KEATING,2021-05-26 Success breeds enemies Constantinople 533 Emperor Justinian charges General Belisarius with a mission to bring Vandal held North Africa back into the imperial fold Set in the Golden Age of Byzantium this is Belisarius account of his early life in Middle Dacia his rise through the ranks of the Roman army epic battles with the Persians and the fight for control of lost Mediterranean lands But in Byzantine politics sometimes the enemy within is as dangerous as one on the field of battle

The Search of Belisarius Percy Stickney Grant,1907

The Life of Belisarius Lord Mahon,2018-04-12 At the beginning of the sixth century of the Christian era the empire of Constantinople was beset with enemies and sinking to decay The tide of barbarian invasion had lately overwhelmed one half of the ancient provinces of Rome and these conquests both by their effect and their example threatened speedy downfall to the rest The emperors became either hated from their reforms or despised from their incapacity and in either case their fate was the same Frequent insurrections wasted the resources of the state and deprived the government of all energy and enterprise while the armies turbulent and feeble had thrown off the restraints of military discipline It is the purpose of my narrative to show how the genius of one man averted these dangers and corrected these defects how the tottering empire was upheld how the successors of Augustus were enabled for a time to resume their former

ascendancy and to wrest from the hands of the barbarians their most important possessions *Belisarius* Ian Hughes (Historian),2009 **Count No Man Happy** Paul Kastenellos,2011-12-01 Count no man happy recounts the life of the young Byzantine emperor Constantine VI who lived in the last years of the eighth century CE and of his ambitious and domineering mother the empress Irene It is the true story of the conflict between mother and son for the throne and of Constantine s forlorn affection for the daughter of Charlemagne P 4 of cover **Life of Belisarius** Philip Henry Stanhope Stanhope,2025-05-22 Explore the remarkable life and career of one of history s greatest generals in Philip Henry Stanhope s Life of Belisarius This meticulously researched biography delves into the extraordinary achievements of Belisarius the celebrated Byzantine commander who served under Emperor Justinian I From his pivotal role in reconquering North Africa from the Vandals to his campaigns against the Ostrogoths in Italy and his defense of the Eastern Roman Empire against Persian incursions Belisarius demonstrated unparalleled military skill and strategic brilliance Stanhope s account offers a comprehensive examination of Belisarius s military strategies his complex relationship with Justinian and the political intrigues of the Byzantine court Discover the triumphs and tribulations of a man whose loyalty and valor shaped the course of the 6th century Life of Belisarius remains a compelling portrait of leadership ambition and the enduring legacy of a military genius This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Generalship Of Belisarius** Major Anthony Brogna,2015-11-06 This study reviews the campaigns and battles of the Sixth Century A D Byzantine General Belisarius attempting to extract common threads of military thought and principles and providing an analysis as to the application of his method to today s military operations Belisarius won extraordinary victories on three continents often fighting against overwhelming odds The study reviews the world environment from the perspective of the Eastern Roman Empire along with the major personalities of the age After a short review of the Eastern Roman Empire s military structure the study reviews chronologically and analyzes Belisarius campaigns against the Persians the Vandals and the Ostrogoths This study concludes showing that mastership of strategic and tactical thought deception psychological warfare superior technology and training and elite forces were among the keys of Belisarius success Finally these keys of
