**Shrinking Violets and Caspar Milquetoasts** Patricia McDaniel,2003-11 Since World War II Americans attitudes towards shyness have changed The women s movement and the sexual revolution raised questions about communication self expression intimacy and personality leading to new concerns about shyness At the same time the growth of psychotherapy and the mental health industry brought shyness to the attention of professionals who began to regard it as an illness in need of a cure But what is shyness How is it related to gender race and class identities And what does its stigmatization say about our culture In Shrinking Violets and Caspar Milquetoasts Patricia McDaniel tells the story of shyness Using popular self help books and magazine articles she shows how prevailing attitudes toward shyness frequently work to disempower women She draws on evidence as diverse as 1950s views of shyness as a womanly virtue to contemporary views of shyness as a barrier to intimacy to highlight how cultural standards governing shyness reproduce and maintain power differences between and among women and men

*The Case for Falling in Love* Mari Ruti,2011-02-01 Praise for The Case for Falling in Love Why play hard to get when you can just get what you want Mari Ruti s lively research from Plato to Freud to Gossip Girl to her own bedroom finally puts an end to playing games and provides a resource for lovers and the love scorned alike A must read for anyone who has ever fallen in love wants to or wants to know what went wrong Arianne Cohen creator of TheSexDiariesProject.com At last a relationship advice book that will actually work If you re intelligent interested in love and like a book you can t put down this is it John Gray move over The brilliant Mari Ruti has arrived Juliet Schor professor of sociology Boston College and author of Born to Buy and Plenitude The New Economics of True Wealth Groundbreaking Ruti opens the eyes of her readers so that they can love better A must read Nancy Redd New York Times bestselling author of Body Drama Finally a book that takes love seriously Written with passion and verve I wish I had read this book years ago Sean Carroll author of From Eternity to Here The Quest for the Ultimate Theory of Time Are you tired of reading book after book and playing game after game trying to avoid heartbreak It seems impossible and maybe that s because you can t lock up your heart like that not if

you want the real thing And maybe that s one of the best things about love We ve been thinking about it all wrong Our culture s insistence that women need to learn how to catch and keep a man is actually doing much more harm than good The more we try to manipulate our relationships the less we are truly able to experience love s benefits and wonders Love is a slippery unruly thing and trying to control and manage it robs us of its delicious unpredictability Sure letting go of the reins a bit might mean a broken heart but heartbreak in fact offers a wealth of possibilities creativity wisdom and growth that we need in order to make the most of our lives Liberating for women who are frustrated by the idea that they just need to learn the right formula The Case for Falling in Love shows that there isn t a method to mastering the madness of love But that might be exactly what s so wonderful about it
