The Guns Of Palembang:

The Guns of Palembang Peter McCurtin, 1978 *Sumatra 1944-45* Angus Konstam, 2024-10-24 The first history of how the aircraft of the British Pacific Fleet shattered Japanese oilfields in Sumatra starving Japan of oil and proving how Anglo American navies could fight together With the war in Europe in its final stages by 1944 the Royal Navy was able to put together a major force to join the campaign against Japan The British Pacific Fleet was arguably the most powerful fleet the Royal Navy has ever sent into action In this book renowned naval historian Angus Konstam explores how the first target of British naval power in the Pacific would be the strategically vital oil fields in Japanese occupied Sumatra part of the Dutch East Indies Between April 1944 and January 1945 the task force struck oil fields and production centres Japanese airfields naval facilities and troop concentrations Initially working alongside US Navy carriers and learning their ruthlessly effective fast carrier doctrine the British would end the Sumatra campaign with a powerful fleet of ten carriers of their own Packed with dramatic artwork maps 3D diagrams and archive photos this is the first history of the Sumatra raids a prime example of how naval air power could achieve key strategic ends They also proved that the Allied navies could fight successfully alongside one another paving the way for the BPF's participation in the capture of Okinawa *Battle for Palembang* Terence Kelly, 1985 **Rikugun** Leland Ness, 2014-12-19 Rikugun Guide to Japanese Ground Forces 1937 1945 is the first nuts and bolts handbook to utilize both the voluminous raw allied intelligence documents and postwar Japanese documentation as primary sources This second volume covers the armament of the ground forces It takes advantage not only of postwar Japanese research but also the extensive technical intelligence efforts of the Allies near the end of the war and the postwar investigations that have heretofore generally been ignored to provide a complete examination of wartime Japanese armament The book is divided into twenty three sections covering all categories including not only the standard arms such as machine guns and coast artillery but also more esoteric items such as bridging chemical weapons and assault equipment Each section provides both production and technical data as well as a discussion of the unique characteristics of each weapon and its place in the force structure accompanied by over 300 photographs and numerous data tables A trip to sea, from 1810 to 1815 George Miller, 1854 **The Guns of Palembang** Peter McCurtin, 1982-03-01 The Netherlands East Indies Campaign 1941-42 Marc Lohnstein, 2021-06-24 A compact study of one of the less well known campaigns of the Pacific War which featured complex Japanese and Allied operations and included the first use of airborne troops in the war Imperial Japan's campaigns of conquest in late 1941 early 1942 were launched in order to achieve self sufficiency for the Japanese people chiefly in the precious commodity of oil The Netherlands or Dutch East Indies formed one of Japan's primary targets on account of its abundant rubber plantations and oilfields The Japanese despatched an enormous naval task force to support the amphibious landings over the vast terrain of the Netherlands East Indies The combined arms offensive was divided into three groups western centre and eastern The isolated airfields and oilfields were however picked off one by one

by the Japanese in the rush to secure the major islands before major Allied reinforcements arrived This superbly illustrated title describes the operational plans and conduct of the fighting by the major parties involved and assesses the performance of the opposing forces on the battlefield bringing to life an often overlooked campaign of the Pacific War *Gentle Janus, Merchant Prince* Reinout Vos, 2022-07-04 The Janus face of the Dutch East Indies Company representing a merchant on one side and a prince on the other has long puzzled historians How could a commercial enterprise firmly rooted in a tradition of free trade turn into a powerful monopolistic empire the moment its ships rounded the Cape of Good Hope This book based on Company archives and Malay historical material offers a reconstruction of the VOC s double role in the complex world of eighteenth century Malay court politics It describes the successes and failures of the VOC s political trade system as practised in its tin trade in the Straits of Malacca from 1740 to 1800 Careful consideration is given to the Company s relations with the sultanates of Palembang and Johore and the position of the VOC with respect to its English and Chinese competitors The author s main thesis is that the VOC s political mode of operation far from being a deviation from its proper merchant s role was an essential means to achieving success trade privileges were bought by rendering political support to indigenous princes Contrary to popular opinion however the system was not based on forced deliveries the merchant prince s iron hand When this resulted in stable and friendly alliances gentle Janus s system could bear fruit even in the difficult years of the late eighteenth century Proceedings of the 8th FIRST 2024 International Conference on Global Innovations (FIRST-ESCSI 2024) Nyau Latifah Husni, Wahyu Caesarendra, Nurlaili Rahmi, Leni Novianti, Deris Stiawan, 2025-05-01 This book is an Open access The 8th FIRST Forum in Research Science and Technology 2024 International Conference on Global Innovations is a prestigious gathering of thought leaders industry experts and visionaries who are dedicated to exploring and promoting innovative solutions to the world s most pressing challenges This conference provides a unique platform for collaboration knowledge sharing and networking fostering a global community of change makers This conference is held in conjunction with the forming of South Sumatra Vocational Higher Education or Technical and Vocational Education and Training TVET consortium Technical and Vocational Education and Training TVET consortium is a forum for collaboration between vocational education units aimed at supporting the revitalization of Technical and Vocational Education and Training This consortium is formed in order to achieve harmony through a synergistic partnership the Directorate General of Vocational Education the Ministry of Education Culture Research and Technology Kemendikbudristek as well as stakeholders in the regions In order to support the Partnership Ecosystem Strengthening Program for Regional Potential Based Innovation Development Japan Runs Wild, 1942-1943 Peter Harmsen, 2020-05-12 The author of *Storm Clouds Over the Pacific* 1931 1941 chronicles Japan s dramatic reversal of fortune as Allied forces gained advantage during WWII In early 1942 the Imperial Japanese Army and Navy were advancing on all fronts humiliating Allied forces throughout the Pacific In a matter of months Japan had conquered an area larger than Hitler s empire at its apex Hawaiians and Australians feared a future under

Hirohito The fate of half of mankind was hanging in the balance But by the end of 1943 the tables had turned entirely The American led military machine had kicked into gear and the Japanese were fighting a defensive battle along a frontline that crossed thousands of miles of land and sea In Japan Runs Wild 1942 1943 historian Peter Harmsen details the astonishing transformation that took place in that period setting the Allies on a path to ultimate victory over Japan The second installment of Peter Harmsen s three part history Japan Runs Wild 1942 1943 continues his comprehensive chronicle of the Pacific Theater during the Second World War Giving due emphasis to the Japanese American struggle Harmsen also sheds light on the other peoples involved including the British Australians Soviets Filipinos Indians and Koreans Above all the central importance of China is highlighted in a way that no previous general history of the war against Japan has achieved
