Wube, 2018-01-20 Since the downfall of the Derge and the establishment of the decree for religious freedom there have been types of problems related to the size and type of groups that have greatly affected the Ethiopian evangelical church The first category of problem is due to the attraction that many contemporary church leaders have for reaching multitudes and building mega church ministries at the expense of small group ministries Because of the priority on the large group environment small group ministries have been neglected resulting in a whole generation of students and people who have never experience the vibrant spiritual benefits of a small group As a result believers are inclined to attend only Sunday Worship Services and the rest of the week live disconnected from vital relational community and involvement Too many churches in Ethiopia today have chosen to focus on the quantity of the people rather than the quality of the disciple resulting in the spiritual diseases of nominalism and carnality Discipleship and biblical Koinonia are being ignored therefore many people are not experiencing the richness of biblical Christianity in many practical ways This has resulted in the loss of Ethiopian Evangelicals identity as well as an influence on all aspects of Ethiopian culture including her institutions and government      How to Lead a Great Cell Group Meeting So People Want to Come Back Joel Comiskey, 2001 Do people expectantly return to your group meetings every week Do you have fun and experience joy during your meetings Is everyone participating in discussion and ministry If you answered no to any of these questions you ll love the clear practical advice this book offers The truth of the matter is that you can lead a great cell group meeting You can lead meetings that are life changing and dynamic Most people don t realize they can create a God filled atmosphere because they don t know how Now the secret is out This book will show you how to prepare yourself spiritually to hear God during the meeting Structure the meeting so that it flows Spur people in the group to participate and share their lives openly Share your life with others in the group Create stimulating questions Listen effectively to discover what is transpiring in others lives Open the group to unbelievers See the details that create a warm inviting atmosphere By implementing these time tested ideas your group meetings will become the hot item of your members week They will go home wanting more and return each week bringing new people with them
