The search for honest leadership.](#) David B. Watkins,2013-04-15 What a bizarre title But it is interesting isn t it Doesn t it make you ask What could this be all about Well the truth is it s not about dogs at all it s about leadership and honesty Nevertheless dogs are a useful metaphor You see dogs are the closest thing we can find when searching for examples of uncompromising honesty Dishonesty is not part of their DNA In contrast the problem for many leaders today is that at some level most people lie This may seem like a provocative statement but it s true even though most of the time we do not even know we are doing it Some including many renowned psychologists would even say that at some level we need to lie to survive Do we In a world of business sports and political Watergates and scandals that has even

culminated in Papal resignations against a background of vatileaks we seem to suffer from a paradoxical scenario We find ourselves contrasting the lack of honesty that brought down many of our business and sporting figures as exemplified by the likes of Madoff Lance Armstrong and Oscar Pistorius to name a few with the apparent total honesty of leaders such as the Dalai Lama Kofi Anan and even Richard Branson or Steve Jobs We all know that whilst some leaders command respect others do not Some leaders have willing followers whilst others are followed through coercion Some may lose their followers whilst others should never have any And some allow their egos to block trust whilst others are dealers in trust This book is therefore a journey into one of the hottest topics for leaders today honest leadership But this is not just another leadership book or simply a nice story It is about honest leaders changing the world Now that s a big claim But its deserved because this book sniffs and scratches around the undergrowth searching for the real meaning of honesty and leadership and finishes up helping you uncover your own truth And with the aid of a remarkably simple idea the Eight Axioms of Honest Leadership this book will provide you with the tools and skills to enable you to identify train and maybe even tame your own leadership approach and help you to become a top dog

daughter or even dealing with a threat to his own family In one sense it is a resurrection story It begins with David at the lowest point in his life steeped in alcoholism As the story begins he is not dealing well with the loss of his son which has already led to the loss of his job as an attorney and the estrangement of his wife and young daughter Then right in the midst of his alcoholic world a series of events occur which move him upward and back into a life of respect and love In another sense the story also represents personal growth not only in his sense of purpose but also as a caring individual in his beach community The three cases in this book span almost twenty years of his life Along the way Dave meets the most varied individuals some good some wicked some humorous some inventive and all moving intricately together toward the most delightful conclusion You will enjoy the humor and wit of Ed Dave's longtime friend And you will most certainly enjoy the inventiveness of Peekaboo Bob and the flamboyance of Detective Lane The first case provides an examination of the homeless society in America as viewed from the beaches of Southern California It brings to light several sides of this community Most of us view homeless people in a very negative light This case story is an expose of crime mental illness and poverty very real aspects of this lost society But the case also reveals a side of the homeless not often thought about It includes folks who care about others perform positive and loving acts and even assist in dealing with the community in helpful ways Dave begins helping some of these people in some very creative ways He begins to become known as an advocate for the homeless In the second case Dave discovers a mysterious young girl who has been separated from her father Dave and his team work together to discover who her father is and create a plan to reunite them It also provides a fun romp with a sailing trip through the Mediterranean The book ends with the third case which involves Dave and his family in a very personal and dramatic way Some very direct threats and circumstances evolve which place Dave outside his normal comfort zone both at home and in the courtroom

What My Dog Taught Me About Jesus David Ross Sherman, 2017-05-24 Jenny was nearly two years old when David met her and it was a perfect match between a dog who just wanted out of her prison and a guy looking for someone with whom he could share bad jokes and make listen to his sermons before he delivered them to the church She could handle some bad humor and some boring sermons if she could just be allowed to love some people and be free After all loving people was what she did best And being free is what everyone wants Having come from a pretty difficult beginning Jenny had some issues She was fearful and

aggressive toward other dogs but even with her issues she showed an incredible love toward every human she met as well as an unquenchable joy that was always present Come experience the relationship between a man and his dog and discover how God is interpreted in the actions of this wonderful and amazing animal by a guy who sees God in every living thing If you are enduring some difficulty right now this book may help you out of your pain You may just discover that what you have really found is a renewed relationship with the King of kings that will give you a new perspective on life and those with whom we share the planet **Sunshine, conducted by W.M.
