Smarter Than Snakes A Womans Diary:

So Long America D. Patrick Georges, 2005-10-13 Many men dream of living out their James Bond fantasy the screen version exotic travel adventure hot women and icy martinis shaken not stirred Reality proves different as an innocent quest for a simpler more spiritual life turns into a nightmare as two seekers ordinary Americans stumble across the path of the covert operations of two world powers and become unwilling spies The story takes the reader through the nether world of the shadow government all governments in fact and the ruling classes Accused by the woman he loves of using and betraying her the damned hero of the story finds himself haunted by agents of the shadow government as he runs from Bora Bora seeking sanctuary off the gringo trail in Saudi Arabia There under the guidance of a top American lobbyist working for a Saudi billionaire he assesses his options and composes an apology to his lost love In the process he discovers the dirty truths of machinations behind the faade of democracy equality human rights and other myths The cold hard facts to back up the truths that hold this work together the lavish descriptions of some of the most beautiful parts of the world some of the most beautiful people and the heros experience of the more spectacular aspects of civilization on the planet make for a rich riveting story that holds ones interest through to the very end Though primarily a fruit of extensive research So Long America is also a novel that leaps off the page to entice and enthrall and makes for a great deal of just plain enjoyment NOTE So Long America is a condensed version of the book Smarter than Snakes that Patrick wrote in response to requests by readers of his book The Train of the Fifth Era who found the concepts and practices described in that book useful but could not put them to good use because habits are all but impossible to change In Smarter than Snakes Patrick presented his Noosomatic model that provides some answers in the form of non psychoanalytic approaches to changing beliefs habits and expectations As a result Smarter than Snakes reached 586 pages covering essentially two different areas of interest personal growth and sociopolitical issues such as the deep roots of the Enron scandal in the context of recent geopolitical developments Though sociopolitical awareness is part of personal growth a number of readers despondent about the systematic demolition of social justice in the United States skimmed over the part on non psychoanalytic approaches to get to the issues threatening their quality of life Thus Patrick adapted and transformed the book into a shorter separate book he called So Long America

Bitter Oranges D. Patrick Georges, 2009-07-06 Many men dream of living out their James Bond fantasy the screen version exotic travel adventure hot women and icy martinis shaken not stirred Reality proves different when an innocent quest for a simpler more spiritual life turns into a nightmare as two seekers ordinary Americans stumble across the path of the covert operations of two world powers and become unwilling spies This book takes the reader from where the author s previous book Smarter than Snakes left off Accused by the woman he loves of using and betraying her and haunted by secret agents of the shadow government the damned hero of the story seeks sanctuary off the gringo trail in Saudi Arabia There under the guidance of a top American lobbyist working for a Saudi billionaire he assesses his options and

opts to move to Greece under an assumed name Thinking he is safe from the murderous secret agents of the shadow government that operates under the facade of democracy equality human rights and other myths he resumes his quest for a more spiritual life that leads only to wild goose chases He finds comfort in the arms of a woman whom he considers the true love of his life but his world comes crashing down when secret agents of this shadow government mistakenly assassinate her instead of him Crushed and guilt ridden he seeks the help of the powerful American lobbyist who helped him in Saudi Arabia Thanks to his extensive list of contacts the lobbyist facilitates the protagonist's escape to a remote island an Eden like setting but without fickle Eves and venomous Serpents The cold hard facts to back up the truths that hold this work together and the lavish descriptions of the hero's experience of such spectacular events as hitching a ride on a billionaire's floating palace staying at the first seven star all suite hotel flying on the Concorde touring Greek locations and attending unusual ceremonies and rites in Scotland Spanish Africa and Papua New Guinea make for a rich riveting story that holds one's interest through to the very end NOTE This book contains strong intellectual material that may be disturbing to some religious believers Reader discretion is advised
