**Petr Kopecký**

## **Slovakia The Path To Nationhood:**

**Slovakia** Matej Karel Schwitzer, 2002      **Czechoslovakia** Michael Brenner, 1997-11-13 This book the most thoroughly researched and accurate history of Czechoslovakia to appear in English tells the story of the country from its founding in 1918 to partition in 1992 from fledgling democracy through Nazi occupation Communist rule and invasion by the Soviet Union to at last democracy again The common Western view of Czechoslovakia has been that of a small nation that was sacrificed at Munich in 1938 and betrayed to the Soviets in 1948 and which rebelled heroically against the repression of the Soviet Union during the Prague Spring of 1968 Mary Heimann dispels these myths and shows how intolerant nationalism and an unhelpful sense of victimhood led Czech and Slovak authorities to discriminate against minorities compete with the Nazis to persecute Jews and Gypsies and pave the way for the Communist police state She also reveals Alexander Dubcek held to be a national hero and standard bearer for democracy to be an unprincipled apparatchik Well written revisionist and accessible this groundbreaking book should become the standard history of Czechoslovakia for years to come      **Mapping Jewish Loyalties in Interwar Slovakia** Rebekah Klein-Pejšová, 2015-02-12 Well researched A major contribution to our understanding of the dilemmas and challenges faced by Czechoslovak Jewry in the interwar period Michael Miller Central European University In the aftermath of World War I the largely Hungarian speaking Jews in Slovakia faced the challenge of reorienting their political loyalties from defeated Hungary to newly established Czechoslovakia Rebekah Klein Pej ov examines the challenges Slovak Jews faced as government officials demographers and police investigators continuously tested their loyalty Focusing on Jewish nationality as a category of national identity Klein Pej ov shows how Jews recast themselves as loyal citizens of Czechoslovakia Mapping Jewish Loyalties in Interwar Slovakia traces how the interwar state saw and understood minority loyalty and underscores how loyalty preceded identity in the redrawn map of east central Europe This book makes a crucial contribution to the question of minority loyalties in Central Europe in the first half of the twentieth century It points to a dramatic divergence of the constructions of loyalties between the majority and minority populations Slovakia After WW I former Hungarian territory became part of the newly established state of Czechoslovakia Jews who had lived under Hungarian rule faced the problem of status and identity in a new state The overall picture the author presents is skillfully balanced by effective individualized treatments of individuals and events Recommended Choice Klein Pej ov has contributed a succinct and sophisticated profile of an understudied community one that can help us understand the impossible dynamic faced by all Jews who lived among multiple nationalities with competing national claims Slavic Review      **Parliaments in the Czech and Slovak Republics** Petr Kopecký, 2017-11-22 This title was first published in 2001 Based on a unique set of structured interviews with parliamentarians and additional interviews with party leaders and activists this significant volume provides an illuminating account of the formation of the new democracies in Czechoslovakia and later the Czech Republic and Slovakia Examining efforts to construct stable democratic parliamentary

regimes in the wake of communist breakdown it provides a rigorous analysis of parliaments relations with the electorate and the executive as well as their internal working Richly detailed and clearly written this original study is an invaluable addition to the collection of anyone interested in post communist Europe or parliamentary studies      **Nationalism and**

**Democratisation** Erika Harris,2018-01-18 This title was first published in 2002 The year 1989 marks a turning point in world history The rigid division of Europe into East and West and the bipolarity of the Cold War system disintegrated with communism as a political system dismantled by 1991 In the wake of the communist multinational federations came successor states with each accompanied by many ethnic and national conflicts This book is concerned with the relationship between nationalism and democracy in a particular setting the larger framework is postcommunist Eastern and Central Europe the focus is on newly dependent democracies explored through the case studies of Slovakia and Slovenia The purpose is to seek an answer to two related questions what is the role of nationalism in the democratic process and under what conditions is nationalism less or more compatible with the democratisation process      **Beyond the Nation-State** David H.

Kamens,2012-02-17 Examines the effects of education in creating global citizens who share a world culture This title also examines the role of education in diffusing such attitudes and models as global citizens confront national institutions

**Israel's Holocaust and the Politics of Nationhood** Idith Zertal,2005-09 A compelling analysis considers the ways Israel has used the memory of the Holocaust to define its existence and politics      **A European Geography** Tim

Unwin,2017-09-29 A European Geography provides a geographical interpretation and exposition of the whole of Europe Beginning with a historical and environmental introduction the text covers the cultural identity political structure economic organisation and social context of Europe examining the complex issues that are shaping the characteristics and meaning of contemporary Europe More than fifty contributors are drawn from Europe and North America contributing a wealth of research expertise in their specialist subject areas Detailed case studies provide empirical examples of the broader research themes examined A European Geography is written for undergraduate students taking courses on Europe Regional Geography European Studies and European Integration It will provide valuable reading for anyone interested in developing a detailed understanding of the processes shaping contemporary Europe      *Democracy and Nationalism in Southeast Asia*

Jacques Bertrand,2021-04-29 Jacques Bertrand offers a comparative historical analysis of five nationalist conflicts over several decades in Southeast Asia Using a theoretical framework to explain variance over time and across cases he challenges and refines existing debates on democracy s impact and shows that while democratization significantly reduces violent insurgency over time it often introduces pernicious effects that fail to resolve conflict and contribute to maintaining deep nationalist grievances Drawing on years of detailed fieldwork Bertrand analyses the paths that led from secessionist mobilization to a range of outcomes These include persistent state repression for Malay Muslims in Thailand low level violence under a top down special autonomy for Papuans reframing of mobilizing from nationalist to indigenous peoples in

the Cordillera a long and broken path to an untested broad autonomy for the Moros and relatively successful broad autonomy for Acehnese

The British National Bibliography Arthur James Wells,2002

**Ethnicity and Ethnic Conflict in the Post-Communist World** B. Fowkes,2002-03-06 Ethnic and national conflicts have been an unexpected and major source of problems in many parts of the world in recent times Nowhere more so than in the formerly communist countries This book provides a readable introduction to and brief analytical coverage of all the ethnic disputes of the 1990s Full justice is done both to complex present day situations and the deeper roots of ethnic conflict This is followed by a review and evaluation of the main available explanations The book is required reading for anyone who wants to understand why the fall of communism did not introduce an era of goodwill between the nations

**Prague** Jane Pavitt,2000 The extraordinary heritage of Prague has meant that the city is now regarded as one of the artistic and cultural capitals of the world The turbulent history of the city is reflected in the range and diversity of buildings discussed in this text from its baroque churches and palaces to the state offices and housing projects of the post 1945 communist era The guide covers all aspects of Prague s development since its early years through its periods of both power and decline from the 15th to the 20th century Particular attention is paid to the architecture of the last 100 years Since the democratic revolution of 1989 the city has once again become a place of pilgrimage for those interested in architecture and design This book covers some of the most recent architectural projects to be planned in the city

**The Nation** ,1924

**The Euro at Ten** Kenneth Dyson,2008-09-04 The Euro Area is ten years old This major new reappraisal by some of the world s leading scholars examines the effects of the new European single currency on the member states of the European Union in its first decade

*Defining the Sovereign Community* Nadya Nedelsky,2012-02-28 Though they shared a state for most of the twentieth century when the Czechs and Slovaks split in 1993 they founded their new states on different definitions of sovereignty The Czech Constitution employs a civic model founding the state in the name of the citizens of the Czech Republic while the Slovak Constitution uses the more exclusive ethnic model and speaks in the voice of the Slovak Nation Defining the Sovereign Community asks two central questions First why did the two states define sovereignty so differently Second what impact have these choices had on individual and minority rights and participation in the two states Nadya Nedelsky examines how the Czechs and Slovaks understood nationhood over the course of a century and a half and finds that their views have been remarkably resilient over time These enduring perspectives on nationhood shaped how the two states defined sovereignty after the Velvet Revolution which in turn strongly affected the status of the Hungarian minority in Slovakia and the Roma minority in the Czech Republic Neither state has secured civic equality but the nature of the discrimination against minorities differs Using the civic definition of sovereignty offers stronger support for civil and minority rights than an ethnic model does Nedelsky s conclusions challenge much analysis of the region which tends to explain ethnic politics by focusing on postcommunist factors especially the role of opportunistic political leaders Defining the Sovereign Community instead examines the undervalued historical roots of

political culture and the role of current constitutional definitions of sovereignty Looking ahead Nedelsky offers crucial evidence that nationalism may remain strong in Slovakia and the Czech Republic even in the face of democratization and EU integration and is an important threat to both

**A European Geography** P. T. H. Unwin, 1998 A European Geography provides a geographical interpretation and exposition of the whole of Europe Beginning with a historical and environmental introduction the text covers the cultural identity political structure economic organisation and social context of Europe examining the complex issues that are shaping the characteristics and meaning of contemporary Europe More than fifty contributors are drawn from Europe and North America contributing a wealth of research expertise in their specialist subject areas Detailed case studies provide empirical examples of the broader research themes examined A European Geography is written for undergraduate students taking courses on Europe Regional Geography European Studies and European Integration It will provide valuable reading for anyone interested in developing a detailed understanding of the processes shaping contemporary Europe

**Myths and Realities in Eastern Europe** Walter Kolarz, 1946

**The Contemporary Review**, 1995

**Transformation at Work** Anna Pollert, 2000-01-13 The book is well written and clearly structured bringing together much dispersed material The most interesting part of the book is the case study of the Czech engineering firm CKD The case study gives an insight into the continuing processes of transition transition is a process rather than a jump from Socialism to capitalism The author provides solid evidence on the ways in which adjusting to the market has proved painful and in the end unsuccessful for CKD which has been merged with another firm Overall Transformation at Work provides a valuable insight into the realities of the transition process at the enterprise level Employee Relations In this book Anna Pollert questions the values hidden in the burgeoning literature on transformation and addresses the main concerns arising from these In exploring the key issues of post communist transformation the author discusses important theoretical issues about the nature of change and continuity such as historical socio economic and political effects of transformation the broad problems of how workers and their organizations respond to change from command to capitalist economies and case studies of how managers workers and trade unionists experience these changes within their organizations Transformation at Work explores the key issues of post communist transformation in Eastern Europe The author discusses important aspects of the nature of change and continuity including historical socio economic and political effects how workers and their organizations respond to change from command to capitalist economies and how managers workers and trade unionists experience change within their organizations

**Imagining an Austrian Nation** Ian Reifowitz, 2003 Attempting to cultivate an Austrian identity based on a civic conception of a national community this text focuses on the ideas of Joseph Samuel Bloch an Austrian Jewish writer and politician who sought to create a civic identity to unify the nationalities of multiethnic Austria

## **Slovakia The Path To Nationhood Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Slovakia The Path To Nationhood has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Slovakia The Path To Nationhood has opened up a world of possibilities. Downloading Slovakia The Path To Nationhood provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain

immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Slovakia The Path To Nationhood has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Slovakia The Path To Nationhood. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Slovakia The Path To Nationhood. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Slovakia The Path To Nationhood, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Slovakia The Path To Nationhood has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Slovakia The Path To Nationhood Books**
