Narrative and Consciousness Gary D. Fireman, Ted E. McVay, Owen J. Flanagan, 2003 The evocation of narrative as a way to understand the content of consciousness has sparked truly interdisciplinary work among psychologists philosophers and literary critics The research presented in this volume should appeal to the general reader and researchers enmeshed in these problems

The Autistic Stage Telory Davies Arendell, 2015-10-30 This is a book for those who have a stake in and curiosity about the relationship between autism and the stage Performance here covers theatre to therapy film to biography art and beyond If you are a theater or film critic a speech or drama therapist a higher education specialist or special education instructor a parent of a child on the autism spectrum or an individual with ASD interested in theatre this book may hold unique value for you This work is meant to cover a range of issues and reach out to audiences critics professionals and parents who want to know more about performance representations of autism One message reverberates throughout the book each autistic person illustrates different approaches to and perspectives on life We become richer each time we come to understand these new perspectives and performance powerfully enhances our understanding of them Autism Spectrum Disorders include alternative modes of processing information recording images discoursing with others and interpreting social scenes In this conversation performance can function as an analytical lens a representational space a means of perceptual innovation and a therapeutic tool The definition of autism as a disorder has evolved from its first diagnosis in the 1940s to our current frame of reference with several key revisions These three categories interaction communication and perseveration underlie any published study of those on the autism spectrum What has shifted in recent years is an approach to disability that positions autism as a social construction rather than a medical problem

Autobiography on the Spectrum Beth A. Myers, 2019-05-24 Autobiography on the Spectrum challenges prevailing notions about autism by offering a critically unconventional perspective the viewpoint of adolescents who are themselves on the spectrum Examining a year long inquiry Myers highlights the autobiographical works of the students through writing photography poetry art and more She argues that autistic youth are not being accurately depicted in current research not because they are unable to represent their own experiences but because their experiences are not always valued In contrast this book explores how autistic youth can and do represent themselves and shows educators how to create a space for the voices of these students Offering a deep look into a world that is rarely seen Autobiography on the Spectrum is a critical

I Only Say This Because I Love You Deborah Tannen, 2002-05-28 Why does talk in families so often go in circles leaving us tied up in knots In this illuminating book Deborah Tannen the linguist and bestselling author of *You Just Don't Understand* and many other books reveals why talking to family members is so often painful and problematic even when we're all adults Searching for signs of acceptance and belonging we find signs of disapproval and rejection Why do the seeds of family love so often yield a harvest of criticism and judgment In *I Only Say This Because I Love You* Tannen shows how important it is in family talk to learn to separate word meanings or messages from heart meanings or metamessages unstated but powerful meanings that come from the history of our relationships and the way things are said Presenting real conversations from people's lives Tannen reveals what is actually going on in family talk including how family conversations must balance the longing for connection with the desire for control as we struggle to be close without giving up our freedom This eye-opening book explains why grown women so often feel criticized by their mothers and why mothers feel they can't open their mouths around their grown daughters why growing up male or female or as an older or younger sibling results in different experiences of family that persist throughout our lives and much much more By helping us to understand and redefine family talk Tannen provides the tools to improve relationships with family members of every age

Like Colour to the Blind Donna Williams, 1998-11-01 In Donna's relationship with Ian a man with difficulties related to her own we watch the two of them break through their rock-solid emotional barriers and dare to defy all the rules imposed by the autistic condition of exposure anxiety Their struggle is told with Donna's characteristic humour insight and sense of fragility

Children with Disabilities in America Philip L. Safford, Elizabeth J. Safford, 2005-12-30 Images of disabled children are found throughout well-known works of literature film and even opera Their characters range from sweet to brave to tragic Disabled children are also a part of the reality of life either in personal ways or as poster girls and boys for drives and causes Behind these images is a historical presence that has been created by the societies in which these children live and have lived This work examines current knowledge about children's experience of physical cognitive and emotional behavioral impairments from the Colonial period to the present while revealing the social constructions of both disability and childhood throughout American history Just as disability has been advanced as an essential consideration in other historical inquiries such as that of gender this is a work intended to demonstrate the critical role of disability with respect to the history of childhood
