

A black and white photograph of three children playing hopscotch on a paved surface. The child on the left is a girl with light hair, smiling and holding the hand of the child in the middle. The child in the middle is a boy with dark hair, seen from the back, wearing a light-colored shirt and dark pants, and is in the middle of a hop. The child on the right is a boy with light hair, wearing a light-colored shirt and dark pants, and is also in the middle of a hop. The ground is paved with stones and has chalk drawings of hopscotch grids. The text is overlaid in the center of the image.

"Childhood friends will take different paths and life may separate them, but they will forever be bonded by the childhood memories they share."

The Heart Of Childhood:

The Heart of a Child Catherine A. Neill, Edward B. Clark, Carleen Clark, 2003-04-01 From birth to adolescence from doctor's office to playground Written for parents whose child has a heart disorder this book provides up to date and reliable information from medical experts on children's heart problems The first edition of The Heart of a Child was widely praised for helping families understand and cope with heart disorders and many support organizations and websites now recommend this book as must have for families Reflecting changes in treatment and new knowledge about genetics as well as changes in the system for health care delivery the text and illustrations have been thoroughly updated with the latest developments in understanding and treating heart problems in children The second edition includes New and updated information on the genetics of heart defects including syndromes associated with heart defects Descriptions of new approaches to treatment including surgery and medication Advice on how to deal with managed care Information about advances in prenatal care Updated list of websites references and resources for families A note to grandparents Written by experts in pediatric cardiology from the Johns Hopkins Medical Institutions and the University of Utah Medical Center this new edition of The Heart of a Child uses case examples questions and answers detailed drawings and careful descriptions to explain the causes of heart disorders how they are discovered and diagnosed how they affect children and how they are treated The overriding principle of modern treatment is to restore the child who has a heart problem to the best possible health with the minimum of tests and procedures The Heart of a Child helps parents understand the challenges the options the decisions and the many reasons for hope

Reverence for the Heart of the Child Leander S. Harding, 2011-04-01 Are children little angels or little devils or are they like their parents a little of each Must they go through a definite moment of conversion or can they grow up always knowing themselves to be Christian How do theological ideas about human nature sin and salvation affect how parents see and treat children Starting with Horace Bushnell's classic 19th century study Christian Nurture Leander Harding brings the discussion up to date with the help of insights from contemporary psychoanalytic thought and Family Systems Theory Included are practical suggestions for parents and parishes
