Philip Barnes, 2011-07-07 What are the key debates in Religious Education teaching today Debates in Religious Education explores the major issues all RE teachers encounter in their daily professional lives It encourages critical reflection and aims to stimulate both novice and experienced teachers to think more deeply about their practice and link research and evidence to what they have observed in schools This accessible book tackles established and contemporary issues enabling you to reach informed judgements and argue your point of view with deeper theoretical knowledge and understanding Taking account of recent controversy and challenging assumptions about the place of religion in education expert contributors cover key topics such as Effective pedagogy in RE teaching Exploring thinking skills and truth claims The relationship of science and religion in the classroom The place of school worship in contemporary society The role of RE in spiritual and moral development Diversity in the RE classroom With its combination of expert opinion and fresh insight Debates in Religious Education is the

A collection of essays by some of today's leading academics on the sometimes contentious relationship between religious studies and theology *Teaching Religious Education* Elaine McCreery, Sandra Palmer, Veronica Voies, 2008-05-21 Many trainee primary teachers are uncertain as to the place and purpose of RE in primary schools This book is designed to alleviate such fears and give trainees the security and confidence to teach RE effectively Trainees are encouraged to recognise their own religious position and understand how they handle their own beliefs and commitments in the classroom In addition they will learn how to be sensitive to children's religious viewpoints allowing children to share their beliefs in a secure and supportive environment A range of strategies help readers to provide engaging and appropriate RE across the primary age phase **Teaching Critical Religious Studies** Jenna Gray-Hildenbrand, Beverley McGuire, Hussein Rashid, 2022-08-11 Are you teaching religious studies in the best way possible Do you inadvertently offer simplistic understandings of religion to undergraduate students only to then unpick them at advanced levels This book presents case studies of teaching methods that integrate student learning classroom experiences and disciplinary critiques It shows how critiques of the scholarship of religious studies including but not limited to the World Religions paradigm Christian normativity Orientalism colonialism race gender sexuality and class can be effectively integrated into all courses especially at an introductory level Integrating advanced critiques from religious studies into actual pedagogical practices this book offers ways for scholars to rethink their courses to be more reflective of the state of the field This is essential reading for all scholars in religious studies **The Oxford Handbook of Religion and Education** Liam Francis Gearon, Arniika Kuusisto, 2025-04-29 The Oxford Handbook of Religion and Education offers a multi disciplinary work of scholarship and research highlighting the global significance of a critical interface of cultural and social political and theological importance Drawing on historical perspective and contemporary reflection the collection provides a uniquely transformative analysis of why the interface of religion and education is of such critical significance With contributions from some of the leading thinkers in the field this Handbook presents a cumulatively powerful argument to reassess the complexities of the intersection of religion and education With ambitious and yet accessible intellectual engagements the Handbook here furthers a central thesis that the interface of religion and education is not merely a matter of arcane disputation about a domain of ancient origin or a rudimentary matter of formal educational process but a vibrant domain of critical contestation fundamental to knowing understanding and living in the modern world **Proceedings of the 2nd Annual Conference of Islamic Education 2023 (ACIE 2023)** Depict Pristine Adi, Setya Chendra Wibawa, Mashudi, Taha Romadhan Zaghloul, Fiqru Mafar, Muhammad Ardy Zaini, Moh. Inspiring Faith in Schools Marius Felderhof,2016-05-23 Inspiring Faith in Schools addresses the privileging of secularism that appears to affect RE in countries influenced by modern western thought The authors argue that a more engaging form of RE would emerge if religious life were to inhabit centre stage Currently religious faith is made to hover in the wings awaiting the call to face the inquisitorial challenge of the modern day enquirer The consequent relationship between pupil and the Divine as the purpose of study is then already intrinsically irreligious as indicated in the Book of Job by putting God in the dock whereas it is the pupil who should be cross examining his or her life What are the ways of exciting and engaging the young so that they begin to entertain the possibility of religious life as a genuine option for themselves Leading scholars in philosophy and theology from the UK Australia Canada and the USA come together to address these questions together with RE experts Marius Felderhof writes an Afterword summing up the challenges faced by such a re visioning of RE
