

12th Grade CHECKLIST

for Students Applying to a Four-Year College or University

This checklist references sections found in the Postsecondary Education Planning Guide for Adults Supporting California's Foster Youth. Visit jbay.org/resources/ed-planning-guide/ to access the complete guide.

Depending on a youth's goals and when they start preparing for postsecondary education, some of these steps may not apply. The checklist below includes the steps for all different types of postsecondary education: career and technical education programs, community colleges, and four-year universities. Use the links above to download standalone checklists for individual postsecondary pathways.

EDUCATION PLANNING

- ❑ **Continue to work with the student to identify which postsecondary pathways they are interested in based on their interests and career goals.** It's not too late to schedule a visit in-person or virtually to a college campus or attend a college fair to explore options.
- ❑ **Students with an IEP and/or 504 Plan:** Make sure your student is provided a copy of their most recent Individualized Education Program (IEP) plan with their diagnosis to help access learning accommodations in college. If they aren't sure if they have had an IEP in the past, reach out to your local Foster

Youth Services Coordinating Program to verify. For youth 16 or older, the IEP should include a statement of needed transition services and appropriate measurable postsecondary goals. Students may be eligible for services through the Department of Rehabilitation. Learn more in Section 10.

- ❑ **Add report cards from 12th grade into the student's online or physical documents folder along with any certificates or awards earned for the year.** If the student transfers to a new school, obtain a copy of their school record and keep it with other important documents.
- ❑ **Help students develop a system to safely store all login usernames and passwords.** Students will need to create a number of new accounts in the college application process. Accounts may include applications for financial aid, WebGrants 4 Students, and college applications.
- ❑ **Help students obtain an email address that is strictly for college and financial aid application information.** Avoid using a high school email address, since those often expire.
- ❑ **If the student is interested in applying to four-year college or university, and has taken the courses necessary to apply, help them make a list of three to five colleges they are interested in.** If they have taken the courses necessary to apply to a four-year university this can include "reach school(s)," "target schools" and "safety schools." These are terms to describe the likelihood of being admitted based on factors such as a school's acceptance rate or average GPA. For example, at a "safety school" the student would most likely be accepted and at a "reach school" there is a lower chance of acceptance. If the student is interested in community college, explore which colleges have the programs the student is interested in.
- **Schedule tours/informational interviews** to help narrow down choices and get a feel for the institution (physical environment, types of courses, resources, etc.). Students should consider housing options available to them as well.
- **Schedule a meeting with campus foster youth support program staff** to gather more information on available services. See Section 10 of the guide for more information.
