Recovering Christian Character Robert C. Roberts, 2022-03-17 Discipleship guidance from the writings of Kierkegaard Genuine Christian character often runs counter to prevailing notions of Christianity as much in today's era of nationalistic religiosity as in the staid Christendom of Søren Kierkegaard's time Kierkegaard responded to the hypocrisy around him by becoming a missionary of sorts in the Western world Through his writing he exposed the illusions of conventional wisdom while advancing a compelling vision of the true Christian life that would give rise to essential virtues like faith hope love patience gratitude and humility What might Kierkegaard say to us today about recovering a genuine Christian character amid manifold corruptions of the gospel Robert C Roberts guides the reader through Kierkegaard's thought about character clarifying while never unduly simplifying to show how Kierkegaard's prescient psychological insights can be applied in the lives of twenty first century Christians interested in personal formation Taking on a Kierkegaardian voice of his own Roberts powerfully illustrates how virtue arises not from the mastery of individual ethical principles but from the continuity of one's soul with the heart of God

A Student's Notes on Genesis Eleanor Rupp, 2016-04-08 Curious about ancient stories once a part of our culture that schools fail to teach today Our Supreme Court gave guidelines so classes could read them so why don't they Are schools fearful that teachers will present the stories for religious purposes Shouldn't students know of Eve and her fatal choice of pride's poison a poison that took her life sent one son to the grave and condemned her firstborn to wander the earth Shouldn't they know of Lamech drunk on that same poison singing self-exalting songs of brutality and leading the world into a violence that could be cleansed only by raging floods Also for their great comfort shouldn't students know of Jacob's sons so much like Cain yet united by a brother who laid aside pride's call for revenge even pride's call for personal justice This book leads public school students through the first part of the world's hidden away bestseller marking out a path through the legal thickets and pits of the Bible into the

hearts of the ancient people who had the same joys sorrows failures and hopes that all of us have even today A Student's Notes on Genesis is for curious minded students and for public school teachers who know that education should include the world's bestseller

The Kingdom of the Unselfish John Lord Peck, 1889

If I Be Lifted Up Samuel M. Shoemaker, 2007-01-16 These sermons represent an attempt to approach the central meaning of the Cross along several confessedly incomplete avenues of approach I think of them as a little circle of converging but incompleting radii all pointing toward and therefore in a sense

defining but none of them finally touching the real heart of the meaning of the Cross Were any of us able at last to do this we should unlock the mystery of life itself Even Dr Moberly in his great book Atonement and Personality begins by saying Atonement is a reality much too fundamental to human consciousness to be capable of any ready explanation Our explanations at their best are still always partial explanations It is always more than our understanding of it And so it is that one does not hesitate to add his own convictions to the many words that are written and said about the meaning of the Cross of Christ from the Foreword

Virtues and Their Vices Kevin Timpe, Craig A. Boyd, 2014-02-07 Virtues and Their Vices is the only extant contemporary comprehensive treatment of specific virtues and where applicable their competing vices Each of the essays written exclusively for this volume not only locates discussion of that virtue in its historical context but also advances the discussion and debate concerning the understanding and role of the virtues Each of the first four sections focuses on a particular historically important class of virtues the cardinal virtues the capital vices or seven deadly sins and the corrective virtues intellectual virtues and the theological virtues The final section discusses the role virtue theory and the virtues themselves play in a number of disciplines ranging from theology and political theory to neurobiology and feminism The treatment of the virtues in this present volume is sensitive to the historical heritage of the virtues including their theological heritage without paying undue attention to the historical and theological issues Virtues and Their Vices engages contemporary philosophical scholarship as well as relevant scholarship from related disciplines throughout It is a unique and compelling addition to the philosophical treatment of the virtues as well as their import in a wide spectrum of disciplines

Thunderous Voice Chris Martin,2010-07 Much of what has been portrayed concerning John the Baptist and his message of repentance is that he was a wild man a loose canon who lived in caves never combed his hair or brushed his teeth and would yell at the top of his lungs Repent you sinners In A Thunderous Voice author Chris Martin uncovers the truth about John and discusses how John s message of repentance is different from warnings of hellfire and brimstone preached on street corners and even some pulpits around the world Repentance is a gift that God has granted us for the forgiveness of sins and is not some type of guilt ridden man made condemnation A Thunderous Voice is an insightful look into the reality that repentance goes hand in hand with a heart attitude an action and a blessing from God Understanding true repentance will ultimately change the way believers think about and respond to God s grace and mercy so that we can all walk in the freedom that Christ purchased on the cross for his children This new and profound truth will empower anyone searching for hope and reconciliation enriching the lives of those who desire to shout with A Thunderous Voice to God **The Fireside Dickens**
