Texture Of The Divine:

The Texture of the Divine Aaron W. Hughes, 2003-12-09 The Texture of the Divine explores the central role of the imagination in the shared symbolic worlds of medieval Islam and Judaism Aaron W Hughes looks closely at three interrelated texts known as the Hayy ibn Yaqzan cycle dating roughly from 1000 1200 CE to reveal the interconnections not only between Muslims and Jews but also between philosophy mysticism and literature Each of the texts is an initiatory tale recounting a journey through the ascending layers of the universe These narratives culminate in the imaginative apprehension of God in which the traveler gazes into the divine presence The tales are beautiful and poetic literary works as well as probing philosophical treatises on how the individual can know the unknowable In this groundbreaking work Hughes reveals the literary initiatory ritualistic and mystical dimensions of medieval Neoplatonism The Texture of the Divine also includes the first complete English translation of Abraham Ibn Ezra s Hay ben Meqitz *Reading Shakespeare in Jewish Theological Frameworks* Caroline Wiesensthal Lion, 2022-08-24 Reading Shakespeare in Jewish Theological Frameworks Shylock Beyond the Holocaust uses Jewish theology to mount a courageous new reading of a four hundred year old play The Merchant of Venice While victimhood and antisemitism have been the understandable focus of the Merchant critical history for decades Lion urges scholars performers and readers to see beyond the racism in Shakespeare s plays by recovering Shakespearean themes of potentiality and human flourishing as they emerge within the Jewish tradition itself Lion joins the race conversation in Shakespeare studies today by drawing on the intellectual history and oppression of the Jewish people borrowing from thinkers Franz Rosenzweig and Abraham Joshua Heschel as well as Hannah Arendt Walter Benjamin Jacques Derrida Emmanuel Levinas and rabbis from the Talmud to today This volume interweaves post confessional Protestant Catholic Muslim Jewish and mystical ideas with Shakespeare s poetry and opens conversations of prophecy love spirituality care and community It concludes with brief critical sketches of Antony and Cleopatra Hamlet and Macbeth to demonstrate that Shakespeare when interpreted through Jewish theological frameworks can point to post credal solutions and transformed societal paradigms of repair that encourage action and the shaping of a finer world **Rabbi Joseph**

Metaphor and Imagination in Medieval Jewish Thought Dianna Lynn Roberts-Zauderer, 2019-12-12 This book reveals how Moses ibn Ezra Judah Halevi Moses Maimonides and Shem Tov ibn Falaquera understood metaphor and imagination and their role in the way human beings describe God It demonstrates how these medieval Jewish thinkers engaged with Arabic Aristotelian psychology specifically with regard to imagination and its role in cognition Dianna Lynn Roberts Zauderer reconstructs the process by which metaphoric language is taken up by the imagination and the role of imagination in rational thought If imagination is a necessary component of thinking how is Maimonides idea of pure intellectual thought possible An examination of select passages in the Guide in both Judeo Arabic and translation shows how

Maimonides attitude towards imagination develops and how translations contribute to a bifurcation of reason and imagination that does not acknowledge the nuances of the original text Finally the author shows how Falaquera s poetics forges a new direction for thinking about imagination

The Art of Mystical Narrative Eitan P. Fishbane,2018 In the study of Judaism the Zohar has captivated the minds of interpreters for over seven centuries and continues to entrance readers in the modern day Yet despite these centuries of study very little attention has been devoted to the literary dimensions of the text The Art of Mystical Narrative argues that the Zohar story must be understood first and foremost as a work of the fictional imagination

Introducing World Religions Victoria Kennick Urubshurow,2008

Reading St. Luke's Text and Theology: Pentecostal Voices Riku P. Tuppurainen,2019-10-16 Lukan narrative takes its readers into God s story how his salvation plan in Jesus began on the slopes of Judea and at the Sea of Galilee ending on the hill of Calvary and the Mount of Olives yet moving on and telling how the Spirit descended onto the Temple Mount empowering God s people who then began to fulfill the given mandate in the presence of the Spirit Yet readers of Luke Acts throughout the centuries have had a meandering journey as they have tried to understand the narrative s persuasion and Spirit references This book seeks to bring awareness to these challenges by some of the most respected Pentecostal biblical scholars and systematicians Here their vigorous labor with the questions of hermeneutics and theology in relation to Lukan writings have come to fruition These contributions have been collected as a Festschrift in honor and celebration of the career of Roger Stronstad a Pentecostal biblical scholar whose contribution to Lukan studies have moved Pentecostal scholarship from shadows into daylight The editor of this volume invites the readers of Lukan narrative to journey together on the road to Emmaus as we continue to ponder the events in the past the present and the future

The Sermon on the Mount and the Ewes of Ghana Frederick Mawusi Amevenku,2023-11-07 Using socio rhetorical interpretation to study Matthew s Sermon on the Mount the book explores the contextual interpretation of the sermon among the Ghana Ewe The book argues that the Sermon on the Mount can be viewed as Jesus new kingdom gospel and a reinterpretation of the Mosaic law teaching not only ethics but also kingdom appropriate righteousness for theological and ethical renewal Kingdom appropriate righteousness is nurtured through daily exchanges with God leading to habitual forgiveness and subsequent divine perfection of love for God and one s enemies In the contemporary context kingdom appropriate righteousness challenges the deficient compulsory wealth prosperity gospel Christianity that is promoted in contemporary Ghana and elsewhere

Reflections on Knowledge and Language in Middle Eastern Societies Yonatan Mendel,Bruno De Nicola,Husain Qutbuddin,2010-08-11 This book presents a collection of articles that put forward original research and significant insight regarding several key issues related to knowledge and language in Middle Eastern societies The aspects studied include the role of knowledge and language in affirming and negating political agendas and self identities within areas of conflict and tension ideas regarding

the usefulness and interaction of religious and secular knowledge and the attributes that render knowledge and language especially that which is believed to be of divine origin outstanding and worthy of admiration The selection of studies has been purposefully diverse to include a variety of languages including Arabic Turkish Hebrew and Persian within multiple traditions including Hellenism Judaism Christianity and Islam while focussing on a range of periods from the classical to the mediaeval to the modern and examining a range of issues such as methods of analysing and interpreting Persian Turkish and Arabic literature literary and other attributes of the Bible and the Qur'an diglossic languages the Turkish modernisation project Turkish Kurdish tensions Andalusian music Azerbaijani politics and the Israeli Palestinian conflict By underlining the substantial commonalities that exist between such seemingly different fields of research the book highlights the idea increasingly on the wane in departments of Middle Eastern Studies across many universities that a shared area of study viz the Middle East naturally and inherently entails a shared cultural historical and sociological milieu It suggests that academics who engage in different branches of research related to this area should rather than focussing singly on their own field avail substantially and meaningfully of one another's scholarship learn from each other's methodologies and collectively build upon a body of knowledge that should never be seen as dissociated
