Stalking Shakespeare Lee Durkee,2023-04-18 Winner of the 2024 Mississippi Institute of Arts Letters Award for Life Writing A wickedly entertaining The New York Times detective story that chronicles one Mississippi man s relentless search for an authentic portrait of William Shakespeare Following his divorce down and out writer and Mississippi exile Lee Durkee holed himself up in a Vermont fishing shack and fell prey to a decades long obsession with Shakespearian portraiture It began with a simple premise despite the prevalence of popular portraits no one really knows what Shakespeare looked like That the Bard of Avon has gotten progressively handsomer in modern depictions seems only to reinforce this point Intensely readable with bust out laughing moments Garden Gun Stalking Shakespeare is Durkee s fascinating memoir about a hobby gone awry the 400 year old myriad portraits attached to the famous playwright and

Durkee's own unrelenting search for a lost picture of the Bard painted from real life. As Durkee becomes better at beguiling curators into testing their paintings with X-ray and infrared technologies, we get a front-row seat to the captivating mysteries and unsolved murders surrounding the various portraits rumored to depict Shakespeare. Whisking us backward in time through layers of paint and into the pages of obscure books on the Elizabethans, Durkee travels from Vermont to Tokyo to Mississippi to DC and ultimately to London to confront the stuffy curators forever protecting the Bard's image. For his part, Durkee is the adversary they didn't know they had: a self-described dilettante with nothing to lose. The Dan Brown of Elizabethan portraiture. A bizarre and surprisingly moving blend of biography, art history, and madness. Stalking Shakespeare is a gripping, poignant, and enjoyable *The Washington Post* journey that will forever change the way you look at one of history's greatest cultural and literary icons.

Ransom Jay McInerney, 2011-08-17 *Ransom* Jay McInerney's second novel belongs to the distinguished tradition of novels about exile. Living in Kyoto, the ancient capital of Japan, Christopher Ransom seeks a purity and simplicity he could not find at home and tries to exorcise the terror he encountered earlier in his travels: a blur of violence and death at the Khyber Pass. Ransom has managed to regain control chiefly through the rigors of karate. Supporting himself by teaching English to eager Japanese businessmen, he finds company with impresario Miles Ryder and fellow expatriates whose headquarters is Buffalo Rome, a blues bar that satisfies the hearty local appetite for Americana and accommodates the drifters pouring through Asia in the years immediately after the fall of Vietnam. Increasingly, Ransom and his circle are threatened by everything they thought they had left behind in a sequence of events whose consequences Ransom can forestall but cannot change. Jay McInerney details the pattern of adventure and disillusionment that leads Christopher Ransom toward an inevitable reckoning with his fate in a novel of grand scale and serious implications.

Since none of these exist in their 250-square-foot San Francisco apartment, Josh sets off on a quest to become the provider his wife wants him to be. The problem is that he does it in a way that most people in their right minds would never consider: he enters the most grueling and unusual contests in the world. In *The Underdog*, what begins as a means to get Tara her bathtub evolves into a charming story of courage, adventure, and just a little bit of insanity. On the heels of a fourth-place finish out of four contestants in the lightweight division of the U.S. National Armwrestling Championships, Josh gets a spot on Team USA and travels to Poland to face The Russian Ripper in the World Championships, and Tara finds herself wishing her husband would go back to data entry.
