Joseph Calder Miller

Slavery Its Origin And Legacy Problem Studies In American History:

Slavery J. B. Duff, Larry A. Greene, 1975-05 **Slavery, Its Origin and Legacy** John B. Duff, Larry A. Greene, 1975
Collection of essays by historians on the topic of slavery The Long American Revolution and Its Legacy Lester D. Langley, 2019-10-01 This book brings together Lester D. Langley's personal and professional link to the long American Revolution in a narrative that spans more than 150 years and places the Revolution in multiple contexts from the local to the transatlantic and hemispheric and from racial and gendered to political, social, economic and cultural perspectives. It offers a reminder that we are an old republic but a young nation and shows how an awareness of that dynamic is critical to understanding our current political, cultural and social malaise. The United States of America is still a work in progress. A descendant on his father's side from a long line of Kentuckians, Langley grew up torn between a father who embodied the idea of the Revolution's poor white male driven by economic self-interest and racial prejudices and a devoted and pious mother who saw life and history as a morality play. The author's intellectual and professional encounter with the American Revolution came in the 1960s as a young historian specializing in U.S. foreign relations and Latin American history, an era when the U.S. encounter with the revolution in Cuba and with the civil rights movement at home served as a reminder of the lasting and troublesome legacy of a long American Revolution. In a sweeping account that incorporates both the traditional iconic literature on the Revolution and more recent works in U.S., Canadian, Latin American, Caribbean and Atlantic world history, Langley addresses fundamental questions about the Revolution's meaning, continuing relevance and far-reaching legacy. **Program of the ... Annual Meeting of the American Historical Association** American Historical Association. Meeting, 1975 Slavery and Slaving in World History: 1900-1991 Joseph Calder Miller, 1999 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century, compiling listings from all Western European languages. It contains over 10,000 entries. The principal sections organize works by political, geographical frameworks of the enslavers. Subject keyword and author indexes provide immediate, detailed access to the material. *Slavery and its Legacy in Ghana and the Diaspora* Rebecca Shumway, Trevor R. Getz, 2017-10-19 Ghana for all its notable strides toward more egalitarian political and social systems in the past 60 years remains a nation plagued with inequalities stemming from its long history of slavery and slave trading. The work assembled in this collection explores the history of slavery in Ghana and its legacy for both Ghana and the descendants of people sold as slaves from the Gold Coast in the era of the transatlantic slave trade. The volume is structured to reflect four overlapping areas of investigation: the changing nature of slavery in Ghana, including the ways in which enslaved people have been integrated into or excluded from kinship systems, social institutions, politics and the workforce over time; the long-standing connections forged between Ghana and the Americas and Europe through the transatlantic trading system and the forced migration of enslaved people; the development of indigenous and transnational anti-slavery ideologies; and the legacy of slavery and its ongoing reverberations.

in Ghanaian and diasporic society Bringing together key scholars from Ghana Europe and the USA who introduce new sources frames and methodologies including heritage gender critical race and culture studies and drawing on archival documents and oral histories Slavery and Its Legacy in Ghana and the Diaspora will be of great interest to scholars and students of comparative slavery abolition and West African history *El-Hi Textbooks in Print* ,1984 **The Political Languages of Emancipation in the British Caribbean and the U.S. South** Demetrius L. Eudell,2003-04-03 This comparative study examines the emancipation process in the British Caribbean particularly Jamaica during the 1830s and in the United States particularly South Carolina during the 1860s Analyzing the intellectual and ideological foundations of postslavery Anglo America Demetrius Eudell explores how former slaves former slaveholders and their societies central governments understood and discussed slavery emancipation and the transition between the two Eudell investigates the public policies which addressed issues of labor control access to land and the general social behaviors of former slaves used to execute emancipation In both regions government appointed officials special magistrates in Jamaica and agents of the Freedmen s Bureau in South Carolina were crucial in implementing these policies While many former slaves were fighting for the right to be paid for their labor and to own land many officials came to view their role as part of a new civilizing mission whose goal was to eradicate the psychic damage supposedly caused by slavery Eudell concludes by examining the 1865 Morant Bay rebellion in Jamaica and the retreat from Reconstruction in South Carolina part of the larger movement of Redemption that occurred in 1877 Both of these occurrences represented the incomplete victory of emancipation Eudell argues and should provoke scholarly questions regarding the persistent thesis of U S exceptionalism *Teaching American History in a Global Context* Carl J. Guarneri,Jim Davis,2015-07-17 This comprehensive resource is an invaluable teaching aid for adding a global dimension to students understanding of American history It includes a wide range of materials from scholarly articles and reports to original syllabi and ready to use lesson plans to guide teachers in enlarging the frame of introductory American history courses to an international view The contributors include well known American history scholars as well as gifted classroom teachers and the book s emphasis on immigration race and gender points to ways for teachers to integrate international and multicultural education America in the World and the World in America in their courses The book also includes a Views from Abroad section that examines problems and strategies for teaching American history to foreign audiences or recent immigrants A comprehensive annotated guide directs teachers to additional print and online resources **Program of the Annual Meeting - American Historical Association** American Historical Association,1971 Some programs include also the programs of societies meeting concurrently with the association **American History and Culture** ,1975 **Monographic Series** Library of Congress,1975 *American Book Publishing Record* ,1975 **Teaching History** ,1976 [Subject Guide to Books in Print](#) ,1993 **Legacy of the Trans-Atlantic Slave Trade** United States. Congress. House. Committee on the Judiciary. Subcommittee on the

Constitution, Civil Rights, and Civil Liberties, 2008

UNTOLD HISTORY Bernadine E. Ahonkhai, ED. D, 2025-01-06

UNTOLD HISTORY illustrates how African history is intertwined with and foundational to American history. The book begins this narrative in the fourteenth century when European seafarers discovered the coastal regions of Africa, describes the meeting of the three worlds—Europe, Africa, and the New World, later known as America, and details the increasing interactions of the three worlds after the 1450s. The author dispels some of the misconceptions about pre-colonial Africa by presenting the history and culture of the African continent from a distinctively African lens. As such, this book chronicles some prominent African empires and kingdoms, Africa-European bilateral trade relations, the trans-Atlantic Slave trade, and contemporary Africans in the United States. The book highlights stories of contemporary Africans residing in the United States and documents the contributions of early and contemporary Africans to the history, economic development, culture, and prominence of the United States of America. It concludes with a snapshot of contemporary Africa. The book provides a framework for understanding the history of Africa prior to the arrival of European merchants on its shores, African civilizations, cultures, legacy, and contributions to America. Educators can use the book to supplement their course on American History, World History, African American History in pre-collegiate or collegiate settings. This book can help educators to reimagine the teaching and learning of the United States history by centering on important narratives in Africa and with Africans in the American diaspora. The book is organized chronologically and can help the reader to understand the past as it relates to the present world. To facilitate teaching, each chapter opens with a quotation that introduces the content of the chapter and ends with study discussion questions that educators can use or adapt as appropriate for instruction and to ensure full comprehensive understanding of the content presented.

Holding Together John Shattuck, Sushma Raman, Mathias Risse, 2022-05-31. A bold new assessment of the multipronged attack on rights in the United States and how to push back. An overwhelming majority of Americans agree that rights are essential to their freedom and that rights today are severely threatened. The promise of rights has been reimaged at pivotal moments in American history from the American Revolution to the Civil War to the Civil Rights Movement. Can today become another time of transformation? Holding Together is about the promise of rights as a source of American identity, the struggle to realize rights by countless Americans to whom the promise has been denied or not fulfilled, the hijacking of rights by politicians who seek power by dividing and polarizing, and the way forward in which rights can bring Americans together instead of tearing them apart. Drawing on a series of town hall meetings with representative groups of citizens across the country, discussing their concerns over rights, new national opinion polls from all demographic groups and political perspectives conducted in 2020 and 2021, and extensive research, Holding Together is a road map for an American rights revival. John Shattuck, Sushma Raman, and Mathias Risse present a comprehensive account of the current state of rights in the United States and concrete recommendations to policy makers and citizens on how to reclaim them.

Library of Congress Catalogs Library of

Congress,1977 Racist America Joe R. Feagin,Kimberley Ducey,2025-07-04 The fifth edition of Racist America is thoroughly revised and updated focusing on systemic racism and antiracism issues especially those arising since the fourth edition 2019 Expanding the discussion on racialized intersectionality as well as on the white racial frame elite white male dominance system and antiracist action this book details how these racism realities continue to impact black Latino Asian Indigenous and white Americans The book explains how and why the Black Lives Matter movement and other antiracist protests have erupted how and why Latino Asian and Indigenous Americans have responded to expanding racist discrimination and how and why a diverse array of Americans has demanded major societal responses to dismantle entrenched white racism
