The Temporality of Festivals Anke Walter, 2024-04-01 How can time become festive How do festivals manage to make time special to mark out a certain day or days to distinguish them from normal everyday time and to fill them with meaning And how can we reconstruct what festive time looked like in the past and what people thought about it While a lot of research has been done on festivals from the point of view of several scholarly disciplines the specific temporality of festivals has not yet attracted sufficient attention In this volume scholars from different fields provide answers to the questions raised above based on a fresh analysis of astronomical documents calendars and literary texts Cultures as diverse as ancient Babylon Greece and Rome and medieval China all share a sense of calendrically recurring festive time as something special that needs to be carefully mapped out and preserved often with great sophistication and that gives us precious insights into the broader religious political and social dimensions of time within past cultures Temple Scroll and Related Texts Sidnie White Crawford, 2000-05-01 The Temple Scroll and Related Texts one of the series Companion to the Qumran Scrolls is a comprehensive roadmap to the Temple Scroll the longest and one of the most complex of the manuscripts from Qumran The central chapter contains a discussion of the contents of the Temple Scroll including sections on the Temple and its courts purity regulation the festival calendar and the Deuteronomic Paraphrase with the Law of the King The Companion also includes a chapter on the Description of the New Jerusalem as well as one on the relationship of the Temple Scroll to the Book of Jubilees 4QMiqsat Ma aseh ha Torah and the Damascus Document Written in accessible language and featuring extensive bibliographies this Companion is ideal for undergraduate and graduate classes **Texts for Preaching: Year B** Walter Brueggemann, Charles B. shared by both systems such as the pantheon rituals of war festivals and animal sacrifice The aim of such a comparison is to discover clues that may further our understanding of the deep history of religious practices and when used in conjunction with historical data illuminate the differences between cultures and reveal what is distinctive about each of them
