Solzhenitsyn And The Secret Circle:

Solzhenitsyn and the Secret Circle Olga Andreyev Carlisle, 1978 **A Failed Empire** Vladislav M. Zubok, 2009-02-01 In this widely praised book Vladislav Zubok argues that Western interpretations of the Cold War have erred by exaggerating either the Kremlin's pragmatism or its aggressiveness. Explaining the interests, aspirations, illusions, fears, and misperceptions of the Kremlin leaders and Soviet elites, Zubok offers a Soviet perspective on the greatest standoff of the twentieth century. Using recently declassified Politburo records, ciphered telegrams, diaries, and taped conversations among other sources, Zubok offers the first work in English to cover the entire Cold War from the Soviet side. *A Failed Empire* provides a history quite different from those written by the Western victors. In a new preface for this edition, the author adds to our understanding of today's events in Russia, including who the new players are and how their policies will affect the state of the world in the twenty-first century.

Cross-Cultural Reckonings Blanche H. Gelfant, 1995-01-27 Blanche H. Gelfant's book *Cross Cultural Reckonings* both demonstrates and questions the applicability of postmodern cultural and literary theories to realistic texts, to fiction, and to autobiographies valued for their truth. Drawing together an unusual combination of Russian, American, and Canadian writers, the various essays of this book provide new and original perspectives upon the puzzling issues of national identity, of historical change and continuity, of gender, and of the integrity of literary genres. The boundaries between text and context, and the underlying if overlooked conflicts between the postmodern critic's skepticism and a writer's belief in the transcendence of art and truth. To avoid the contingencies inherent in binary comparisons, the essays in this book seek a triadic form analogous to the triptych or polyptych of the visual arts. Multi-faceted, non-linear, and open-ended, such a form might allow the academic essay to recover a waywardness that traces back to Montaigne, cited in prefatory notes, and to the etymological meaning of the essay as an exagium or weighing, as an act of reckoning. A study at once elegant, erudite, and personal, *Cross Cultural Reckonings* reckons with writers of different backgrounds and reputation, in whom Gelfant discovers surprising affinities: among them, the Russian writers Lydia Chukovskaya, Natalya Baranskaya, and Alexander Solzhenitsyn; the highly reputed Canadian writer the famous cross-cultural figure Emma Goldman; and established as well as new or rediscovered American writers such as Willa Cather, Saul Bellow, Arlene Heyman, and Meridel Le Sueur. These writers are discussed singly and in comparative essays, each of which is discrete and self-contained while all interconnect and reflect upon each other as exemplary demonstrations of cross-cultural literary criticism and the deferred final judgment that results from a weighing and reweighing of books.

The End of History Barry Cooper, 1984-12-15 History ended according to Hegel according to Kojve with the establishment and proliferation in Europe of states organized along Napoleonic lines rational bureaucratic homogenous atheist This state lives in some tension with the popular slogan that helped give it birth Liberty Equality Fraternity But there is now also totalitarianism the only new kind of regime according to Arendt created since the national state Man is now in charge of nature technology and society much of political life has become a gavotte elaborating the meaning of the Napoleonic model This interpretation however opposed it seems to common sense has been influential particularly in France where the course of existentialism is unintelligible without taking it into account Professor Cooper argues that it is inherently plausible and examines the arguments of Hegel and Kojve to reveal its consistency and explanatory power And he applies it to more contemporary events the experience of the atomic bomb the Gulag system of extermination and the growth of multinational corporations The work concludes by pulling together the presuppositions and theories of the totalitarian system the Hegelian version of the Napoleonic state and our contemporary technological society Overall the reader will find here a complete and challenging presentation of how the modern world understands its collective life

Politics and the Novel During the Cold War David Caute, 2017-09-08 David Caute's wide ranging study examines how outstanding novelists of the Cold War era conveyed the major issues of contemporary politics and history In the United States and Western Europe the political novel flourished in the 1930s and 1940s the crisis years of economic depression fascism the Spanish Civil War the consolidation of Stalinism and the Second

World War Starting with the high hopes generated by the Spanish Civil War Caute then explores the god that failed pessimism that overtook the Western political novel in the 1940s The writers under scrutiny include Hemingway Dos Passos Orwell Koestler Malraux Serge Greene de Beauvoir and Sartre Strikingly different approaches to the burning issues of the time are found among orthodox Soviet novelists such as Sholokhov Fadeyev Kochetov and Pavlenko Soviet official culture continued to choke on modernism formalism satire and allegory In Russia and Eastern Europe dissident novelists offered contesting voices as they engaged in the fraught re telling of life under Stalinism The emergence of the New Left in the 1960s generated a new wave of fiction challenging Americas global stance Mailer Doctorow and Coover brought fresh literary sensibilities to bear on such iconic events as the 1967 siege of the Pentagon and the execution of the Rosenbergs

Tamizdat Yasha Yakov Klots, 2023-05-15 Tamizdat offers a new perspective on the history of the Cold War by exploring the story of the contraband manuscripts sent from the USSR to the West A word that means publishing over there tamizdat manuscripts were rejected censored or never submitted for publication in the Soviet Union and were smuggled through various channels and printed outside the country with or without their authors knowledge Yasha Klots demonstrates how tamizdat contributed to the formation of the twentieth century Russian literary canon the majority of contemporary Russian classics first appeared abroad long before they saw publication in Russia Examining narratives of Stalinism and the Gulag Klots focuses on contraband manuscripts in the 1960s and 70s from Khrushchev s Thaw to Stagnation under Brezhnev Klots revisits the traditional notion of late Soviet culture as a binary opposition between the underground and official state publishing He shows that even as tamizdat represented an alternative field of cultural production in opposition to the Soviet regime and the dogma of Socialist Realism it was not devoid of its own hierarchy ideological agenda and even censorship Tamizdat is a cultural history of Russian literature outside the Iron Curtain The Russian literary diaspora was the indispensable ecosystem for these works Yet in the post Stalin years they also served as a powerful weapon on the cultural fronts of the Cold War laying bare the geographical stylistic and ideological rifts between two disparate yet inextricably intertwined fields of Russian literature one at home the other abroad Open Access edition funded by the National Endowment for the Humanities *Biographical Dictionary of Dissidents in the Soviet Union* S.
