Neimeyer,2015-09-25 Techniques of Grief Therapy Assessment and Intervention continues where the acclaimed Techniques of Grief Therapy Creative Practices for Counseling the Bereaved left off offering a whole new set of innovative approaches to grief therapy to address the needs of the bereaved This new volume includes a variety of specific and practical therapeutic techniques each conveyed in concrete detail and anchored in an illustrative case study Techniques of Grief Therapy Assessment and Intervention also features an entire new section on assessment of various challenges in coping with loss with inclusion of the actual scales and scoring keys to facilitate their use by practitioners and researchers Providing both an orientation to bereavement work and an indispensable toolkit for counseling survivors of losses of many kinds this book belongs on the shelf of both experienced clinicians and those just beginning to delve into the field of grief therapy      The Rationality of Love Hichem Naar,2022-10-03 Love has been the subject of much fascination It is indeed one of those things which elude us in many ways The long lasting disagreement over love s nature is unsurprising In light of this a piecemeal approach to love is in order Instead of asking what love is down the line we might need to investigate its various features and its connection to other things The Rationality of Love addresses the question whether love belongs paradoxically enough to the realm of reason whether love belongs to the class of responses such as belief and action that admit of norms of justification and rationality Are there normative reasons to love someone Can it be an appropriate or fitting response to an individual Can it be rational Or is love like perceptual experiences sensations and urges the sort of thing we just have and for which we cannot be

rationally criticizable Hichem Naar provides a sustained defense of the rationality of love There are reasons to love others reasons provided by the unique value of each individual This will in turn rule out popular accounts of love which deny love s rationality and vindicate those accounts that make room for it Drawing on various domains of philosophical inquiry such as the philosophy of mind the philosophy of normativity and epistemology Naar provides a careful assessment of the various positions in the debate over reasons for love and develops his own answer to the normative question about love

**The Glossa Ordinaria on Romans** ,2011-05-01 The Gloss on Romans is a collection of sources from many periods and places which accounts for its inconsistencies And this is what gives the Gloss much of its charm The twelfth century was an age of gathering sources and commentaries in theology Lombard s Sentences canon law Gratian s Decretum and biblical studies the Glossa ordinaria Education began to flourish into what would become universities where the master s role was to elucidate traditional authoritative texts And chief among these was the Bible not standing alone but with the accompanying Gloss from the introduction

**Have You Ever Loved Someone Who Didn't Love You Back?** Beverly D. Thomas,2014-03-26 Why dont you love me 7 years of tribulation The murder of Jesus Christ Take another look at God Tear down them walls I dont want you anymore The laughing mocking God Chance after Chance

*The Message of Love* Patrick Mitchel,2019-09-19 Love such a deceptively simple and popular little word It is universally agreed that we need love to live and flourish as human beings and yet within our contemporary culture there are numerous confusing competing and evolving ideas about what love is There are few greater subjects in Christian theology than love yet it is a surprisingly complex and challenging concept to understand let alone live out faithfully Patrick Mitchel s conviction is that Christians need to be thinking about and practising love in compelling and authentic ways Our task is not only to articulate what love is but also to show to the world what true Christian love looks like in practice The only thing that counts is faith expressing itself through love Gal 5 6 NIV Mitchel s exposition explores love in the Old Testament how the love of God is supremely revealed in the mission and death of Jesus Christ love in the life and teaching of Jesus and the church s calling to be a community of love He helps us to grasp afresh the breadth depth scope and radically counter cultural nature of the Bible s teaching on love With a fully integrated study guide suitable for both individuals and groups *The Message of Love* will help you to see how the Bible s unified teaching on this vital theme can impact your life today
