Transition Bernard Rosensweig,2006-01-01 The fifteenth century was one of the most tragic and fateful centuries in the history of the Jewish people It was the century which not only sealed the fate of Sephardic Jewry in the Iberian Peninsula but also marked the turning point in the historical development of Ashkenazic Jewry from its centre in Germany to Poland and eastern Europe Rabbi Dr Bernard Rosensweig utilizes the life and times and works of Rabbi Jacob Weil and his contemporaries in order to give us an intimate picture of Ashkenazic Jewry in this age of transition Through these original sources we are exposed to the social cultural economic and political structure of the Jewish community and its relationship to the civil authority and the Church *Reader's Guide to Judaism* Michael Terry,2013-12-02 The Reader s Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly *Shield and Sword* Hanne Trautner-Kromann,1993 **Educating People of Faith** John H. Van Engen,2004 A much needed addition to the emerging literature on the formative power of religious practices *Educating People of Faith* creates a vivid portrait of the lived practices that shaped the faith of Jews and Christians in synagogues and churches from antiquity up to the seventeenth century This significant book is the work of Jewish Roman Catholic Orthodox and Protestant scholars who wished to discover and describe how Jews and Christians through history have been formed in religious ways of thinking and acting Rather than focusing solely on either intellectual or social life the authors all use the concept of practices as they attend to the embodied contextual character of religious formation Their studies of religious figures community life and traditional practices such as preaching sacraments and catechesis are colorful detailed and revealing The authors are also careful to cover the nature of religious education across all social levels from the textual formation of highly literate rabbis and monks engaged in Scripture study to the local formation of illiterate medieval Christians for whom the veneration of saints shrines street performances of religious dramas and public preaching by wandering preachers were profoundly formative *Educating People of Faith* will benefit scholars and teachers desiring a fuller perspective on how lived practices have historically formed people in religious faith It will also be useful to practical theologians and pastors who wish to make the resources of the past available to practitioners in the present Contributors John C Cavadini Anne L Clark Lawrence S Cunningham Joseph Goering Robert Goldenberg Stanley Samuel Harakas Robert M Kingdon Blake Leyerle Michael A Signer Philip M Soergel David C Steinmetz John Van Engen Lee Palmer Wandel Robert Louis Wilken Elliot R Wolfson **A History**

of the Jewish Community in Istanbul Minna Rozen, 2010-10-15 This volume presents the transformation of the Greek speaking Jewish community of Byzantine Constantinople into an Ottoman ethnically diversified immigrant community As the Ottomans influenced its cultural and social values the community strived to preserve its boundaries with the surrounding society

History and Hate David Berger, 2010-01-01 The persistence of anti-Semitism is a phenomenon that challenges Jewish historians to make ethical judgments a part of historical analysis This comprehensive collection meets that challenge as its authors provide fresh insight into the complexities of anti-Semitism The eight essays included in this volume are by noted scholars each an expert in a specific historical period from the ancient world to the twentieth century

The Cambridge History of Judaism: Volume 6, The Middle Ages: The Christian World Robert Chazan, 2018-10-11 Volume 6 examines the history of Judaism during the second half of the Middle Ages Through the first half of the Middle Ages the Jewish communities of western Christendom lagged well behind those of eastern Christendom and the even more impressive Jewries of the Islamic world As Western Christendom began its remarkable surge forward in the eleventh century this progress had an impact on the Jewish minority as well The older Jewries of southern Europe grew and became more productive in every sense Even more strikingly a new set of Jewries were created across northern Europe when this undeveloped area was strengthened demographically economically militarily and culturally From the smallest and weakest of the world's Jewish centers in the year 1000 the Jewish communities of western Christendom emerged despite considerable obstacles as the world's dominant Jewish center by the end of the Middle Ages This demographic economic cultural and spiritual dominance was maintained down into modernity

Medieval Stereotypes and Modern Antisemitism Robert Chazan, 2023-09-01 The twelfth century in Europe hailed by historians as a time of intellectual and spiritual vitality had a dark side As Robert Chazan points out the marginalization of minorities emerged during the twelfth century renaissance as part of a growing pattern of persecution and among those stigmatized the Jews figured prominently The migration of Jews to northern Europe in the late tenth century led to the development of a new set of Jewish communities This northern Jewry prospered only to decline sharply two centuries later Chazan locates the cause of the decline primarily in the creation of new negative images of Jews He shows how these damaging twelfth century stereotypes developed and goes on to chart the powerful lasting role of the new anti-Jewish imagery in the historical development of antisemitism This coupling of the twelfth century's notable intellectual bequests to the growth of Western civilization with its legacy of virulent anti-Jewish motifs offers an important new key to understanding modern antisemitism The twelfth century in Europe hailed by historians as a time of intellectual and spiritual vitality had a dark side As Robert Chazan points out the marginalization of minorities emerged during the twelfth century renaissance as part of a growing pattern

The Jewish Polity Daniel Judah Elazar, Stuart Cohen, 1985

Vernacular Voices Kirsten A. Fudeman, 2011-06-06 A thirteenth century text purporting to represent a debate between a Jew and a Christian begins with the latter's exposition of the virgin birth something the Jew finds

incomprehensible at the most basic level for reasons other than theological Speak to me in French and explain your words he says Gloss for me in French what you are saying in Latin While the Christian and the Jew of the debate both inhabit the so called Latin Middle Ages the Jew is no more comfortable with Latin than the Christian would be with Hebrew Communication between the two is possible only through the vernacular In *Vernacular Voices* Kirsten Fudeman looks at the roles played by language and especially medieval French and Hebrew in shaping identity and culture How did language affect the way Jews thought how they interacted with one another and with Christians and who they perceived themselves to be What circumstances and forces led to the rise of a medieval Jewish tradition in French Who were the writers and why did they sometimes choose to write in the vernacular rather than Hebrew How and in what terms did Jews define their relationship to the larger French speaking community Drawing on a variety of texts written in medieval French and Hebrew including biblical glosses medical and culinary recipes incantations prayers for the dead wedding songs and letters Fudeman challenges readers to open their ears to the everyday voices of medieval French speaking Jews and to consider French elements in Hebrew manuscripts not as a marginal phenomenon but as reflections of a vibrant and full vernacular existence Applying analytical strategies from linguistics literature and history she demonstrates that language played a central role in the formation expression and maintenance of medieval Jewish identity and that it brought Christians and Jews together even as it set them apart *The Emergence of Contemporary Judaism, Volume 2* Phillip Sigal, 1977-01-01 Pittsburgh Theological Monograph Series General Editor Dikran Y Hadidian **Jewish Martyrs in the Pagan and Christian Worlds** Shmuel Shepkaru, 2006 This book presents a linear history of Jewish martyrdom from the Hellenistic period to the high Middle Ages Following the chronology of sources the study challenges the general consensus that martyrdom was an original Hellenistic Jewish idea Instead Jews like Philo and Josephus internalized the idealized Roman concept of voluntary death and presented it as an old Jewish practice The centrality of self sacrifice in Christianity further stimulated the development of rabbinic martyrology and the talmudic guidelines for passive martyrdom However when forced to choose between death and conversion in medieval Christendom Ashkenazic Jews went beyond these guidelines sacrificing themselves and loved ones Through death not only did they attempt to prove their religiosity but also to disprove the religious legitimacy of their Christian persecutors While martyrs and martyrologies intended to show how Judaism differed from Christianity they in fact reveal a common mindset *The Nazi Holocaust* Ronnie S. Landau, 2016-02-12 The Nazi Holocaust is one of the most momentous events in human history Yet it remains on many levels a baffling and unfathomable mystery By shunning simplistic explanations Ronnie Landau has set out in a clear thought provoking and enlightened fashion to mediate between this vast often unapproachable subject and the reader who wrestles with its meaning Locating the Holocaust within a number of different contexts Jewish history German history genocide in the modern age the larger story of human bigotry and the triumph of ideology over conscience Landau penetrates to the very heart of its moral and historical significance Deeply

concerned lest the Holocaust as a unique phenomenon be cordoned off from the rest of human history and ghettoized within the highly charged realm of Jewish experience he is at pains to show that transmitting understanding of the Holocaust is about connecting with all humanity Intended both for the general reader and for students and academics especially in history psychology literature and the humanities this work is an important breakthrough in the struggle to perpetuate the memory of a tragedy which the world is all too ready to forget *The Jewish World in the Middle Ages* Jon Irving Bloomberg,2000

The Myth of the Medieval Jewish Moneylender Julie L. Mell,2017-11-07 This book challenges a common historical narrative which portrays medieval Jews as moneylenders who filled an essential economic role in Europe Where Volume I traced the development of the narrative in the nineteenth and twentieth centuries and refuted it with an in depth study of English Jewry Volume II explores the significance of dissolving the Jewish narrative for European history It extends the study from England to northern France the Mediterranean and central Europe and deploys the methodologies of legal cultural and religious history alongside economic history Each chapter offers a novel interpretation of key topics such as the Christian usury campaign the commercial revolution and gift economy profit economy to demonstrate how the revision of Jewish history leads to new insights in European history **Routledge Revivals: Medieval Germany (2001)** John M.

Jeep,2017-07-05 First published in 2001 *Medieval Germany An Encyclopedia* provides a comprehensive guide to the German and Dutch speaking world in the Middle Ages from approximately C E 500 to 1500 It offers detailed accounts of a wide variety of aspects of medieval Germany including language literature architecture politics warfare medicine philosophy and religion In addition this reference work includes bibliographies and citations to aid further study This A Z encyclopedia featuring over 500 entries written by expert contributors will be of key interest to students and scholars as well as general readers **Studies in Medieval Jewish Intellectual and Social History** David Engel, Lawrence H.
