personal devotions or group study and discussion Written upon the Heart Anthony J. Tomasino, 2008-11-19 Often viewed as the archaic rules of a civilization long past the Ten Commandments have been pushed aside and ignored by modern society Even strong Christians maintain a diverse collection of opinions about the Ten Commandments a miracle cure all a holy obligation laws irrelevant in an age of grace and many more No matter how they are viewed these deceptively simple words are packed with meaning and hold a power and significance many Christians have lost sight of Written Upon the Heart reveals the necessity of God's Law for contemporary believers by studying the historical purpose meaning and modern relevance of the Commandments Presented with rich background and compelling humor Written upon the Heart shows that the words of God should not just be read or simply committed to memory but written upon the heart of every believer I will put my law in their minds and write it on their hearts I will be their God and they will be my people Jeremiah 31:33

Haven of Peace: Finding our True Home in the Mind and Heart , *The Cross at the Heart of the Church* Petre Maican, 2025-09-18 Can Eastern Orthodoxy apply the term church to other Christian communities Emerging from the 2016 Pan Orthodox Council this issue sparked one of the most heated debates in contemporary Eastern Orthodoxy According to Maican grappling with this question within the current framework of Eastern Orthodox ecclesiology presents significant challenges In this unifying work he argues that neither the emphasis on the Eucharist nor the adherence to the Tradition of the Fathers is capable of accommodating legitimate Christian otherness Instead Maican proposes a cruciform ecclesiology positing the cross as not only foundational to doctrines and sacraments but also as the primary criterion for discerning the ecclesial nature of a community Through dialogue with Dumitru Staniloae Hans Urs von Balthasar and Paul Tillich this book employs a conversationalist approach to this intricate problem Ultimately Maican provides a nuanced examination of the cross in ecclesiology yielding bold propositions for recognizing the ecclesial status of other Christian communities **A Path with Heart** Jack Kornfield, 2009-10-21 This important guidebook shows in detail and with great humor and insight the way to practice the Buddha's universal teachings here in the West Jack Kornfield is a wonderful storyteller and a great teacher Thich Nhat Hanh Jack is helping to pave the path for American Buddhism bringing essential basics into our crazy modern lives And the language he uses is as simple and as lovely as our breath Natalie Goldberg Perhaps the most important book yet written on meditation the process of inner transformation and the integration of spiritual practice into our American way of life **A Path with Heart** brings alive one by one the challenges of spiritual living in the modern world Written by a teacher psychologist and meditation master of international renown this warm inspiring and expert book touches on a wide range of essential issues including many rarely addressed in spiritual books From compassion addiction and psychological and emotional healing to dealing with problems involving relationships and sexuality to the creation of a Zen like simplicity and balance in all facets of life it speaks to the concerns of many modern spiritual seekers both those beginning on the path and those with years of experience **A Path with Heart** is filled with practical techniques guided meditations stories koans and

other gems of wisdom that can help ease your journey through the world The author's own profound and sometimes humorous experiences and gentle assistance will skillfully guide you through the obstacles and trials of spiritual and contemporary life to bring a clarity of perception and a sense of the sacred into your everyday experience Reading this book will touch your heart and remind you of the promises inherent in meditation and in a life of the spirit the blossoming of inner peace wholeness and understanding and the achievement of a happiness that is not dependent on external conditions Sure to be a classic *A Path with Heart* shows us how we can bring our spirituality to flower every day of our lives It is a wise and gentle guidebook for an odyssey into the soul that enables us to achieve a deeper more satisfying life in the world *Reason and the Heart* William J. Wainwright, 2018-05-31 Between the opposing claims of reason and religious subjectivity may be a middle ground William J Wainwright argues His book is a philosophical reflection on the role of emotion in guiding reason There is evidence he contends that reason functions properly only when informed by a rightly disposed heart The idea of passional reason so rarely discussed today once dominated religious reflection and Wainwright pursues it through the writings of three of its past proponents Jonathan Edwards John Henry Newman and William James He focuses on Edwards whose work typifies the Christian perspective on religious reasoning and the heart Then in his discussion of Newman and James Wainwright shows how the emotions participate in non religious reasoning Finally he takes up the challenges most often posed to notions of passional reason that such views justify irrationality and wishful thinking that they can't be defended without circularity and that they lead to relativism His response to these charges culminates in an eloquent and persuasive defense of the claim that reason functions best when influenced by the appropriate emotions feelings and intuitions *A World Religions Reader* Ian S. Your Heart to Nature and Beyond Dr. Linda N. Cameron,2021-09-09 Open Your Heart to Nature and Beyond maintains there is one problem separation from the Divine and one solution applying some form of forgiveness It details the holding relationships that actually separate us from the Divine and how to use the Law of Forgiveness to let them go and open our hearts to God s presence Like a computer delete key the activity of forgiveness allows us to let go physically emotionally and mentally until we join Universal Being This Divine encounter is divided into 7 distinct stages with descriptions based on experiences of the author as well as poets and individuals from other major religions This book also suggests that a religious experience is simply having an experience of the Zero Energy Field as defined in quantum physics The Zero Energy Field is defined as the activity of subatomic particles such as photons electrons and other quantum particles in space at temperatures of absolute zero Research indicates that humans can affect this field with pray which is the mental activity of calling these energy particles to organize and outpicture as manifestations in nature We also have the ability to apply the Law of Forgiveness that Jesus introduced and release the electrons neutrons and protons forming something in the world and in our minds and thereby causing them to disorganize them and return to the Zero Energy Field The human activity of forgiving or letting things thoughts and emotions go shows that we have the mental ability to apply the Law of Entropy and disorganized manifested things and release them back into subatomic particles in the Zero Energy Field *The Heart of the Gospel*
