

Who were the Aryans and where did they come from?

Germans (Anglo-Saxons), Celts, Slavs (Russians.), Kurds, Persians ("Iran" = "Aryan"), Afghans, Aryans of India, etc. form an ethnic continuum within a *language* family which anthropologists and linguists call Indo-Hittite, Hattian, Indo-European, or simply ARYAN.

Zander, 2020-10-19 While fascism perhaps reached its peak in the regimes of Hitler and Mussolini it continues to permeate governments today This reference work explores the history of fascism and how it has shaped daily life up to the present day Perhaps the most notable example of Fascism was Hitler s Nazi Germany Fascists aimed to control the media and other social institutions and Fascist views and agendas informed a wide range of daily life and popular culture But while Fascism flourished around the world in the decades before and after World War II it continues to shape politics and government today This reference explores the history of Fascism around the world and across time with special attention to how Fascism has been more than a political philosophy but has instead played a significant role in the lives of everyday people Volume one begins with a introduction that surveys the history of Fascism around the world and follows with a timeline citing key events related to Fascism Roughly 180 alphabetically arranged reference entries follow These entries discuss such topics as conditions for working people conditions for women Fascist institutions that regulated daily life attitudes toward race physical culture the arts and more Primary source documents give readers first hand accounts of Fascist thought and practice A selected bibliography directs users to additional resources *The Aryan Race: Its Origins and Its Achievements* Charles Morris, 2005-12-01 This general Aryan superiority is indicative of a highly active and capable intellect even though no one mind exercised a controlling influence The general mentality of the race the gross sum of Aryan thought and judgment must have guided the course of Aryan evolution and kept our forefathers from those side pits of stagnation into which all their competitors fell During its primitive era the Aryan race moved steadily forward unto a well devised system of organization which formed the basis of the great development of modern times from The Age of Philosophy What began in the late 19th century as a startlingly inept work of wishful thinking outrageous conjecture and bald racism masquerading as scholarship transformed itself in the late 20th century into a foundational work of neo Nazi philosophy Positing an heretofore and subsequently entirely unknown culture of Indo Europeans as the standard bearers of all human progress and initiative this 1888 work strings together a portrait of the Aryan race from carefully chosen scraps of religious political and social systems from across the Old World into a house of historical cards Useless as a guide to human cultural origins The Aryan Race is nevertheless essential reading for anyone hoping to understand the modern subculture of white supremacists and how they come by their extreme doctrines CHARLES MORRIS 1833 1922 also wrote A Manual of Classical Literature Aryan Sun Myths The Origin of Religion Heroes of Discovery in America and The San Francisco Calamity [History of Religion](#) Allan Menzies, 1895 **History of Religion** Allan Menzies, 2020-08-05 Reproduction of the original History of Religion by Allan
