'Tinkers' Mary Burke, 2009-07-16 The history of Irish Travellers is not analogous to that of the tinker a Europe wide underworld fantasy created by sixteenth century British and continental Rogue Literature that came to be seen as an Irish character alone as English became dominant in Ireland By the Revival the tinker represented bohemian pre Celtic aboriginality functioning as the cultural nationalist counter to the Victorian Gypsy mania Long misunderstood as a portrayal of actual Travellers J M Synge's influential The Tinker's Wedding was pivotal to this Irishing of the tinker even as it acknowledged that figure's cosmopolitan textual roots Synge's empathetic depiction is closely examined as are the many subsequent representations that looked to him as a model to subvert or emulate In contrast to their Revival era romanticization post independence writing portrayed tinkers as alien interlopers while contemporaneous Unionists labelled them a contaminant from the hostile South However after Travellers politicized in the 1960s more even handed depictions heralded a querying of the tinker fantasy that has shaped contemporary screen and literary representations of Travellers and has prompted Traveller writers to transubstantiate Otherness into the empowering rhetoric of ethnic difference Though its Irish equivalent has oscillated between idealization and demonization US racial history facilitates the cinematic figuring of the Irish American Traveler as lovable white trash rogue This process is informed by the mythology of a population with whom Travelers are allied in the white American imagination the Scots Irish Ulster Scots In short the tinker is much more central to Irish Northern Irish and even Irish American identity than is currently recognised

Theatre Stuff Eamonn Jordan, 2000 Essays on contemporary Irish theatre **The Spaces of Irish Drama** H. Lojek, 2011-10-03 Lojek provides extensive analysis of space in plays by living Irish playwrights applying practical understandings of staging and the insights of geographers and spatial theorists to drama in an era increasingly aware of space Drama in Hardwicke Street William J. Feeney, 1984 This first full length history of the Irish Theatre Company follows the theater from its inception in 1914 through the crisis of the Easter Rising in which three of its founders were killed to its demise in 1920 when the Troubles turned the streets of Dublin into a battlefield and its surviving founder Edward Matryn refused to make the concessions to middlebrow taste that might have guaranteed its survival **Active Speech** Úna

Kealy, Kate McCarthy, 2025-04-07 *Active Speech* is a groundbreaking collection of scholarly essays and practitioner interviews focused on the work of Irish playwright Teresa Deevy. Acts of recovery in the 1980s and 1990s challenged Deevy's exclusion from the literary canon, reclaiming her contributions as significant to Irish drama and theatre. The recent resurgence of scholarship and productions evidences that as a deafened woman and Irish playwright, Deevy's creative power continues to disrupt and tilt the canon of Irish drama, theatre, and performance. Essays within the collection explore how Deevy's work interrogates early to mid-twentieth century Irish social norms and ideologies and provide a rich context for understanding her plays. The collection highlights the interdisciplinary nature of research on Deevy and offers insights on her work through archival research, literary analysis, and practitioner perspectives from Deaf and hearing theatremakers. One of the collection's strengths lies in its collaborative and inclusive approach, showcasing diverse methodologies and rigorous scholarship. The chapters on archival research and practitioner perspectives offer compelling models and avenues for future studies. This volume is an essential resource for scholars, educators, and theatremakers alike.

Fifty Key Irish Plays Shaun Richards, 2022-08-25 *Fifty Key Irish Plays* charts the progression of modern Irish drama from Dion Boucicault's entry on to the global stage of the Irish diaspora to the contemporary dramas created by the experiences of the New Irish. Each chapter provides a brief plot outline along with informed analysis and alert to the cultural and critical context of each play, an account of the key roles that they played in the developing story of Irish drama. While the core of the collection is based on the critical canon including work by J. M. Synge, Lady Gregory, Teresa Deevy, and Brian Friel, plays such as *Tom Mac Intyre's The Great Hunger* and *ANU Productions Laundry* which illuminate routes away from the mainstream are also included. With a focus on the development of form as well as theme, the collection guides the reader to an informed overview of Irish theatre via succinct and insightful essays by an international team of academics. This invaluable collection will be of particular interest to undergraduate students of theatre and performance studies and to lay readers looking to expand their appreciation of Irish drama.

A Companion to Twentieth-Century American Drama David Krasner, 2008-04-15 This Companion provides an original and authoritative survey of twentieth-century American drama studies written by some of the best scholars and critics in the field. Balances consideration of canonical material with discussion of works by previously marginalized playwrights. Includes studies of leading dramatists such as Tennessee Williams, Arthur Miller, Eugene O'Neill, and Gertrude Stein. Allows readers to make new links between particular plays and playwrights. Examines the movements that framed the century such as the Harlem Renaissance, lesbian and gay drama, and the solo performances of the 1980s and 1990s. Situates American drama within larger discussions about American ideas and culture.

The Theatre of D.H. Lawrence James Moran, 2015-11-19 This is the first major book-length study for four decades to examine the plays written by D. H. Lawrence and the first ever book to give an in-depth analysis of Lawrence's interaction with the theatre industry during the early twentieth century. It connects and examines his performance texts and explores his reaction to a wide range of theatre from

the sensation dramas of working class Eastwood to the ritual performances of the Pueblo people in order to explain Lawrence's contribution to modern drama F R Leavis influentially labelled the writer D H Lawrence Novelist But this book foregrounds Lawrence's career as a playwright exploring unfamiliar contexts and manuscripts and drawing particular attention to his three most successful works *The Widowing of Mrs Holroyd* *The Daughter in Law* and *A Collier's Friday Night* It examines how Lawrence's novels are suffused with theatrical thinking revealing how Lawrence's fictions from his first published work to the last story that he wrote before his death continually take inspiration from the playhouse The book also argues that although Lawrence has sometimes been dismissed as a restrictively naturalistic stage writer his overall oeuvre shows a consistent concern with theatrical experiment and manifests affinities with the dramatic thinking of modernist figures including Brecht Artaud and Joyce In a final section the book includes contributions from influential theatre makers who have taken their own cue from Lawrence's work and who have created original work that consciously follows Lawrence in making working class life central to the public forum of the theatre stage
