Practice Theory Perspectives on Pedagogy and Education Peter Grootenboer, Christine Edwards-Groves, Sarojni Choy, 2017-01-16 This book examines the way in which the practice turn in education and pedagogy offers unique perspectives on the nature of educational work Through a plurality of practice theories deeper understandings emerge about a range of education and concepts providing useful tools for advancing and developing practice theory in education and pedagogy The book discusses the related and dual perspectives of pedagogy as both a teaching and an upbringing practice It also explores education in a range of contexts and sectors beyond school including VET tertiary and non formal settings Education is seen as serving a dual purpose the development of individuals and the betterment of societies and community and this conceptualisation of education underpins the book It acknowledges that there are diverse understandings and perspectives of practice theory pedagogy and education each of which is contestable and ripe for further development and this is examined throughout the book This book was developed alongside an invited symposium held in June 2015 in Brisbane Australia where the authors and interested others gathered to discuss practice theory perspectives on pedagogy and education The title Practice Theory Perspectives on Pedagogy and Education captures the central overarching focus that underpins the book

Indigenous Perspectives on Sacred Natural Sites Jonathan Liljeblad, Bas Verschuuren, 2018-12-17 Much previous literature on sacred natural sites has been written from a non indigenous perspective In contrast this book facilitates a greater self expression of indigenous perspectives regarding treatment of the sacred and its protection and governance in the face of threats from various forms of natural resource exploitation and development It provides indigenous custodians the opportunity to explain how they view and treat the sacred through a written account that is available to a global audience It thus illuminates similarities and differences of both definitions interpretations and governance approaches regarding sacred natural phenomena and their conservation The volume presents an international range of case studies from the recent controversy of pipeline construction at Standing Rock a sacred site for the Sioux people spanning North and South Dakota to others located in Australia Canada East Timor Hawaii India Mexico Myanmar Nigeria and the Philippines Each chapter includes an analytical introduction and conclusion written by the editors to identify common themes unique insights and key messages The book is therefore a valuable teaching resource for students of indigenous studies anthropology religion heritage human rights and law nature conservation and environmental protection It will also be of great interest to professionals and NGOs concerned with nature and heritage conservation

Archaeological Perspectives on the Southern Appalachians Ramie A. Gougeon, Maureen Meyers, 2015-03-10 This volume demonstrates how archaeologists working in the Southern Appalachian region over the past 40 years have developed rich interpretations of prehistoric and historic Southeastern Native societies by examining them from multiple scales of analysis The end results of these examinations demonstrate both the uses and the constraints of multiscalar approaches in reconstructing various lifeways across the
