

Transcendence

Perhaps a shift in consciousness
And maybe also form
A change the world will notice
That challenges the norm

Rules to be rewritten
A shattering of glass
A moment of excitement
When boundaries we surpass

Then will come the knowing
And seeing of the truth
So many things forgotten
We once knew in our youth

Where is it we're going
When will you truly know
For now enjoy the journey
And learn as you do grow

This Ghostly Poetry Daniel Aguirre-Oteiza, 2020-04-02 The Spanish Civil War was idealized as a poet's war The thousands of poems written about the conflict are memorable evidence of poetry's high cultural and political value in those historical conditions After Franco's victory and the repression that followed numerous Republican exiles relied on the symbolic agency of poetry to uphold a sense of national identity Exilic poems are often read as claim making narratives that fit national literary history This Ghostly Poetry critiques this conventional understanding of literary history by arguing that exilic poems invite readers to seek continuity with a traumatic past just as they prevent their narrative articulation The book uses the figure of the ghost to address temporal challenges to historical continuity brought about by memory tracing the discordant disruptive ways in which memory is interwoven with history in poems written in exile Taking a novel approach to cultural memory This Ghostly Poetry engages with literature history and politics while exploring issues of voice time representation and disciplinarity

Original Copy Robert Macfarlane,2007-03-08 Originality is only plagiarizing from a great many remarked Rupert Brooke stealing the line from Voltaire Questions of originality and accusations of plagiarism are as old as literature but different literary cultures have interpreted the relationship between originality and plagiarism in startlingly dissimilar ways Original Copy investigates and documents the drastic reappraisal of literary originality and plagiarism which occurred over the course of the nineteenth century from the heroic visions of original authorship that characterised the 1820s and 1830s through to the stickle brick creativity of Oscar Wilde and Lionel Johnson at the century s end It reveals how ideas of originality and plagiarism were not only a theoretical concern of Victorian commentators on literature but also

provided many important Victorian writers Eliot Dickens Reade Pater Wilde and Lionel Johnson among them with a creative resource Moving between numerous different fields of thought and knowledge literary criticism the history of science manuscript culture anthropology and written in a supple and elegant style this book shows that the ideas of originality and plagiarism were the subjects of nineteenth century literature as well as what it was subject to **A Directory of American Poets and Fiction Writers** Poets and Writers, Inc. Staff,2003 Resource THE DIRECTORY OF AMERICAN POETS FICTION WRITERS is a required resource for any arts or presenting organization looking for literary readers as well as for all publishers seeking to solicit work from the best American writers In additon writers can use the book to find the right writing mentor and connect with other writers When I directed my first arts program the Directory delivered the addresses and phone numbers of writers I loved but couldn t find How many writers and audiences are robbed without the information between these covers Cornelius Eady co founder and co director Cave Canem and author of Brutal Imagination The Metaphysics of Becoming Thomas Padiyath,2014-01-31 This study attempts to elucidate a possible meeting point of the traditions of Eastern and Western metaphysical thinking In discussing Whitehead s and Aurobindo s views on being and becoming it seeks the possibility of a better engagement between the East and the West in the light of the philosophical insights It is an initiation into the Sitz im Leben of Whitehead s philosophy and his general thought pattern It carries a perceptive analysis to show the clear primacy of Becoming or Process in Whitehead that extends even to the Divine It also highlights Aurobindo as a unique Indian Philosopher who articulated Indian thought in Western categories He was able to integrate the evolutionary theory of the West with the Indian understanding of becoming The relationship between God and Creativity and Sachchidananda and the Supermind is studied within the context of Enlightenment and Modernity and the way of doing philosophy in the West and in the East *Orphic Tradition and the Birth of the Gods* Dwayne A. Meisner,2018-07-17 The hatching of the Cosmic Egg the swallowing of Phanes by Zeus and the murder of Dionysus by the Titans were just a few of the many stories that appeared in ancient Greek epic poems that were thought to have been written by the legendary singer Orpheus Most of this poetry is now lost surviving only in the form of brief quotations by Greek philosophers Orphic Tradition and the Birth of the Gods brings together the scattered fragments of four Orphic theogonies the Derveni Eudemean Hieronyman and Rhapsodic theogonies Typically theogonies are thought to be poetic accounts of the creation of the universe and the births of the gods leading to the creation of humans and the establishment of the present state of the cosmos The most famous example is Hesiod s Theogony which unlike the Orphic theogonies has survived But did Orphic theogonies look anything like Hesiod s Theogony Meisner applies a new theoretical model for studying Orphic theogonies and suggests certain features that characterize them as different from Hesiod the blending of Near Eastern narrative elements that are missing in Hesiod the probability that these were short hymns more like the Homeric Hymnsr than Hesiod and the continuous discourse between myth and philosophy that can be seen in Orphic poems and the

philosophers who quote them Most importantly this book argues that the Orphic myths of Phanes emerging from the Cosmic Egg and Zeus swallowing Phanes are at least as important as the well known myth of Dionysus being dismembered by the Titans long thought to have been the central myth of Orphism As this book amply demonstrates Orphic literature was a diverse and ever changing tradition by which authors were able to think about the most current philosophical ideas through the medium of the most traditional poetic forms

T. Calpurnius Siculus Evangelos Karakasis,2016-10-10 T Calpurnius Siculus A Pastoral Poet in Neronian Rome is the first ever detailed examination of the whole of Calpurnius pastoral corpus in English It aims to offer an overall picture of Calpurnius epigonal and generically transcending poetics and meta poetics through a thorough comparative analysis of the generic interfaces between the bucolic host genre as bequeathed to Siculus from Theocritus to Vergil and various generic modes which operate in Calpurnius eclogues such as epic panegyric elegiac didactic georgic The analysis includes themes motifs intertexts and allusion narrative sequences diction and metre as well as meta generic meta poetic signs including Calpurnius redirection and inversion of the Callimachean neoteric poetological meta language The study s interests also revolve around the ways in which Neronian ideology and imperial politics inform the pastoral narrative and often account for the formalistic change discerned as well as the manner in which Post Classical diction functions as a targeted self conscious linguistic tell tale of generic evolution The book is intended for students or scholars working on or interested in Roman pastoral and its generic evolution as well as Neronian Literature
