Some Like It South:

Myth and Southern History Patrick Gerster, Nicholas Cords, 1989 Freedom Ira Berlin, Barbara J. Fields, Thavolia Glymph, 2010-04-19 **Agenda**, 1978 **The Edible South** Marcie Cohen Ferris, 2014-09-22 In *The Edible South* Marcie Cohen Ferris presents food as a new way to chronicle the American South's larger history Ferris tells a richly illustrated story of southern food and the struggles of whites, blacks, Native Americans, and other people of the region to control the nourishment of their bodies and minds, livelihoods, lands, and citizenship The experience of food serves as an evocative lens onto colonial settlements and antebellum plantations New South cities and civil rights era lunch counters chronic hunger and agricultural reform, counterculture, communes, and iconic restaurants as Ferris reveals how food as cuisine and as commodity has expressed and shaped southern identity to the present day The region in which European settlers were greeted with unimaginable natural abundance was simultaneously the place where enslaved Africans vigilantly preserved cultural memory in cuisine and Native Americans held tight to kinship and food traditions despite mass expulsions Southern food Ferris argues is intimately connected to the politics of power The contradiction between the realities of fulsomeness and deprivation, privilege and poverty in southern history resonates in the region's food traditions both beloved and maligned

Southern Routes Ben Vaughn, 2015-09-15 In most of Ben's experiences, the humble Southern chefs share their long protected family recipes, but it's not an adventure if everyone cooperates Some of these institutions guard their recipes like members of the family To the untrained eater, the secret ingredients it takes to create such an iconic dish would remain a bewitching mystery without the original formula However, Ben's journey and mission is to deliver the most amazing 100 Southern recipes in *Southern Routes* With his charm and ability in the kitchen, award-winning chef, author, and Food Network host Ben Vaughn acquired each recipe one way or another If he was unable to get the recipe directly from the source, Ben replicated it himself, only having tasted the dish After deciphering the exact mix of ingredients, his recipe was put to the test when the recipe gatekeeper gave him the thumbs up *Southern Routes* highlights iconic Southern kitchens all throughout the Delta, such as Mat Our Way Caf in Decatur, Georgia; McMel's City Caf; Dipsy Doodle; and Wendell Smith's Restaurant in Tennessee; and Martha's Menu in Mississippi This book is more than a recipe book but instead a soulful, informative ride through the most delicious parts of America Experience the real recipes, real people, and real stories as Ben journeys through the South exploring *Southern Routes* Toward a Global Science Susantha Goonatilake, 1998 Using a model of the civilizational construction of science, the author views science without Eurocentric blinders She shows how science was built by transfers from non-European groups and why the historiography of science has to be rethought Proceedings of the 15th International Ornithological Congress Voous, 2023-10-09 **The Recreation Imperative** United States. Bevan,2023-12-18 **The Spirit of Democracy** Larry Diamond,2008-01-08 Diamond also dissects the causes of the recent democratic recession in critical parts of the world including the crime infested oligarchy in Russia the strong armed pseudopopulism of Venezuela the pathological corruption in Nigeria and the military security state of Pakistan He traces many of these failed and failing democracies to the curse of oil which stifles financial and electoral accountability as well as the willingness of established democracies to hold a firm line in support of civil society *Be Free or Die: The Amazing Story of Robert Smalls' Escape from Slavery to Union Hero* Cate Lineberry,2017-06-20 Finalist for the Gilder Lehrman Lincoln Prize Henry Louis Gates Jr A stunning tale of a little known figure in history Candice Millard *Be Free or Die* makes you want to stand up and cheer The astonishing true story of Robert Smalls amazing journey from slave to Union hero and ultimately United States Congressman It was a mild May morning in Charleston South Carolina in 1862 the second year of the Civil War when a twenty three year old slave named Robert Smalls did the unthinkable and boldly seized a Confederate steamer With his wife and two young children hidden on board Smalls and a small crew ran a gauntlet of heavily armed fortifications in Charleston Harbor and delivered the valuable vessel and the massive guns it carried to nearby Union forces To be unsuccessful was a death sentence for all Smalls courageous and ingenious act freed him and his family from slavery and immediately made him a Union hero while simultaneously challenging much of the country's view of what African Americans were willing to do to gain their freedom After his escape Smalls served in numerous naval campaigns off Charleston as a civilian boat pilot and eventually became the first black captain of an Army ship In a particularly poignant moment Smalls even bought the home that he and his mother had once served in as house slaves Cate Lineberry's *Be Free or Die* is a compelling narrative that illuminates Robert Smalls amazing journey from slave to Union hero and ultimately United States Congressman This captivating tale of a valuable figure in American history gives fascinating insight into the country's first efforts to help newly freed slaves while also illustrating the many struggles and achievements of African Americans during the Civil War *Reports of the Industrial Commission...* United States. Industrial Commission,1901 **Reports of the Industrial Commission on Immigration** United States. Industrial Commission,1901 *Bittersweet Legacy* Janette Thomas Greenwood,2001-02-01 *Bittersweet Legacy* is the dramatic story of the relationship between two generations of black and white southerners in Charlotte North Carolina from 1850 to 1910 Janette Greenwood describes the interactions between black and white business and p *World Fascism* Cyprian Blamires,2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes

Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology s lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism s enduring appeal

My Tears Spoiled My Aim and Other Reflections on Southern Culture

John Shelton Reed,1993 Still the South *Bound in Twine* Sterling D. Evans,2013-01-14 Before the invention of the combine the binder was an essential harvesting implement that cut grain and bound the stalks in bundles tied with twine that could then be hand gathered into shocks for threshing Hundreds of thousands of farmers across the United States and Canada relied on binders and the twine required for the machine s operation Implement manufacturers discovered that the best binder twine was made from henequen and sisal spiny fibrous plants native to the Yucat n Peninsula of Mexico The double dependency that subsequently developed between Mexico and the Great Plains of the United States and Canada affected the agriculture ecology and economy of all three nations in ways that have historically been little understood These interlocking dependencies identified by author Sterling Evans as the henequen wheat complex initiated or furthered major ecological social and political changes in each of these agricultural regions Drawing on extensive archival work as well as the existing secondary literature Evans has woven an intricate story that will change our understanding of the complex transnational history of the North American continent
