Contested Records Michael Leong, 2020-05-13 Why have so many contemporary poets turned to source material from newspapers to governmental records as inspiration for their poetry How can citational poems offer a means of social engagement Contested Records analyzes how some of the most well known twenty first century North American poets work with fraught documents Whether it s the legal paperwork detailing the murder of 132 African captives state transcriptions of the last words of death row inmates or testimony from miners and rescue workers about a fatal mine

disaster author Michael Leong reveals that much of the power of contemporary poetry rests in its potential to select adapt evaluate and extend public documentation Examining the use of documents in the works of Kenneth Goldsmith Vanessa Place Amiri Baraka Claudia Rankine M NourbeSe Philip and others Leong reveals how official records can evoke a wide range of emotions from hatred to veneration from indifference to empathy from desire to disgust He looks at techniques such as collage plagiarism re reporting and textual outsourcing and evaluates some of the most loved and reviled contemporary North American poems Ultimately Leong finds that if bureaucracy and documentation have the power to police and traumatize through the exercise of state power then so too can document based poetry function as an unofficial counterhegemonic and popular practice that authenticates marginalized experiences at the fringes of our cultural memory

Bad Men Howard Rambsy II.,2020-04-01 How have African American writers drawn on bad black men and black boys as creative touchstones for their evocative and vibrant art This is the question posed by Howard Rambsy s new book which explores bad men as a central recurring and understudied figure in African American literature and music By focusing on how various iterations of the bad black man figure serve as creative muse and inspiration for literary production Rambsy puts a wide variety of contemporary African American literary and cultural works in conversation with creativity research for the first time Employing concepts such as playfulness productivity divergent thinking and problem finding Rambsy examines the works of a wide range of writers including Elizabeth Alexander Amiri Baraka Paul Beatty Ta Nehisi Coates Tyehimba Jess Trymaine Lee Adrian Matejka Aaron McGruder Evie Shockley and Kevin Young who have drawn on notions of bad black men and boys to create innovative and challenging works in a variety of genres Through groundbreaking readings Rambsy demonstrates the fruitfulness of viewing black literary art through the lens of creativity research [The Inside Songs of](#)

[Amiri Baraka](#) Aldon Lynn Nielsen,2021-06-28 *The Inside Songs of Amiri Baraka* examines the full length of Baraka s discography as a poet recording with musicians as well as his contributions to jazz and R B beginning with his earliest studio recordings in 1965 and continuing to the last year of his life 2014 This recorded history traces his evolution from the era of Beat poetry and projective verse through the period of the Black Arts Movement and cultural nationalism and on to his commitments to third world Marxism which characterized the last decades of his life The music enfolding Baraka s recitations ranges from traditional African drumming to doo wop rhythm and blues soul and the avant garde jazz that was his great love and the subject of so much of his writing and includes both in studio sessions and live concert performances This body of work offers a rare opportunity to think about not only jazz poetry but the poet in the recording studio and the relations of text to score *Ethnic Literatures and Transnationalism* Aparajita Nanda,2014-11-13 As new comparative perspectives on race and ethnicity open up scholars are identifying and exploring fresh topics and questions in an effort to reconceptualize ethnic studies and draw attention to nation based approaches that may have previously been ignored This volume by recognizing the complexity of cultural production in both its diasporic and national contexts seeks a nuanced

Recovery and Transgression Kornelia Freitag,2015-09-04 There is no poetry without memory Recovery and Transgression Memory in American Poetry is devoted to the ways in which poetic texts shape and are shaped by personal collective and cultural memory It looks at the manifold and often transgressive techniques through which the past is recovered and repurposed in poetry T S Eliot s The Waste Land Susan Howe s THIS THAT Lyn Hejinian s Writing Is an Aid to Memory John Tranter s The Anaglyph Amiri Baraka s Somebody Blew Up America and Amy Clampitt s Nothing Stays Put are only some of the texts discussed in this volume by a group of international poetry experts They specifically focus on the effects of the cultural interaction mixture translation and hybridization of memory of in and mediated by poetry Poetic memory as becomes strikingly clear may be founded on the past but has everything to do with the cultural present of poets and readers and with their hopes and fears for the future

A Short History of Western Ideology Rolf Petri,2018-02-22 We are arguably living in a postideological era However when we tune into the TV news we can hear political leaders talk about advanced societies geopolitical experts suggest humanitarian interventions and sober events presenters qualify a murder as barbaric What does this mean In this comprehensive book Rolf Petri reveals how our everyday political language is full of ideological representations of the world and places them in an accessible historical narration From the secularization of Europe and the Enlightenment project of civilization to the contemporary preoccupation with ecological catastrophes or the end of history A Short History of Western Ideology carves out the central elements of western ideology It focuses on a wide variety of issues including religion colonialism race and gender which are essential for how we conceive of the modern world By creating an awareness of the ideological character of the western worldview its limits and its flaws this book warns us of the dangers that derive from a self righteous mindset It is stimulating and important reading for history and politics students seeking to understand the ideology of the western world

Reading as Collective Action Nicholas Hengen Fox,2017-10 Reading as Collective Action examines literature s power to reshape our world in very public and very active ways Whether through readers publicly posting poems of Shakespeare and Amiri Baraka to criticize the Bush administration forming a community reading program using Grapes of Wrath to organize support during the recent

Great Recession or taking to public transit to talk with strangers about working class literature this book challenges dominant academic modes of reading For adherents of the civic turn it suggests how we can create more politically effective forms of service learning and community engagement grounded in commitment to tactical grassroots actions from back cover
