Smoke From Their Fires Life Of A Kwakiut:

Smoke from Their Fires Charles James Nowell, 1968 **Shingwauk's Vision** J.R. Miller, 1996-05-24 With the growing strength of minority voices in recent decades has come much impassioned discussion of residential schools the institutions where attendance by Native children was compulsory as recently as the 1960s Former students have come forward in increasing numbers to describe the psychological and physical abuse they suffered in these schools and many view the system as an experiment in cultural genocide In this first comprehensive history of these institutions J R Miller explores the motives of all three agents in the story He looks at the separate experiences and agendas of the government officials who authorized the schools the missionaries who taught in them and the students who attended them Starting with the foundations of residential schooling in seventeenth century New France Miller traces the modern version of the institution that was created in the 1880s and finally describes the phasing out of the schools in the 1960s He looks at instruction work and recreation care and abuse and the growing resistance to the system on the part of students and their families Based on extensive interviews as well as archival research Miller s history is particularly rich in Native accounts of the school system This book is an absolute first in its comprehensive treatment of this subject J R Miller has written a new chapter in the history of relations between indigenous and immigrant peoples in Canada Co winner of the 1996 Saskatchewan Book Award for nonfiction Winner of the 1996 John Wesley Dafoe Foundation competition for Distinguished Writing by Canadians Named an Outstanding Book on the subject of human rights in North America by the Gustavus Myer Center for the Study of Human Rights in North America Structural Anthropology Zero Claude Levi-Strauss, 2021-09-23 This volume of L vi Strauss s writings from 1941 to 1947 bears witness to a period of his work which is often overlooked but which was the crucible for the structural anthropology that he would go on to develop in the years that followed Like many European Jewish intellectuals L vi Strauss had sought refuge in New York while the Nazis overran and occupied much of Europe He had already been introduced to Jakobson and structural linguistics but he had not yet laid out an agenda for structuralism which he would do in the 1950s and 60s At the same time these American years were the time when L vi Strauss would learn of some of the world s most devastating historical catastrophes the genocide of the indigenous American peoples and of European Jews From the beginning of the 1950s L vi Strauss s anthropology tacitly bears the heavy weight of the memory and possibility of the Shoah To speak of structural anthropology zero is therefore to refer to the source of a way of thinking which turned our conception of the human on its head But this prequel to Structural Anthropology also underlines the sense of a tabula rasa which animated its author at the end of the war as well as the project shared with others of a civilizational rebirth on novel grounds Published here in English for the first time this volume of L vi Strauss s texts from the 1940s will be of great interest to students and scholars in anthropology sociology and the social sciences generally **Spuzzum** Andrea Laforet, Annie York, 2011-11-01 Living on the banks of the turbulent Fraser River the Nlaka pamux people of Spuzzum have a long history of

contact with non aboriginal peoples They watched as Hudson s Bay Company employees hacked a path through the mountains for the fur brigades and over time they found themselves in the path of the Cariboo road the CPR and virtually every commercial and province building initiative undertaken in the region over the past two centuries Juxtaposing historical narratives and cultural interpretation from the community of Spuzzum with archival information this book explores the history of Spuzzum in the light of concepts central to the Nlaka pamux definition of family political authority land and cosmos

Understanding Cultural Transmission in Anthropology Roy Ellen, Stephen J. Lycett, Sarah E. Johns, 2013-08-01 The concept of cultural transmission is central to much contemporary anthropological theory since successful human reproduction through social systems is essential for effective survival and for enhancing the adaptiveness of individual humans and local populations Yet what is understood by the phrase and how it might best be studied is highly contested This book brings together contributions that reflect the current diversity of approaches from the fields of biology primatology palaeoanthropology psychology social anthropology ethnobiology and archaeology to examine social and cultural transmission from a range of perspectives and at different scales of generalization The comprehensive introduction explores some of the problems and connections Overall the book provides a timely synthesis of current accounts of cultural transmission in relation to cognitive process practical action and local socio ecological context while linking these with explanations of longer term evolutionary trajectories

Photography, Anthropology and History Elizabeth Edwards, 2016-04-22 Photography Anthropology and History examines the complex historical relationship between photography and anthropology and in particular the strong emergence of the contemporary relevance of historical images Thematically organized and focusing on the visual practices developed within anthropology as a discipline this book brings together a range of contemporary and methodologically innovative approaches to the historical image within anthropology Importantly it also demonstrates the ongoing relevance of both the historical image and the notion of the archive to recent anthropological thought As current research rethinks the relationship between photography and anthropology this volume will serve as a stimulus to this new phase of research as an essential text and methodological reference point in any course that addresses the relationship between anthropology and visuality

Captured Heritage Douglas Cole, 2011-11-01 The heyday of anthropological collecting on the Northwest Coast took place between 1875 and the Great Depression The scramble for skulls and skeletons poles canoes baskets feast bowls and masks went on until it seemed that almost everything not nailed down or hidden was gone The period of most intense collecting on the coast coincided with the growth of anthropological museums which reflected the realization that time was running out and that civilization was pushing the indigenous people to the wall destroying their material culture and even extinguishing the native stock itself Douglas Cole examines the process of collecting in the context of the development of museums and anthropology The main North American museums with Northwest Coast collections the Smithsonian Institution the American Museum of Natural History Chicago's Field Museum of Natural History the Royal British Columbia Museum and the Canadian Museum of Civilization in Ottawa were intense rivals in the race against time For the new edition of *Captured Heritage* Douglas Cole has written a preface in which he outlines developments since the book's first publication in 1985 Since that time for example the Kwagiulth Museum and Cultural Center on Quadra Island and the U Mista Museum and Cultural Center at Alert Bay have been successful in having some of their artifacts repatriated
