Wyatt, 2018-09-13 The decade of the 1960s has come to occupy a uniquely seductive place in both the popular and the historical imagination While few might disagree that it was a transformative period the United States remains divided on the question of whether the changes that occurred were for the better or for the worse Some see it as a decade when people became more free others as a time when people became more lost *American Literature in Transition 1960 1970* provides the latest scholarship on this time of fateful turning as seen through the eyes of writers as various as Toni Morrison Gary Snyder Michael Herr Amiri Baraka Joan Didion Louis Chu John Rechy and Gwendolyn Brooks This collection of essays by twenty five scholars offers analysis and explication of the culture wars surrounding the period and explores the enduring testimonies left behind by its literature **Eugene McCarthy** Dominic Sandbrook, 2007-12-18 Eugene McCarthy was one of the most fascinating political figures of the postwar era a committed liberal anti Communist who broke with his party's leadership over Vietnam and ultimately helped take down the political giant Lyndon B Johnson His presidential candidacy in 1968 seized the hearts and fired the imaginations of countless young liberals it also presaged the declining fortunes of liberalism and the rise of conservatism over the past three decades Dominic Sandbrook traces Eugene McCarthy's rise to prominence and his subsequent failures and makes clear how his story embodies the larger history of American liberalism over the last half century We see McCarthy elected from Minnesota to the House and then to the Senate part of a new liberal movement that combined New Deal domestic policies and fierce Cold War hawkishness a consensus that produced huge electoral victories until it was shattered by the war in Vietnam As the situation in Vietnam escalated many liberals like McCarthy found themselves increasingly estranged from the anti Communism that they had supported for nearly two decades Sandbrook recounts McCarthy's growing opposition to President Johnson and his policies which culminated in McCarthy's stunning near victory in the New Hampshire presidential primary and Johnson's subsequent withdrawal from the race McCarthy went on to lose the nomination to Hubert Humphrey at the infamous 1968 Democratic National Convention in Chicago which secured his downfall and led to Richard Nixon's election but he had pulled off one of the greatest electoral upsets in American history one that helped shape the political landscape for decades These were tumultuous times in American politics and Sandbrook vividly captures the drama and historical significance of the period through his intimate portrait of a singularly interesting

man at the center of it all **Norman Mailer: The Naked and the Dead & Selected Letters 1945-1946 (LOA #364)**
 Norman Mailer, 2023-01-10 A landmark in the modern literature of war by a still controversial literary icon Includes a selection of letters nine never before published that reveal the real life roots of one of the greatest American debut novels of the last century Nearly universally praised upon publication as an achievement inviting comparison with Tolstoy and Hemingway Norman Mailer's *The Naked and the Dead* is not just a monumental war novel but also a devastating antiwar novel exposing the primal nature of power through the interplay of a platoon of soldiers on an impossible and ultimately pointless mission on an obscure island in the Pacific during World War II Written just after the war ended in the early days of the emerging Cold War the novel daringly engages with the authoritarian impulses in the American character To celebrate and commemorate the centennial of Mailer's birth and the 75th anniversary of the publication of his unforgettable debut novel this expanded collector's edition includes a selection of 23 letters all but four from Mailer to his first wife Beatrice chosen by Mailer biographer J Michael Lennon that reveals the keen insight and powerful ambition of a brilliant young writer grappling with the challenge of converting the weight of experience into art The Concise Oxford Companion to American Literature James D. Hart, Wendy Martin, Danielle Hinrichs, 2021-01-21 For nearly half a century James D Hart's Oxford Companion to American Literature has offered a matchless guided tour through American literary culture both past and present with brief biographies of important authors descriptions of important literary movements and a wealth of information on other aspects of American literary life and history from the Colonial period to the present day In this second edition of the Concise version Wendy Martin and Danielle Hinrichs bring the work up to date to more fully reflect the diversity of the subject Their priorities have been foremost to fully represent the impact of writers of color and women writers on the field of American literature and to increase the usefulness of the work to students of literary theory To this end over 230 new entries have been added including many that cover women authors Native American African American Asian American Latino a and other contemporary ethnic literatures LGBT trans and queer studies and recent literary movements and evolving areas of contemporary relevance such as eco criticism disability studies whiteness studies male masculinity studies and diaspora studies **The Oxford Companion to American Literature** James David Hart, 1948 **American Disasters** Steven Biel, 2001-11 Ranging widely essayists here examine the 1900 storm that ravaged Galveston Texas the Great Chicago Fire of 1871 the Titanic sinking the Northridge earthquake the crash of Air Florida Flight 90 the 1977 Chicago El train crash and many other devastating events These catastrophes elicited vastly different responses and thus raise a number of important questions How for example did African Americans feminists and labor activists respond to the Titanic disaster Why did the El train crash take on such symbolic meaning for the citizens of Chicago In what ways did the San Francisco earthquake reaffirm rather than challenge a predominant faith in progress **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1977 Conversations with Norman Mailer Norman Mailer, 1988 In twenty eight interviews this

great American writer rises to the occasion and is at his sharpest in conversations with Lillian Ross Marshall McLuhan Malcolm Muggeridge William F Buckley Jr and George Plimpton The Politics and Poetics of Journalistic Narrative Phyllis Frus,1994-06-24 The Politics and Poetics of Journalistic Narrative investigates the textuality of all discourse arguing that the ideologically charged distinction between journalism and fiction is socially constructed rather than natural Phyllis Frus separates literariness from aesthetic definitions regarding it as a way of reading a text through its style to discover how it makes reality Eighteen-Day Running Mate Joshua M. Glasser,2012-08-01 No skeletons were rattling in his closet Thomas Eagleton assured George McGovern s political director But only eighteen days later after a series of damaging public revelations and feverish behind the scenes maneuverings McGovern rescinded his endorsement of his Democratic vice presidential running mate and Eagleton withdrew from the ticket This fascinating book is the first to uncover the full story behind Eagleton s rise and precipitous fall as a national candidate Within days of Eagleton s nomination a pair of anonymous phone calls brought to light his history of hospitalizations for nervous exhaustion and depression and past treatment with electroshock therapy The revelation rattled the campaign and placed McGovern s organization under intense public and media scrutiny Joshua Glasser investigates a campaign in disarray and explores the perspectives of the campaign s key players how decisions were made and who made them how cultural attitudes toward mental illness informed the crisis and how Eagleton s and McGovern s personal ambitions shaped the course of events Drawing on personal interviews with McGovern campaign manager Gary Hart political director Frank Mankiewicz and dozens of other participants inside and outside the McGovern and Eagleton camps as well as extensive unpublished campaign records Glasser captures the political and human drama of Eagleton s brief candidacy Glasser also offers sharp insights into the America of 1972 mired in war anxious about the economy ambivalent about civil rights **Campaign of the Century** Irwin F. Gellman,2022-01-04 Based on massive new research a compelling and surprising account of the twentieth century s closest election The 1960 presidential election between John F Kennedy and Richard Nixon is one of the most frequently described political events of the twentieth century yet the accounts to date have been remarkably unbalanced Far more attention is given to Kennedy s side than to Nixon s The imbalance began with the first book on that election Theodore White s The Making of the President 1960 in which as he later admitted White deliberately cast Kennedy as the hero and Nixon as the villain and it has been perpetuated in almost every book since then Few historians have attempted an unbiased account of the election and none have done the archival research that Irwin F Gellman has done Based on previously unused sources such as the FBI s surveillance of JFK and the papers of Leon Jaworski vice presidential candidate Henry Cabot Lodge and many others this book presents the first even handed history of both the primary campaigns and the general election The result is a fresh engaging chronicle that shatters long held myths and reveals the strengths and weaknesses of both candidates

Romantic Postmodernism in American Fiction Eberhard Alsen,2023-12-21 Intended for teachers and students of

American Literature this book is the first comprehensive analysis of romantic tendencies in postmodernist American fiction The book challenges the opinion expressed in the Columbia History of the American Novel 1991 and propagated by many influential scholars that the mainstream of postmodernist fiction is represented by the disjunctive and nihilistic work of such writers as Kathy Acker Donald Barthelme and Robert Coover Professor Alsen disagrees He contends that this kind of fiction is not read and taught much outside an isolated but powerful circle in the academic community It is the two part thesis of Professor Alsen s book that the mainstream of postmodernist fiction consists of the widely read work of the Nobel Prize laureates Saul Bellow and Toni Morrison and other similar writers and that this mainstream fiction is essentially romantic To support his argument Professor Alsen analyzes representative novels by Saul Bellow J D Salinger Norman Mailer Flannery O Connor John Updike Kurt Vonnegut Philip Roth Thomas Pynchon Toni Morrison the later John Barth Alice Walker William Kennedy and Paul Auster Professor Alsen demonstrates that the traits which distinguish the fiction of the romantic postmodernists from the fiction of their disjunctive and nihilist colleagues include a vision of life that is a form of philosophical idealism an organic view of art modes of storytelling that are reminiscent of the nineteenth century romance and such themes as the nature of sin or evil the negative effects of technology on the soul and the quest for transcendence

Norman Mailer in Context Maggie McKinley,2021-08-26 This volume offers new insight into the contextual background and literary historical impact of Norman Mailer s body of work **Jesus in Twentieth Century Literature, Art, and Movies** Paul C. Burns,2007-07-15 In the twentieth century a number of novelists artists and filmmakers resurrected the life of Jesus genre made so popular in the eighteenth and nineteenth centuries by Renan Strauss and others In addition novelists Norman Mailer Jose Saramago and Ricci have written their own gospels Burns collection taken from a conference at a 2004 regional SBL meeting explores the ways in which these portraits of Jesus continue to fulfill the familiar observation that people tend to depict Jesus in their own image In several of the portraits of Jesus the artists offer a creative response to the realities of the human condition of our time *AR; American Review* ,1976 **The Cambridge Companion to Modern American Culture** Christopher Bigsby,2006-10-12 The Cambridge Companion to Modern American Culture offers a comprehensive authoritative and accessible overview of the cultural themes and intellectual issues that drive the dominant culture of the twentieth century This companion explores the social political and economic forces that have made America what it is today It shows how these contexts impact upon twentieth century American literature cinema and art An international team of contributors examines the special contribution of African Americans and of immigrant communities to the variety and vibrancy of modern America The essays range from art to politics popular culture to sport immigration and race to religion and war Varied extensive and challenging this Companion is essential reading for students and teachers of American studies around the world It is the most accessible and useful introduction available to an exciting range of topics in modern American culture [The Year that Broke Politics](#) Luke A. Nichter,2023-01-01 The unknown story of the election that

set the tone for today's fractured politics A Wall Street Journal Best Book of 2023 Politics The book is a delightful demolition of the many political myths that continue to muddy our understanding of that election year Nichter's book stands out for its clear direct prose and the scrupulous research on which it's based Barton Swaim Wall Street Journal The 1968 presidential race was a contentious battle between vice president Hubert Humphrey Republican Richard Nixon and former Alabama governor George Wallace The United States was reeling from the assassinations of Martin Luther King Jr and Robert F Kennedy and was bitterly divided on the Vietnam War and domestic issues including civil rights and rising crime Drawing on previously unexamined archives and numerous interviews Luke A Nichter upends the conventional understanding of the campaign Nichter chronicles how the evangelist Billy Graham met with Johnson after the president's attempt to reenter the race was stymied by his own party and offered him a deal Nixon if elected would continue Johnson's Vietnam War policy and also not oppose his Great Society if Johnson would soften his support for Humphrey Johnson agreed Nichter also shows that Johnson was far more active in the campaign than has previously been described that Humphrey's resurgence in October had nothing to do with his changing his position on the war that Nixon's Southern Strategy has been misunderstood since he hardly even campaigned there and that Wallace's appeal went far beyond the South and anticipated today's Republican populism This eye opening account of the political calculations and maneuvering that decided this fiercely fought election reshapes our understanding of a key moment in twentieth century American history
