretentiousness to acquire those all. We present Sister Republics and numerous ebook collections from fictions to scientific research in any way. in the middle of them is this Sister Republics that can be your partner.
