Mainstream Christian theology has valued the integrity of the body and the goodness of God reflected in creation. However, it has also asserted the complementarity of normal male and female physiology. *Sex and Uncertainty in the Body of Christ* offers the first systematic theology of the intersexed body. The book analyzes the theological implications of physical intersex conditions and their medical treatment. The medical assumption of what constitutes male and female bodies is shown to raise essential questions about the meaning of incarnation and bodiliness. The book argues for a theology that speaks to stigmatized and marginal bodies, examining the impact of such a theology on sex, marriage, sexuality, perfection, healing, and the resurrected body. New Approaches in History and Theology to Same-Sex Love and Desire Mark D. Chapman, Dominic Janes, 2018-02-15. This book offers a range of interdisciplinary evaluations of the history of same-sex relationships in the Church as they have been understood in different periods and contexts. The relationships between diverse forms of religious and sexual identities have been widely contested in the media since the rise of the lesbian and gay liberation movement in the 1970s. One of the key images that often appears in public debate is that of lesbians and gays in the Church as a significant problem. Research over the past forty years or so into queer theology and the history of same-sex desire has shown that such issues have played an important role in the story of Christianity over many centuries. The contributors to this volume have all been inspired by the challenges of such revisionist study to explore religion and same-sex desire as a field of opportunity for investigation and debate. They uncover some of the hidden histories of the Church and its theologies; they tell sometimes unexpected stories, many of which invite serious further study. It is quite clear through history that some in the churches have been at the vanguard of legislative and social change. Similarly, some churches have offered safe queer spaces. Overall, these essays offer new interpretations and original research into the history of sexuality that helps inform the contemporary debate in the churches as well as in the academy. The Scandal of Evangelicals and Homosexuality Mark Vasey-Saunders, 2016-03-09. English evangelicals give the appearance of being a community at war with each other and with the world around them. The issue of homosexuality is one of the key battlegrounds. How has this issue become so significant to evangelicals? Why is it provoking such violent responses? How is it changing evangelicals and what might this mean for the future? This book examines the history of evangelical responses to the issue of homosexuality, setting them in a wider historical and cultural context and drawing on the work of René Girard to argue that the issue of homosexuality has come to symbolise deeply held convictions within evangelicalism. The conflict over the issue that is now becoming apparent within evangelicalism reveals deep divisions within the evangelical community that will have great significance for the future. *The Scandal of Evangelicals and Homosexuality* offers an alternative perspective, seeking not to present an answer to the ethical question but rather to examine the way the debate has become scandalised and consider the cost. It offers a window into contemporary English evangelicalism and provides an important contribution to international and ecumenical debate.

Taking the Long View Colin Buchanan, 2006 This is a fairly personal book It records 40 years of cut and thrust in the Church of England's General Synod and kindred bodies as I have seen it experienced it and on occasion handed it out myself Much is told from my personal standpoint and the selection of themes derives my own involvement It is not autobiography but an attempt as in my other writings at accurate journalism Oh yes and remember I am not telling it the way it was No one on earth can do that I am telling it the way I have found it Colin Buchanan from the introduction to *Taking the Long View* Born in 1934 Bishop Colin received his MA from Lincoln College Oxford and trained for the ministry at Tyndale Hall Bristol He served as curate at Cheadle Chester Diocese from 1961 to 1964 He then went as tutor to the London College of Divinity which moved to Nottingham in 1970 and became St John's College He became Principal of St John's in 1979 and was an Honorary Canon of Southwell Minster from 1981-85 He received a DD from Lambeth in 1993 He became an Assistant Bishop in Rochester in 1989 and then Vicar of Gillingham St Mark from 1991-96 He was elected by the Nottinghamshire clergy to become a founder member of General Synod and was later elected by the suffragans of the Province of Canterbury to be one of their six representatives in the House of Bishops Bishop Colin is well known for his work on liturgy and has published extensively on the subject and others He founded the Grove Booklet Series He still writes booklets for this series and edits the semi official Anglican monthly *News of Liturgy* He was a member of the General Synod's Liturgical Commission 1964-86 and was one of the architects of the ASB He drafted the Church of England report on the Charismatic Movement 1981 and served on The Doctrine Commission 1986-91 He was one of those responsible for the report *We believe in the Holy Spirit* 1991

God, Sex, and Gender Adrian Thatcher, 2011-03-29 Engagingly and clearly written by a highly respected theologian *God Sex and Gender* is the first comprehensive introduction to a theology of both sexuality and gender available in a single volume Makes a theological contribution to understanding the unprecedented changes in sexual and gender relationships of the last fifty years Discusses many topics including sexual difference sexual equality gender and power the nature of desire the future of marriage in Christian sexual ethics homosexuality and same sex unions the problems of sexual minorities contraception in a time of HIV AIDS the separation of sexual experience from marriage and offers new arguments for marriage and for chastity Offers a consistent and engaging introduction at the cutting edge of theological inquiry which is

contemporary undogmatic questioning and relevant to readers experience interests and needs Written lucidly and engagingly by an established and respected academic who has published widely in this area *Public Life and the Place of the Church* Michael Brierley, 2017-11-28 The work of Richard Harries Bishop of Oxford from 1987 to 2006 has been highly distinctive for the consistency of its engagement with contemporary society It represents a model of the Church which is outward looking a Church which is as ready to learn from others as it is to offer its own wisdom and resources This book reflects on Richard Harries ministry in the borderlands of society and Church and engages deeply with the nature of modern society and the place of the Church within it Taking Richard Harries contributions as their inspiration key figures each of them major commentators on areas of pressing contemporary concern probe the important questions which people are asking about a range of social issues Arms and violence the role of the media in public life spirituality multifaith Britain sex capitalism the second chamber and medical ethics are all discussed building up a serious debate on the kind of society in which we live and making suggestive comments about the part which the Church might play Contributors Sabina Alkire Michael Bourke Melvyn Bragg John Drury Claire Foster Jonathan Gorsky Anthony Howard Douglas Hurd Eric James Julia Neuberger Edmund Newell Christopher Rowland Jane Shaw Margaret Shepherd Roger Wagner Keith Ward Rowan Williams Shirley Williams and James Woodward **Face to Face** Jeffrey Heskins, 2006 We should listen with the ears of God that we may speak the word of God Dietrich Bonhoeffer once said While a lot of ink is spilled debating the place of homosexual Christians in the life of the church few people take Bonhoeffer s advice In *Face to Face* Jeffrey Heskins takes a step back from heated rhetoric to listen to Christians who are committed both to ordained ministry in the Anglican Church and to a life of holiness with a partner of the same sex As Heskins invites these couples to tell their stories and reflects on their experiences he raises difficult questions What does it mean to live a holy life Should the pattern for holy living be any different for gay and lesbian couples in ministry than for others Based on more than thirty hours of recorded interviews with couples all across England this volume heeds Bonhoeffer s words producing a refreshing instance of Christian hospitality listening to brothers and sisters before presuming to speak God s word to them While *Face to Face* will not end the controversy these human voices will speak to both sides of this explosive debate In trying to lead a holy life I think that we are responsible for trying to see the effect that it has on others even beyond the relationship It is very easy to think about the two of us but if a life together is lived in holiness it has enormous impact on those around you Female priest with partner 3 years When I first met her I was really angry with God and I found God s maleness and the patriarchy of the church all too much I stopped going to church It was my partner who helped me heal from all those open wounds and if I hadn t healed from them then I don t think that I could have found God again Female priest with partner 13 years Where there is love there is God so while living a life of Christian holiness may be difficult to quantify those who want to make pronouncements or recommendations on what constitutes holy living really do need to go and see people s lives in action It s the meeting face to face that really is transforming of opinions

and attitudes Male priest with partner 32 years Transcendent Vocation Sarah Maxwell,2013-03-27 Based on detailed analysis of interviews with gay clergymen and also with retired heterosexual clergymen whose ministries span the period since the 1967 Sexual Offences Act Transcendent Vocation provides specific examples to back up the contention that the approach of the Church of England to homosexuals has increasingly been characterised by hypocrisy It considers why gay men wish to work within an organisation that treats them with such negativity especially now that such discrimination is illegal in secular society The prime conclusion is that they do so because of their Transcendent Vocation a conviction of having been called to the ministry by God that is so strong that it enables them to transcend all the hypocrisy and negativity that they encounter **Handbook of Global Contemporary Christianity** ,2015-03-20 The Handbook of Global Contemporary Christianity Themes and Developments in Culture Politics and Society maps the transformations as well as the continuities of the largest of the major religions engaging with the critical global issues which relate to the faith in a fast changing world International experts in the area offer contributions focusing on global movements regional trends and developments Christianity the state politics and polity and Christianity and social diversity Collectively the contributors provide a comprehensive treatment of health of the religion as Christianity enters its third millennium in existence and details the challenges and dilemmas facing its various expressions both old and new The volume is a companion to the Handbook of Contemporary Global Christianity Movements Institutions and Allegiance
