Network World, 1992-07-20. For more than 20 years, Network World has been the premier provider of information, intelligence, and insight for network and IT executives responsible for the digital nervous systems of large organizations. Readers are responsible for designing, implementing, and managing the voice, data, and video systems their companies use to support everything from business-critical applications to employee collaboration and electronic commerce.

Voice Over Frame Relay, William A. Flanagan, 1997-01-11. Voice Over Frame Relay: the next practical way to reduce your network costs. Savings from putting voice tie lines on frame relay data networks can pay back the additional investment in voice equipment in just months. Savings on international circuits are large enough to threaten present tariff structures with some help from the FCC. From being impossible, VoFR has become an essential element to be considered by network designers. This includes those who historically worked with data as well as those concerned primarily with voice. The goal of this book is to make it easy for anyone with a voice or data background to understand this new fusion technology, VOFR.

Broadband Networking, James Trulove, 1999-11-18. Broadband Networking shows you how to bring all the benefits of multiservice networks to your company and build an infrastructure for audio, graphics, animation, full-motion video, all types of real-time multimedia applications. Broadband Networking provides easy-to-understand material on service issues such as latency and bandwidth standards and critical technologies including the rapid deployment of voice over traditionally data-only networks, with chapters on Voice over IP, Voice over Frame Relay, the IP/PBX video conferencing and voice/video operations in the LAN. Emerging new technologies such as dense wave division multiplexing, DWDM, delivery technologies, coverage including digital subscriber line, DSL, cable modems, wireless, and even satellite delivery. With Broadband Networking, you'll learn how to reduce costs and add services with new bandwidth-saving
