Texts Of Power Emerging Disciplines In Colonial Bengal:

Texts of Power Partha Chatterjee, Centre for Studies in Social Sciences, 1995 Scholars from the Centre for Studies in Social Sciences in Calcutta explore the genealogy of India's contemporary intellectual modernity concentrating on Bengal the first modern province The topics include colonial and nationalist literature art politics child rearing historical memory and the mapping of Calcutta The authors apply theories from recent historical and cultural studies providing new insights into modern Indian intellectualism Annotation copyright by Book News Inc Portland OR **Texts of Power** Partha

Chatterjee, 1995-01-01 The contributors consider what the case of Bengal says about the workings of Western modernity in a colonial setting **Tagore's Solutions for Colonial Degeneration** Amartya Mukhopadhyay, 2023-12-12 This book focuses

on Rabindranath Tagore as a social and political thinker revolving around Tagore's ideas on the seeds of civil society nation identities and communities in the Indic tradition The author deconstructs Tagore's concepts against the appropriate resurgent and triumphalist Western concepts in the updated Western social thought and theories The book examines Tagore's understanding of the nature of the civil social sphere in India and analyzes the relevance of his civil social concepts against the backdrop of colonialism in India It also discusses his views on nation and nationalism in India and his insights into the problems and prospects of intercommunity particularly Hindu Muslim relations in India Applying current social science and Western literature in an unprecedented manner to interpret Tagore this book will be of great interest to scholars teachers and students of politics nationalism postcolonialism history comparative literature sociology religious studies and South Asian studies **Shyamji Krishnavarma** Harald Fischer-Tine, 2015-10-15 This book is the first critical biography on

Shyamji Krishnavarma scholar journalist and national revolutionary who lived in exile outside India from 1897 to 1930 His ideas were crucial in the creation of an extremist wing of anti imperial nationalism The work delves into a fascinating range of issues such as colonialism and knowledge political violence cosmopolitanism and diaspora Lucidly written and with an insightful analysis of Krishnavarma's life and times this will greatly interest scholars and researchers of modern Indian history politics the nationalist movement as well as the informed lay reader **Purifying Empire** Deana Heath, 2010-06-03

Purifying Empire explores the material cultural and moral fragmentation of the boundaries of imperial and colonial rule in the British Empire in the late nineteenth and early twentieth centuries It charts how a particular bio political project namely the drive to regulate the obscene in late nineteenth century Britain was transformed from a national into a global and imperial venture and then re localized in two different colonial contexts India and Australia to serve decidedly different ends While a considerable body of work has demonstrated both the role of empire in shaping moral regulatory projects in Britain and their adaptation transformation and at times rejection in colonial contexts this book illustrates that it is in fact only through a comparative and transnational framework that it is possible to elucidate both the temporalist nature of colonialism and the political racial and moral contradictions that sustained imperial and colonial regimes **Indian Secularism**

Shabnum Tejani,2021-01-05 Many of the central issues in modern Indian politics have long been understood in terms of an opposition between ideologies of secularism and communalism Observers have argued that recent Hindu nationalism is the symptom of a crisis of Indian secularism and have blamed this on a resurgence of religion or communalism Shabnum Tejani unpacks prevailing assumptions about the meaning of secularism in contemporary politics focusing on India but with many points of comparison elsewhere in the world She questions the simple dichotomy between secularism and communalism that has been used in scholarly study and political discourse Tracing the social political and intellectual genealogies of the concepts of secularism and communalism from the late nineteenth century until the ratification of the Indian constitution in 1950 she shows how secularism came to be bound up with ideas about nationalism and national identity **Historical**
